## How to Use this Catalog

This catalog is your guide to the courses of study, activities and opportunities at Olivet Nazarene College.

If you read through the purposes of the college in Chapter One, you will come to understand the reason for our kind of course plans, majors offered, student life policies and regulations, and personal interest to help each student who comes to Olivet to achieve the maximum potential for Christian living.

Olivet is supported by the Church of the Nazarene with close ties to the 840 congregations in Illinois, Indiana, Michigan and Wisconsin.

At the same time we are ecumenical in spirit, open to serve all who wish to have an "Education with a Christian Purpose."

This catalog contains information about the undergraduate and graduate programs, and is intended to remain in force for the period for which it is issued. However, the college reserves the right to revise information, requirements or regulations at any time. Whenever changes occur, an effort will be made to notify persons who may be affected.

The college publishes special bulletins about semester course offerings, time of classes, faculty, and other matters, prior to each term or semester. The college reserves the right to determine the number of students in each class or section. If an insufficient number of students enroll for a course, the college reserves the right to cancel the course, to change the time, or to provide a different teacher of any course in a given semester's class schedule.

The college reserves the right to drop a major or minor field for lack of sufficient enrollment of students to guarantee a class size of ten or more in upper division classes.

***Candidates for graduation are expected to meet the requirements for graduation of the catalog in force at the time of that graduation. In cases of hardship caused by curricular changes during a student's successive years of enrollment at Olivet, an appeal may be made to the Academic Standards Committee.***

A student handbook is published annually by the Dean of Students and Associated Student Government. This gives more detail about campus activities, regulations and personnel policies which are pertinent to the students enrolled that year.

## **Courses and Careers**

The courses are grouped in several divisions of study. An index of the departments is printed inside the back cover and at the beginning of Chapter 8. A chart of majors and minors offered is included in Chapter Two.

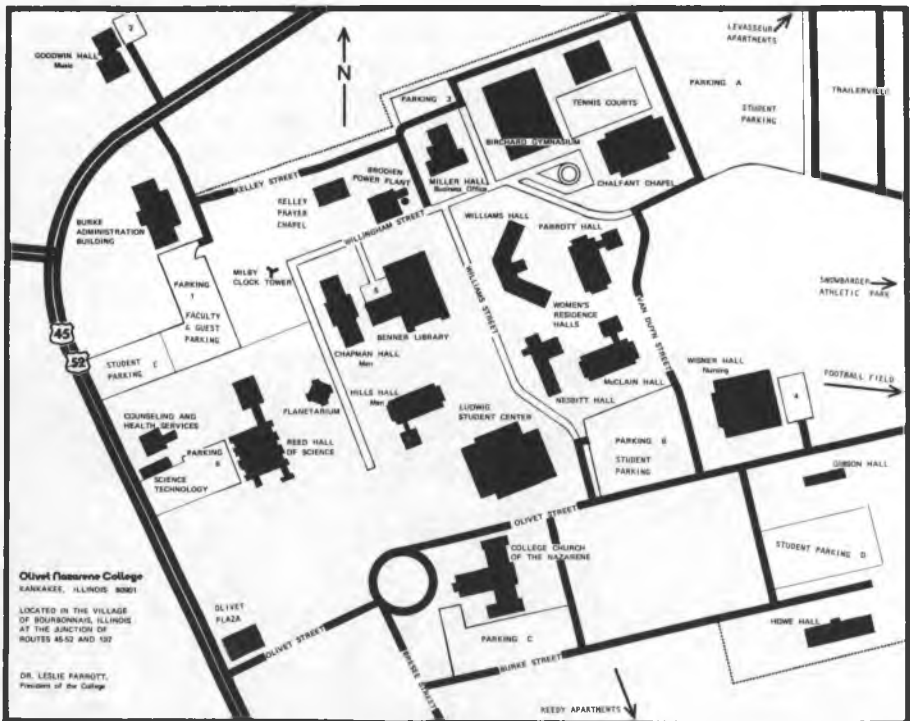

The intention of the Olivet faculty is to design each major to meet the needs and interests of students. Through the Interdisciplinary or General Studies majors, a wide variety of courses can be tailored to match an individual's career goal.

Electives from a broad range of subject matter are available, even in the General Education Requirements, which is the foundation of "liberal arts" understanding.

Some career choices, and majors to fit them, have a larger number of specific requirements. Most move from general, foundational studies to more difficult and technical levels of understanding. The usual advice to students is to take care of required courses as early as possible, conserving electives to be used later toward achieving the goals of the student for advanced study and career options.

Faculty members are listed with the department in which they teach, along with their educational background. An alphabetical listing of faculty is also given in the Index chapter.

Dr. Leslie Parrott, President of the College, 1975-

## **Education With A Christian Purpose**

“Education With A Christian Purpose” can be viewed from two standpoints. The sponsoring denomination, The Church of the Nazarene, has very definite purposes in the establishment and continuing support of colleges. In turn, Olivet has clearly set forth its “Statement of Purposes and Objectives” as an institution of higher learning.

Consistent with these purposes the college aspires to promote the development of a Christian academic community which involves students, professors, administrators, trustees, and staff employees. All members of this special community should agree that religion has a place in the total process and that, in fact, it must function to unify the entire curriculum. This community proceeds on the premise that Jesus Christ is the Way, the Truth, and the Life; that He, as the Great Example, calls each individual to the development and dedication of his talents in sacrificial service to his fellow man. It holds that all truth is God’s truth and, therefore, cannot be segmented into secular and non-secular departments. In order for the college to succeed it has a right to expect from all who seek membership in the college community a feeling of sympathy and common cause for this basic orientation.

“Education With A Christian Purpose” may also be viewed from the standpoint of the student and his objectives. Each student must find and identify a

central core of values about which to organize his life and activities. Under the counsel and guidance of more mature members of this academic community, young people are assisted in the sifting and sorting of ideas and values of the past and present.

Olivet proceeds from the assumption that her task is not complete apart from a person's salvation from sin and the complete commitment of his life to the will of God. Decisions and adjustments in this area are highly individual and personal, but the influence of the community of Christian faculty and students should be conducive to building one's value system within the evangelical Christian tradition. Students from various nations, states, and denominations have found in Olivet the kind of academic community in which they wish to undertake advanced studies.

## Statement of Faith

Olivet Nazarene College recognizes that there is a body of knowledge which is to be found in the humanities, the natural sciences, the social sciences, and theology, about the objective and subjective worlds. The data are available to Christian and non-Christian scholars alike through both the empirical and rationalistic methods. The College acknowledges this dualistic approach to knowledge as accommodating man's finiteness. In no way does a method constitute the ultimate criterion of truth; thus appeal is made to scripture, experience, reason, and tradition. Olivet endeavors to foster a discipline of scholarship based upon these methods of observing and interpreting the facts and experiences of life, culminating in an adequate understanding of God, man, and the world. Since Olivet is an evangelical liberal arts college, applied theology is the integrating factor in the educational experience.

Theologically, the College emphasizes the theistic view of God and man as interpreted in the Arminian-Wesleyan tradition. This view of man and the world acknowledges the presence of sin and depravity within human nature and its effect on his natural state and history.

As an indication of the commitment of Olivet Nazarene College to the historic Christian position, it affirms a statement of faith which defines its doctrinal convictions as follows:

1. That there is one God — the Father, Son, and Holy Spirit.
2. That the Old Testament and the New Testament Scriptures, given by plenary inspiration, contain all truth necessary to faith and Christian living.
3. That man is born with a fallen nature and is, therefore, inclined to evil, and that continually.
4. That the finally impenitent are hopelessly and eternally lost.
5. That the atonement through Jesus Christ is for the whole human race; and that whosoever repents and believes on the Lord Jesus Christ is justified and regenerated and saved from the dominion of sin.
6. That believers are to be sanctified wholly, subsequent to regeneration, through faith in the Lord Jesus Christ.
7. That the Holy Spirit bears witness to the new birth, and also to the entire sanctification of believers.
8. That our Lord will return, the dead will be raised, and the final judgment will take place.

## Statement of Objectives

Olivet Nazarene College is an institution of higher education owned and controlled by the Church of the Nazarene serving as its official college on the Central Educational Zone. In fulfilling its educational goals the College also seeks to serve those in the local region who are in sympathy and harmony with her aims and objectives. It seeks to communicate effectively the historical and cultural heritage, to provide opportunity for liberal arts education in a Christian academic community, and to lead those who are not established in the Christian faith into the experience of full salvation.

The College articulates its objectives in three distinct and clearly defined dimensions:

### General Education Dimension

To provide general educational experiences with a view to developing:

- A. A knowledge of the Bible, the revealed Word of God, as the foundation of the doctrines of the Christian faith, and the basis of moral and spiritual values by which one may discipline his life; and an acquaintance with the heritage of the Christian church;
- B. Ideals of democracy and an understanding of the institutions of modern society;
- C. Habits of constructive, critical thinking and effectiveness in oral and written communication;
- D. An understanding of the nature of science and the arts and their relation to Christian philosophy;
- E. Wholesome personal habits of living according to the laws of health and physical development, including a wise use of leisure time and active participation in a well-balanced recreational program.

### Academic-Professional Dimension

To provide opportunity for concentration in chosen areas of learning, including:

- A. An academic specialization equipping the individual for meaningful and productive living;
- B. Opportunities for basic and advanced preparation in several areas on Christian ministry, lay leadership, and churchmanship;
- C. Programs leading to further graduate or professional studies;
- D. Professional education in selected areas on the undergraduate and graduate levels;
- E. Appropriate two or three-year programs in specific areas.

### Socio-Christian Dimension

To provide a Christian academic community atmosphere which is conducive to the implementation of the motto "An Education With A Christian Purpose" through:

- A. The development of a Christ-centered character in preparation for excellence in service and citizenship;

- B. An appreciation for the historical and theological heritage of the Christian church and the development of a sense of responsibility to the fulfillment of her mission;
- C. A commitment to the ethical ideals and standards of the Bible and the Church of the Nazarene;
- D. Active participation in social and political institutions of contemporary society;
- E. The development of personal and social poise, firm convictions, and consideration for the rights and feelings of others;
- F. Learning how to relate the Christian faith to the problems of world concern.

## History of the College

In 1907 a group of devout people in Georgetown, Illinois, who desired a distinctly Christian atmosphere for the education of their children, started an elementary school. A year later, the group purchased several acres of land three miles south of the original location, and enlarged the school to include a secondary level of education. This community became known as Olivet, Illinois, and was to later share its name with the school located there. In 1909, the school added a college of liberal arts and became known as Illinois Holiness University.

The trustees of the school soon realized the wisdom of affiliating with an established denominational group whose doctrines and standards were in agreement with the founding fathers, and in 1912 gave the college to the Church of the Nazarene. A few years later the name was changed to Olivet College. By 1939 the enrollment, college and academy, was about 300 students and the physical plant consisted of five brick structures and several frame buildings on the fourteen acre campus.

In November, 1939, the administration building which housed the classrooms, library, practice room, laboratories, offices, and chapel was destroyed by fire. After careful consideration of the expansion program necessary to the future development of the rapidly growing college, the trustees purchased the present campus in Bourbonnais, Illinois. The present name, Olivet Nazarene College, was adopted at that time.

## Campus and Facilities

The campus of Olivet Nazarene College consists of one hundred fifty acres of contiguous land. The principal buildings are arranged on about fifty acres, the remainder serving as playing fields, parking, and sites for future development.

The older buildings of the campus are solid masonry construction and represent the architecture of their time. Burke Administration Building and Chapman (men's residence) Hall are of Bedford Limestone while Miller Business Center and Birchard Gymnasium are of brick, tile, and steel construction. The newer buildings, including Benner Library and Learning Resource Center, Chalfant Hall Auditorium, Williams, McClain, Nesbitt and Parrott Halls (women's residences), Hills Hall (men's residence), Reed Hall of Science, Ludwig Center, Brodien Power Plant, and Wisner Hall of Nursing are of steel, brick and stone construction with a modern functional design.

## Benner Library and Learning Resource Center

The Benner Library and Learning Resource Center was constructed in 1974-75 at a cost of more than \$2 million. It combines in one structure of 80,000 square feet on four floors both the new building and the Memorial Library which was completed in 1955.

The Library now houses over 113,000 volumes, plus some 50,000 other items (government documents, maps, audio-visual materials, records, sheet music, microfilm); receives over 900 periodicals. Many back issues of periodicals and the *New York Times* are on microfilm. As a depository, the library receives U.S. Government Documents on a selective basis. Photocopying, a microfilm reader-printer, and typewriters are available for student use for nominal fees. The music room, with an excellent collection of records and musical scores, has listening facilities including cassette tape players and stereo headphones. An audio-visual center, television studio and computer center are significant features of the new building.

## Location and Transportation Facilities

Olivet Nazarene College is located in the village of Bourbonnais north of Kankakee, Illinois, sixty miles south of Chicago. The campus is situated on highways U.S. 45 & 52, Ill. 102, and near Ill. 50 and Interstate 57. Kankakee is served by Amtrak Rail Passenger Service, Greyhound and Trailways bus lines. Mail, telegraph, and telephone connections are made by way of Kankakee, Illinois.

The population of Kankakee County is over 100,000, including 31,800 in Kankakee, 11,500 in Bradley and 12,528 in Bourbonnais.

The location gives the college many advantages. Students enrolling in Olivet Nazarene College have the opportunity of earning part of their expenses in the many factories and business places of Kankakee. the nearness of the school to Chicago lends the cultural advantages of the large city and classes make field excursions to the points of interest.

### **Design for Educational Excellence**

Olivet Nazarene College is committed to academic excellence. The college is fully accredited by the North Central Association of Colleges and Secondary Schools as a four-year bachelor's degree-granting institution. It has also been given full accreditation for its master's degree programs.

It is accredited by the National Council for the Accreditation of Teacher Education and approved by the Illinois State Department of Education as a teacher training college.

The baccalaureate degree program in Nursing is approved by the National League for Nursing, and by the Committee of Nurse Examiners of the Department of Registration and Education of the State of Illinois.

The baccalaureate degree program in Dietetics is approved by the American Dietetic Association.

Olivet is a member of the American Association of Colleges for Teacher Education, American Council on Education, Midwest Association of Graduate Schools, Associated Colleges of Illinois, the Federation of Independent Illinois Colleges and Universities and the Christian College Coalition. It is a member of

the Associated Colleges of the Chicago Area, with the privilege of selective use of the Argonne National Laboratories for research and educational purposes.

**Olivet carries on a continuous program of self-study in the belief that improvement is a continuing process.** Its faculty is competent for the duties assigned. An effort is made to bring a genuine academic challenge to every student. This is done with the conviction that the impact of Christian lives can be increased by excellence of scholarship, logical thought and effectiveness in communication. The college seeks through its curriculum, co-curricular activities, and campus citizenship to assure the priority of academic discipline and achievement.

**A genuine encounter with the traditional liberal arts is felt to be the best way to assure the development of the whole person and to give balance in making the judgments required in a world of rapid change.** Accordingly, Olivet Nazarene College offers the student a variety of opportunities for growth according to his aptitude and interests. These opportunities are presented through curriculum, co-curricular activities, field experiences, and the library. Teachers and counselors are ready to assist the student in planning his program, but the student has primary responsibility for meeting requirements for graduation, licensing, certification, and graduate school admission.

## Semester Calendar and Credit Hours

The college calendar is built on two semesters of 15 weeks and a three-week January term. The semester hour is the unit of credit at Olivet. A semester hour is equivalent to one 55-minute class period per week for a semester. It is expected that the average student will spend two hours in preparation for each period in class. In laboratory courses a two-hour period is considered the equal of one-hour recitation or lecture period. A normal semester load is fourteen to sixteen semester hours. One hundred twenty-eight semester hours are required for graduation with the bachelor's degree. A minimum of sixty-four semester hours is the requirement for the Associate of Arts degree. All programs feature the dimension of breadth and also the dimension of depth.

## General Education Basic Requirements

In order to provide the student with a broad base of experience and knowledge in the various fields of human activity and to carry out the general aims of Christian education as outlined in the institutional objectives, special courses have been developed to meet the needs of students in all degree curricula. In certain fields of study the student is required to select from among several courses according to his interest or plans for future study.

Courses numbered in the 100's and 200's should normally be completed during the freshman or sophomore years. General education courses numbered 300 or above will be completed during the last two years of study. See Classification, Chapter 6. Students planning a program of teacher education should consult special instructions related to general education, *Catalog*, Chapter 7.

A student continuing study of a foreign language which he had studied in high school may accelerate toward the completion of the requirement depending upon the high school record in that language and upon the results of a college placement examination. Students with demonstrable oral and written competence in a second language may be permitted to waive the language requirement for graduation upon petition.

## Associate of Arts Degree Requirements

**Associate of Arts degree specializations** are offered for Dietetic Technician, Teacher Aide, Science Technology, Secretarial Science and Social Welfare. These programs can be completed in two years and the credits may apply toward the requirements for a bachelor's degree.

**For the Associate of Arts degree the general education requirements are:**

	Credit Hours
<b>Group I — Biblical Literature and Theology .....</b>	<b>5</b>

<b>Group VI — Service Courses .....</b>	<b>8</b>
<b>Total.....</b>	<b>28-29</b>

The Associate of Arts degree is awarded upon completion of the specific requirements of each curriculum and upon recommendation of the faculty. The following general requirements apply:

1. A minimum of 64 semester hours of credit;
2. A minimum grade point average of 2.0 ("C");
3. Completion of the General Education requirements of 28-29 hours;
4. Completion of the specialization, including supporting courses as approved by the department.
5. The student must file an application for the degree six months prior to the expected date of graduation.

## Specialization for Bachelor's Degree Programs

Before admission to junior standing the student will choose an area of specialization as his **major field of study**. By this means the student will be enabled to examine more intensely a specific field of study and thus to gain depth and a degree of competence in using and communicating this knowledge.

The college reserves the right to drop a major or minor field for lack of sufficient enrollment to guarantee a class size of ten or more in upper division courses of that field.

There are certain instances where particular combinations of majors and minors, or requirements for certification for positions of employment for graduates, may require a student to complete more than 128 semester hours.

If a student begins one specialization or major, and then changes to another, the college cannot guarantee that he will graduate without exceeding the number of 128 hours or eight semesters of work stated as the minimum requirement for graduation.

The following chart indicates the fields in which Olivet offers programs of study. The degree or degrees to which each program leads is shown in the columns headed "major." An "x" in the minors columns indicates that a minor is offered in the field. Columns headed "Teacher Education" indicate which fields offer a teaching major or minor; — those headed "Non-Teaching" indicate those which offer only a non-teaching major or minor.

The Illinois Office of Education gave full approval to all our Teacher Education programs in its regular five year periodic review on January 17, 1975.

## General Studies Interdisciplinary Major

Most students will find a concentration of work in the departmental or divisional major adequate to their needs at the under-graduate level. For some, **the General Studies major will provide the opportunity to select from several departments courses that will contribute to their life goals.**

This major is ideal for a student whose interests lie in related fields such as art, music and literature or psychology, physical education and Christian education. It also accommodates those preparing for law or medical schools. In effect it is a functional major.

This major will consist in not less than sixty semester hours of courses related to the student's declared life objective selected from more than one division of the college. Normally, this declaration is made in connection with Application for Junior Standing at the end of the sophomore year. Application for candidacy for the degree in General Studies *must* be made to the Dean of the College at least two semesters before graduation. The applicant will present in writing a full statement of his vocational purpose and his reasons for believing that such a degree program will best meet his individual needs.

Upon receipt of the application the Dean shall appoint a committee whose function it will be to accept or reject the application, to develop a plan of studies, and to determine the degree to be awarded. Once the student has been accepted as a candidate for this major he must work very closely with his committee and may not register for, nor withdraw from, any course without prior advice and approval from the committee.

## Preparation for Graduate Study, and Pre-Professional Study Programs

While Olivet Nazarene College does not offer majors in the following specific disciplines, it has developed degree programs which adequately prepare students for graduate and professional study in these fields. Detailed programs outlining the preparation available at Olivet may be obtained by writing to the Director of Admissions or to the Chairman of the appropriate department.

**Fields for which Olivet offers pre-professional preparation include: Counseling Psychology, Engineering, Law, Medicine, Physical Therapy, and Social Work.**

The student planning to pursue one of the pre-professional curricula is advised to ask the Registrar for assignment to the appropriate pre-professional adviser. He is also advised to acquaint himself with the requirements for admission to the professional school in which he plans to study after completing his work at Olivet.

## Requirements for Graduation — Bachelor's Degree

Baccalaureate degrees offered by the College are awarded upon completion of the appropriate curriculum and upon recommendation of the faculty. The

following general requirements apply to Bachelor of Arts, Bachelor of Science, and Bachelor of Theology degrees:

1. A minimum of 128 semester hours of credit;
2. A minimum grade point average of 2.0 ("C");
3. A minimum of 40 hours of credit in upper division courses (courses numbered 300 or above);
4. Completion of the General Education studies of 53-58 hours;
5. Completion of a major program of study as specified by the division or department in which the major is taken or the major in General Studies described above;
6. Completion of supporting courses as specified by the major department;
7. The student taking the Bachelor of Arts degree must offer foreign language under the Group V general education requirement. This requirement may be satisfied by offering credit in the intermediate level of the language.
8. The student must file an application for the degree six months prior to the expected date of graduation.
9. Students may participate in commencement as August graduates only if they are within 12 hours of graduation by the end of the spring semester, and have filed a plan of studies with the registrar by April 1.

## **Ministerial Training for the Older Student**

For those men who have felt their call to the ministry later in life and who are not able to take the full degree program, Olivet Nazarene College offers the Ministerial Certificate Program.

This program is described in the *Catalog* under the Division of Religion and Philosophy.

## **Graduate Studies**

The Master of Arts degree is offered with majors in Biblical Literature and Theology. The Master of Arts in Education degree is offered with majors in Elementary Education and Secondary Education. These programs are described in Chapter 9 of this *Catalog*.

Student life is the principal concern of Grover Brooks, Associate Dean of Students, and Rev. Ted R. Lee, Dean of Students.

### 3

## Student Life

Under the direction of the Dean of Students, a concerted effort is made to encourage the development of the whole person. Through numerous organized activities, an extensive system of counseling and guidance, a supportive residence hall program, and a well developed system of student government, each student is encouraged to develop his full potential as a well integrated person.

### Counseling Services

Olivet provides an effective counseling program which is designed to make capable and mature advisers available to students. Each entering freshman is assigned to a faculty member who serves as his academic adviser until he has chosen his major, at which time he will be assigned to his major academic adviser.

Besides the assigned adviser the student is encouraged to call upon all of the counseling services on the campus including the Dean of Students, the Associate Dean of Students, the Director of Student Activities, Registrar, Career Center Director, counselors-at-large, resident directors, student resident assistants, the administrative personnel of the college, faculty, and all area pastors.

## Freshman Orientation

Olivet Nazarene College seeks to assist in every way possible in orienting its students to the academic, social and religious life of the college. Hence, the orientation program consists of a variety of activities including testing, student-parent orientation sessions, and other transitional activities especially designed to assist the student in launching a successful college career. It is a part of the broader freshman advising program in which all freshmen participate.

A special orientation program for incoming freshmen is sponsored by the college at three times during the summer months prior to the opening of school. At this time each freshman will visit the campus with his parents, participate in the pre-registration testing program, be pre-registered for the first semester of academic work, and make his housing selection. Also, at this time, orientation sessions will be held with the parents to acquaint them with the college program.

The total orientation program is co-ordinated with the freshman advising program of the institution and is under the direction of the Assistant Dean of Instruction.

## Resident Campus Philosophy

The administration of regulations regarding student conduct is one of the responsibilities of the Dean of Students. Resident students are immediately responsible to the Resident Directors of the various residence halls. These persons are responsible to the President of the college through the Dean of Students and his staff for personal guidance to all students. Non-resident students are urged to seek the advice and counsel of the counselors-at-large, the Dean of Students, the Associate Dean of Students, and the Director of Student Activities.

Policies and practices of conduct are formulated with the development of spiritual and scholastic attainments in mind. The college reserves the right to request withdrawal on the part of any student who manifests an inability or disinclination to conform to the policies.

Students are expected to observe the policies of conduct and have agreed to do so by making initial application for admission as a student. Policies of the college are in effect as long as a student is enrolled, both on campus and off, and during vacation periods. Failure to keep this commitment may result in a variety of disciplinary actions, including suspension from college. The policies of conduct are as follows:

1. All students are encouraged and expected to be faithful in their attendance at the services of the church and are urged to support its total program.
2. Students must abstain from the use of coarse or obscene language, profanity, tobacco, alcoholic liquors, narcotics, all forms of hallucinogenic drugs and gambling, immoral conduct, including sexual promiscuity, as well as various other forms of personal dishonesty.
3. Students will refrain from all forms of hazing and/or conduct which is destructive or that disrupts the normal campus activities.
4. Students must refrain from attending the commercial motion picture theater, dances, discos, night clubs, taverns, and similar forms of entertainment.

5. The possession of firearms or the possession or use of explosives of any kind is forbidden.
6. Normally it is undesirable for students to be married during the academic school year. Under certain circumstances, permission may be granted by the Dean of Students for students to marry during the regular student vacation periods and between semesters. In such cases it is necessary for the student to secure the counsel of the Dean of Students of the college at least 30 days prior to the date of the marriage.
7. The following is a statement for guidance in the matters of dress: Olivet Nazarene College has traditionally sought Christian simplicity, modesty, and propriety in dress and appearance. (See Student Handbook.) This is in harmony with the Bible and the Manual of the Church of the Nazarene. All students are expected to comply with the spirit as well as the letter of the General Rules of the Church of the Nazarene in these matters.
8. Non-married students under the age of 23 who are enrolled for six hours or more per semester are required to live in college residence halls and participate in the board plan. Students enrolled for five or fewer hours or who are 23 years of age or older and who desire to live in college residence halls may do so subject to permission from the Associate Dean of Students.

Non-married students in summer school under the age of 23 and enrolled for a total of five hours (including Sessions I, II and III) are required to live in college residence halls while enrolled and participate in the board plan.

Married and previously married students are not permitted to live in the residence halls.

9. All over-night or extended campus leaves are subject to the Associate Dean of Students. Freshmen students are urged to limit their week-end passes to one per month.
10. Arrangements for single students living off the campus must be approved by the Associate Dean of Students.
11. Students who room at private residences off campus are under the same policies as students who room in the residence halls.
12. Students are expected to observe all rules and regulations governing the various residence halls. (See Student Handbook.)
13. The school has the authority to formulate reasonable rules at any time in keeping with the standards and purposes of the institution.

## Student Government and Organizations

The governing unit of the Associated Students of Olivet Nazarene College is the Student Council. This body is responsible, along with the college administrative officers, to foster wholesome social and religious activities on the campus. Under its jurisdiction the various academic and social clubs carry out these various activities. These clubs include: Business Club, Home Economics Club, Honor Society, Association of International Students, Music Educators, Pre-Med Club, Philosophical Society, Psychology Club, Sigma Tau Delta (English Club), Nurses Christian Fellowship, "O" Club, Association of Physics and Engineering Students, Kappa Delta Pi (National Education Honor Society), Phi Alpha Theta (History Club), Young Republicans Club, Young Democrats Club, Drama Club, Debate, Circle K, Ministerial Fellowship, and Scuba Club.

**Publications** — The students at Olivet sponsor two publications: the *Aurora*, the college annual; and the *Glimmerglass*, the college newspaper. These publications provide a channel for literary and artistic expression and add greatly to the campus environment. In addition to these the *Olivet Collegian*, a monthly newspaper, is published by the college administration to communicate with students, parents, alumni, prospective students, and friends of the college.

**Residence Associations** — The Women's Residence and the Men's Residence Associations are designed to assist in meeting the various needs of students in residence. They endeavor to foster Christian fellowship, promote the fundamentals of etiquette, and carry on a continuous program of dormitory life improvement. Among some of the activities sponsored by these organizations are: parent weekend, coronation of homecoming queen, prayer meetings, open house, spiritual counseling, basketball tournaments, and various inter-dorm activities. The W.R.A. and M.R.A. Councils consist of an elected president and representatives from each of the four academic classes. Membership is voluntary and open to all students living in residence halls.

**Religious Organizations** — The student council sponsors several religious organizations for the purpose of fostering a vital spiritual life on the campus and providing opportunities for Christian service.

The Spiritual Life Committee assumes responsibility for two on-campus programs, namely, Campus Ministries, which meets informally for Christian worship and fellowship; and Aware which is designed to maintain a missionary emphasis among the students and provide fellowship for students preparing for the mission field.

Spiritual Life also directs three off-campus ministries which include: Gospel Crusaders (GC's), Media Ministries, and Evangels. These organizations are responsible for the off-campus ministries of the students involving services and witnessing programs in the churches on the educational zone, and ministry in the local Kankakee area through service organizations and rest homes. Every student is invited to participate in Spiritual Life activities with on-campus or off-campus interests.

**Musical Organizations** — The Department of Music provides students with various opportunities for musical expression through its choral and instrumental organizations. Those groups are: Brass Choir, Choral Union, College Orchestra, Concert Band, Concert Singers, Handbell Choir, Marching Band, Orpheus Choir, Treble Clef Choir and Viking Male Chorus. These ensembles, together with College-sponsored quartets and trios, provide vitally important performance experience and represent Olivet locally and on the educational zone.

**Intercollegiate Athletics** — Olivet is a member of the Northern Illinois Intercollegiate Conference and the National Association of Intercollegiate Athletics and participates in intercollegiate athletic competition. Team sports for men include football, basketball, soccer, and baseball. Individual sports include track, tennis, and wrestling. women's intercollegiate participation includes basketball, softball, volleyball, and tennis.

Intercollegiate athletics is considered an integral part of the total educational program of the college. Students who participate must be registered for a minimum of 12 hours and must meet all the eligibility requirements set forth by the college and the N.A.I.A. Through Christian athletics the students find unique opportunities for witnessing for Christ.

**Intramural Athletics** — Olivet Nazarene College sponsors a well balanced program of intramural athletics for men and women.

The intramural program is under the direction of the Department of Physical Education.

The activities are carried out on a competitive basis. Students are selected by a drafting process conducted at the beginning of each school year. Students participating in the various events can earn points both for participation and for placing. The Senior Intramural Award is given to two senior men and two senior women. They are chosen by the Physical Education department.

Birchard Field House includes an indoor track and swimming pool in addition to the basketball and volleyball courts. Outdoor ball diamonds, tennis courts, and the track and field facilities add to the interest and effectiveness of the athletic program.

## Chapel

The chapel service at Olivet is considered a vital part of the program of the college. It is the one activity in which the entire college personnel — faculty members and students — participate.

Our chapel speakers feature nationally and internationally known speakers and singers. Some speakers in recent semesters include Dr. Samuel Young, Ann Kiemel, Joni Eareckson, Jim Bohi, Bill and Gloria Gaither, Dr. Earl Lee, Bob Benson, Dean Wilder, Dr. Ponder Gilliland, Dr. T. W. Willingham, Dr. and Mrs. G. B. Williamson, Dr. Robert Wilfong, Dr. Gerald Decker, Mr. P. J. Zondervan, Mrs. Wanda Knox, Dr. C. William Fisher, Richard Schubert, Jay Kessler.

The chapel hour has created an environment of spiritual enrichment and growth. The services are usually held Tuesday, Wednesday and Thursday mornings from 9:45 to 10:25. See the section of Academic Regulations for attendance requirements.

## Lecture and Culture Series

Olivet has many distinguished guest speakers and groups throughout the school year sponsored by several lecture series and the Culture Series. These programs are open to students, faculty and staff and the community.

**The Artist Series** is funded in part through student activity fees and in part by admission fees. These programs have included eminent speakers like Dr. E. Stanley Jones, Dr. Wernher Von Braun, Coach John Wooden; musical groups including the United States Navy Band, the Walden String Quartet, the Roger Wagner Chorale, plus other programs of discussion, films, music and drama such as the National Marionette Group.

**The S.S. White Lectures** on Christian Holiness has brought to the campus men like Dr. William Greathouse and Dr. Albert Lown.

**The Staley Distinguished Christian Scholar Series** has been given by Dr. Carl F. H. Henry, Dr. Oswald Hoffman, Dr. T. W. Willingham and Dr. Stanley D. Walters. It is sponsored by the Staley Foundation.

**The Faith of Our Fathers Lecture Series** has included Dr. Donald Metz, Mrs. Wanda Knox and Dr. Howard Hamlin. It is sponsored by Rev. Louis McMahon.

**The Dickerson Chapel Series** is sponsored each year by Rev. and Mrs. Harry W. Dickerson. Speakers have included Dr. Earl Lee and Mr. Bob Benson.

## Motor Vehicles

All motor vehicles owned or operated by students must carry an official college vehicle permit. All students must register their vehicles upon application with the Traffic and Security Department at the time of registration or within 48 hours after securing a vehicle. Failure to register a vehicle according to these regulations may result in a fine and denial of permit for the remainder of the semester. Single students living under college supervision, either in a college residence or in college approved private homes, are advised not to maintain vehicles for personal use while enrolled at Olivet.

It is within the discretion of the college administration to disqualify any applicant or revoke a permit by reason of any one or all four of the following: (1) academic deficiency, being interpreted as falling below a grade point average of 1.75 in any grade period; (2) financial incapacity, or the inability to satisfactorily discharge financial obligations while enrolled as a student; (3) social infractions, particularly those involving the use of vehicles; and (4) excessive traffic violations. A vehicle permit may be revoked at any time by the Traffic and Security Committee if it is considered that the student is misusing his vehicle privilege. A copy of Olivet's vehicle traffic and parking regulations is available to each student from the Traffic and Security office.

Vehicles used for student transportation shall be fully covered by liability and property damage insurance at all times.

Bill and Gloria Gaither were welcomed to Olivet by Dr. and Mrs. Parrott. The Gaither Trio gave a benefit concert for the Larsen Fine Arts Center.

These four men work throughout the year assisting students in enrolling at Olivet through their functions in the Admissions Office: Rev. Roy F. Quanstrom, Rev. Ken Southerland, Rev. John Mongerson, and Mr. Mark Murphy.

# Admissions Policies and Procedures

Olivet Nazarene College desires to enroll students who are genuinely interested in an "Education with a Christian Purpose." We believe that Jesus Christ should be the foundation and center of every individual's life. As a life can never be complete except if it finds fulfillment in Jesus Christ, neither is knowledge complete except if it is related to eternal values. The influence at Olivet is intended to be profitable as well as conducive to the highest standards of living.

Admission is based on the composite picture afforded by the student's transcripts, test scores, personal recommendations from pastors and friends, and the student's statement of interests. The Admissions Board is responsible for final action on each application.

**Olivet admits students of any race, creed, handicap, sex, national and ethnic origin to all the rights, privileges and activities generally accorded or made available to students at the college. It does not discriminate on the basis of race, color, creed, handicap, sex, or national and ethnic origin in administration of its educational, admissions, financial aid policies, scholarship and loan programs, athletic and other college administered programs.**

## **Interviews And Campus Visit**

Students who are considering Olivet Nazarene College are encouraged to visit the campus to meet admissions counselors, faculty and students. While a personal interview is not required, it may be very helpful in creating a college program and career plan for the student.

Visits to the campus are especially valuable on days when classes are in session. Special days are held in October, April and May for larger group tours and conferences.

Individuals, families and church groups who desire a special visit to the college are invited to write or phone the Admissions Office for advance arrangements and appointments.

Counselors from the Admissions Office are available for assistance in campus visits, church and home interviews, informational programs in churches, personal correspondence and phone consultation about admission to Olivet.

## **Two Aspects of Admission To Olivet**

Admission to Olivet Nazarene College involves both academic achievement and a commitment to a lifestyle consistent with the objectives and values of Olivet.

In signing the application for admission, a person agrees to abide by the ethical and moral principles of the college as well as to apply himself to the task of learning and mental development.

## **Personal Preparation for Admission**

Olivet Nazarene College is concerned about the development of the whole person. The atmosphere prevalent on the campus is conducive for Christian growth and maturity.

It should be considered a privilege to become an "Olivetian." All students are expected to reflect a lifestyle that is exemplary of Olivet ideals.

As a community of students, teachers and administrators, the personnel of the college are interdependent for successful intellectual, social and spiritual growth.

The person who is accepted as a student at Olivet understands the purpose and philosophies of the college, and agrees to adhere to the rules of conduct in signing the application for admission. Policies and practices of conduct are outlined in Chapter Three of this catalog, in the application for admission, and the Student Handbook.

## **High School Preparation**

The student expecting to enroll at Olivet should concentrate on a college preparatory program in high school. A student with a good background in English and literature, mathematics, natural science and social science should be able to learn effectively and succeed in college studies.

The student must have a minimum of fifteen units of academic work at an accredited high school in grades nine through twelve, with a grade average of "C" or above in college preparatory subjects. The student must rank in the upper three-fourths of the graduating class.

The high school work shall include a major (three units) in English, and additional major and one minor in fields of Foreign Language, Mathematics, Natural Science or Social Science. A major is three units of work, a minor is two units.

In certain cases where the applicant ranks in the upper half of the high school graduating class, specific major and minor requirements may be waived.

Subjects acceptable in these fields include:

**English:** history and appreciation of literature, composition and grammar, oral composition when given as part of a basic English course.

**Foreign Language:** a major is three units, two of which must be in the same language; a minor is two units in the same language.

**Mathematics:** algebra; plane, solid and spherical geometry; trigonometry; and advanced mathematics (calculus). General mathematics may be accepted if the content of the course is essentially the same as algebra and geometry.

**Natural Science:** biology, botany, zoology, chemistry, physics, general science, physiology, astronomy and geology. The major must include at least two units chosen from biology, botany, zoology, chemistry or physics. The minor must have at least one unit from the same subjects.

**Social Science:** history, civics, economics, commercial or economic geography, sociology. The major must have at least one unit of history.

A student with academic deficiencies may be required to take remedial courses in reading and English. The Basic Instructional Guidance program (BIG) or the General Educational Development examination (GED) offer alternative methods of admission to college.

## Admission Tests

The American College Test (ACT) is required of all students before final admission as freshmen. It is recommended that the test be taken in the senior year or the last semester of the junior year in high school. Information about testing locations and dates may be obtained from the high school guidance office. Olivet's ACT code number is 1112. When the test is taken, request should be made that the scores be sent to Olivet Nazarene College.

If the test was taken previously, and the scores were not sent to Olivet, write ACT in Iowa City, Iowa with the request for scores to be sent to Olivet. Notation of the scores on the high school transcript is not sufficient. The ACT is also given at Olivet during the summer during freshman orientations for students unable to take the test in their home area.

If a student has a low grade average in high school, then the ACT results are used to consider the chance of success in college.

## General Educational Development Examination (GED)

Mature persons above high school age (19 and over) who have not completed high school but who have had other opportunities to develop educationally may be academically qualified for admission to Olivet by the successful completion of

the General Educational Development examination. Information on testing locations and dates may be obtained from the Admissions office and most high schools.

## **Basic Instructional Guidance Program (BIG)**

Some applicants who completed high school, but whose prior academic achievement is poor, may be admitted provisionally through the Basic Instructional Guidance Program if other information in recommendations and personal statements indicate serious purpose and a desire to succeed.

Students with less than a “C” average in the college preparatory subjects whose deficiencies are confirmed by a weak score on the ACT (American College Test) are required to participate in the Basic Instructional Guidance program before even provisional admission to the college is granted.

This is a three-week program offered prior to the beginning of each semester. By the improvement of study skills, thorough orientation to college, and special counseling, the student is given assistance to remove the deficiencies and to correct the patterns of previous attempts at academic work.

Judgments as to the quality of the work in the BIG program are made by the Director and the faculty of that program on each student. Campus citizenship and character will be judged by the Dean of Students.

Upon full participation and successful completion of the BIG program, the student is admitted to college. Two semester hours of credit for GS 101 will be entered on the transcript of the student after successful completion of a semester of college work at Olivet.

Doubtful cases will be decided by the Admissions Board. If the student does not complete this course satisfactorily, admission to the college will be denied.

## **Transfer Students Admission**

Students with previous college work in other accredited colleges may seek admission to advanced standing at Olivet. The regular admissions process is to be completed. Attendance at all other post-secondary institutions must all be reported, and official transcripts of all this previous college work attempted must be sent, on the request of the student, directly from the college or university to Olivet.

Advanced standing will be determined from these credentials, subject to these conditions:

1. An endorsement of good standing from the institution last attended. Students on either academic or disciplinary probation are not accepted at Olivet Nazarene College.
2. Students must show a grade average of “C” or above. Any course with a grade of D or F will not be accepted as transfer credit, but will be calculated in the grade average. The cumulative grade point average will be considered in determining admission. Students with a cumulative GPA below “C” may be denied admission or admitted under probationary status as defined under “Academic Regulations.”
3. A maximum of 68 semester hours will be accepted from junior colleges as transfer credit at Olivet.

4. Courses accepted for transfer must be comparable to those taught at Olivet in meeting requirements for General Education, majors and minors, and course prerequisites.

## Unclassified Students

Guest students admitted to a degree program in another institution may enroll in Olivet Nazarene College by presenting a letter of authorization from the Dean or Registrar of the other college, along with an application for admission.

Special students may enroll in courses not leading to degrees at Olivet Nazarene College by showing evidence of their ability to profit from the course.

Guest and Special Students must indicate their acceptance of the ideals of the college in signing the application for admission. See the section on “Unclassified Students” in the chapter on **Academic Regulations**.

## Readmission

A student whose enrollment has been interrupted for one regular semester or more at Olivet Nazarene College must be approved for readmission before registering for courses again. An Application for Readmission form may be obtained from the Admissions Office and filed there with the requested recommendations.

If the student has registered at another college since attending Olivet, a transcript for that work must be sent from that institution to the Admissions Office.

Not enrolling in a summer term or January term is not considered an interruption of studies which necessitates readmission.

## Admissions Procedures for Freshmen

1. Complete the Application for Admission secured from the Admissions Office. Detailed instructions are included on the form. This may be filed in the senior year, or in the last semester of the junior year.
2. Request that the high school send a transcript of at least six semesters of work to Olivet Nazarene College, along with a recommendation from the guidance office or principal. A form is included in the admissions packet to be given to the high school. Request must also be made that the high school send the final transcript after the student has graduated from high school.
3. The student should request a pastor and a friend send the ONC recommendation forms directly to the Admissions Office.
4. Arrange with the high school guidance office to take the American College Test (ACT) when convenient. This is usually in the spring of the junior year or during the senior year. ACT has at least five national testing dates at area centers.

Scores from the Scholastic Aptitude Test (SAT) may be considered toward your admission, but the ACT must be taken at some time before enrollment.

5. Send the housing deposit of \$30.00 with the application for admission if the student will be living in college residence halls. See the chapter on Student Life for residence hall living requirements. Campus housing cannot be assigned until this deposit is submitted and the student is accepted for admission. It is refundable up to 30 days prior to the start of a semester in case the student does not enroll. Rooms are assigned by the Associate Dean of Students.
6. Apply for financial aid, if needed, as early as possible in the year of enrolling in college. The Financial Aid Form (FAF) is generally available in November or December for the following school year. See the chapter on Finances and Financial Aid for more details.
7. Upon receipt of the completed application, transcripts, and recommendation forms, action will be taken by the Admissions Office. Notification of acceptance, contingent upon actual graduation from high school and receipt of the final transcript, will be sent to the student by mail as soon as possible.
8. With notification of admission, a health questionnaire will be sent for completion. This must be filed with the college before registering for classes. It is kept in the college health office for reference by the college nurse and physician if needed.
9. A small personal photograph will be needed for the admissions file. The usual high school senior portraits (wallet size) are commonly sent.
10. New students and their parents are invited to the campus for a brief orientation period during the summer preceding the first enrollment in Olivet, or at the beginning of the spring semester. These sessions provide a more extensive introduction to the college, and opportunity to select courses and housing. Invitations will be sent by the Admissions Office to accepted students who have completed all the above steps in the admissions process. The earliest accepted students are invited to the first orientation. The orientation includes some additional diagnostic testing. Freshmen are admitted to classes only after completing the freshman testing and orientation program.
11. The final date for filing an application for admission and transcript is: August 1 for the Fall or First Semester, January 1 for the Spring or Second Semester, and June 1 for the Summer Session.

## **Admissions Process for Transfer Students**

The same basic steps are involved for transfer students as for new freshmen, except that the high school transcript need not be sent. Transcripts of all other college work must be sent to Olivet for evaluation of transfer credit. Scores of the American College Test are desirable, but not required of transfer students.

Students who have completed only one or two courses at another college are considered new freshmen at Olivet, and not as transfer students.

## Waivers and Advanced Placement by Examination

**The College Level Examination Program (CLEP)** may be used to establish credit and advanced standing for students who have attended nonaccredited colleges or institutes. It may be used to establish up to 30 hours of General Education credit. Incoming freshmen ranking in the upper ten percent of their graduating class and in the upper decile on their ACT composite score may take the CLEP to establish advanced standing and credit up to 30 hours.

Credit in the above cases will be granted only on scores of 500 and above on the English test, and 50 and above on each of the other tests. Credit validated by use of the CLEP does not apply toward a major or minor unless so specified by that department. The student will be billed a \$10 fee per hour for such credit. In all cases, full academic credit for such work will not be granted until the student has completed successfully at least one semester on work at Olivet Nazarene College. Waiver of required freshman courses will allow more electives for the student who has done superior work in high school.

The CLEP tests can be used to substitute for these equivalent courses at Olivet:

<b>CLEP</b>	<b>Credits</b>	<b>ONC Course</b>
English Composition	6 hours	English 103, 104
Natural Science		
Biological	3 hours	Biology 101
Physical	3 hours	Natural Science 102
Mathematics		
Skills	3 hours	Mathematics 101
Content	3 hours	Mathematics 112
Humanities		
Fine Arts	3 hours	Fine Arts 101
Literature	3 hours	English 109, 110, or 111
Social Science		
Social Science	3 hours	Sociology 121
History	3 hours	History 101

A student must receive credit in both biological and physical science in order for Olivet's "laboratory science" requirement to be satisfied. Mathematics credits do not satisfy the General Education requirement for "additional science."

CLEP credit does not apply toward the international understanding general education requirement.

Students accepting credit in any of the CLEP tests should not take equivalent courses at Olivet or elsewhere, since credit cannot be given twice for the same courses.

Nursing, mathematics or science majors may be required to actually take the science and mathematics courses rather than accept CLEP credit. Consult with academic adviser or registrar before accepting the CLEP credit.

Mr. Doug Perry, Director of the Budget, and Mr. Charles L. Beatty, Business Manager, supervise all the business transactions of the college. The annual operating budget is \$9.3 million.

## Financial Information

The education costs for Olivet are among the lowest for mid-western colleges, and are made possible by generous support from the Nazarene districts which comprise Olivet's educational zone.

Olivet's business office, financial aid and admissions counselors are prepared to aid students and parents in planning to meet the cost of their educational experience. Several plans or "packages" of financial aid are available to fit individual needs through a combination of payment plans, scholarships, grants, loans and employment.

## **Financing the College**

Olivet Nazarene College is an independent liberal arts college related to the Church of the Nazarene. The 840 congregations in Illinois, Indiana, Michigan and Wisconsin have individual educational budgets which are paid annually to the college. Last year, funds received from these church budgets came to more than 1 million dollars.

Gifts from many other alumni, friends, businesses, and foundations enable the college to offer its high quality education at a tuition charge well below other independent liberal arts colleges in the area. A large number of corporate and foundation gifts are received each year, both in direct gifts and through matching gift programs with company employees.

Tuition, room, board, and fees from students make up a large portion of the operating budget of the college, unlike the state universities and community colleges which receive the major portion of operating funds from tax revenues.

### **Current Cash Gifts and Securities**

Many friends of the college make cash gifts to the college throughout the year. Some gifts are for specific purposes, while others are for general needs. Gifts of securities and properties which have significantly increased in value are not only an asset to the college, but may also be beneficial for the donor in consideration of capital gains and income tax obligations.

All gifts to Olivet Nazarene College are eligible for consideration as income tax deductions.

### **Scholarship Gifts**

Gifts for student scholarships may be made in two ways. 1. Gifts for scholarships may be used directly for student aid during the school year. 2. A capital fund is maintained through the Olivet Foundation, invested so that only the earnings of the gifts are awarded in scholarships each year. Gifts of \$2,000 or more may be designated as a scholarship fund named in honor or memory of the donor or a selected individual.

Recipients of these scholarships are determined by the college Scholarship and Financial Aid Committee.

### **ONC Fellows Program**

The ONC Fellows program was begun in 1977 to help provide money for the unfunded honor scholarships. An ONC Fellow is a person who has made a commitment of \$1,000 to the college. There is an annual dinner for the ONC Fellows, and a monthly news letter from the president. The counsel and help of these persons is esteemed highly.

## Bequests, Gift Annuities and Life Income Agreements

The ONC foundation has a number of programs designed to assist people who wish to invest a portion of their life savings in education at Olivet. The Director of Development or Business Manager of the college is prepared to give suggestions and counsel, together with a donor's attorney.

## General Expenses

**The following is an itemized estimate of the cost of a regular course for one semester:**

1. Registration Fee ..... \$10.00

## Methods of Payment

1. All charges are due and payable at the time of Registration at the beginning of each semester or term. Checks should be made payable to Olivet Nazarene College. It is helpful if the student's name and ONC ID number is written on the check.

2. Acceptable methods of payment are as follows:

A. Payment in full.

B. 50% down at registration, 25% within 30 days and the balance within 60 days following registration. Interest will be charged according to No. 4 below.

C. 30% down at registration, 30% within 30 days and the balance within 60 days following registration. Interest will be charged according to No. 4 below.

D. For students and parents desiring to pay educational expenses in monthly installments, a low cost deferred payment program is available through Educational Funds, Inc. This plan of payment begins July 1. For information, write EFI, Suite 3200, Prudential Plaza, Chicago, Illinois 60601.

E. We accept Visa (Bank Americard).

Where financial aid has been awarded, the percentage of down payment and payment of balance is calculated after deducting such awards.

An itemized statement will be sent to the student's campus mailbox, or parent, as specified by the student on a printed form at the time of registration.

3. Any financial arrangements between the college and its students will be binding only if such agreement is in printed or written form. Any arrangements concerning finances should be made with the Bursar.

4. A 1% interest charge is added each month to the balance at the beginning of the month, less any payments during the month. Interest is normally charged on the last business day of the month. Because of scheduling problems, however, the charge may sometimes be made one or two days earlier. To avoid an interest charge for a particular month, payments should be received by the Bursar's Office by the 27th of that month.

No degree will be conferred or credits transferred until all accounts are paid in full.

Any student who has become delinquent through failure to make payment or proper arrangements may be disenrolled until such matters are satisfactorily taken care of with the Bursar's Office.

All purchases in the Book store are to be cash or check. We accept Visa (Bank Americard).

5. For further information concerning payment of student accounts, contact the Bursar's Office in Miller Business Center, 939-5245.

## Room and Board

All students living in the residence halls are required to participate in the board plan. In case of withdrawal from the school the board will be refunded on a pro rata basis.

1. Rooms are rented for full semesters only. Students vacating a room during the first half of a semester will be charged a minimum of one-half the semester rate. No refunds will be made for withdrawal during the second half.

2. A student is required to pay a room deposit of \$30.00 when applying for admission. This room deposit is held until the student vacates college housing, and will be refunded provided the premises are left in satisfactory condition. The deposit will be refunded if the application for admission is not approved, or if a refund is requested before August 1, or no later than one month before the beginning of the semester for which the reservation was made.

Students who have been enrolled at the college and are leaving may request refund of the room deposit through their resident director. The refund will be mailed within 30 days if the student's account is clear.

3. A deposit of \$3.00 will be required for each room key.

4. The College is not responsible for personal property in case of theft, damage or loss by fire. In many cases a family homeowner's insurance policy will provide some coverage for a student's property "away from home."

5. Students are required to pay for any damage, other than ordinary usage, to room, furniture or fixtures, including telephone equipment, during their occupancy of the room.

## Withdrawals and Course Drops

If a student officially withdraws from school, or drops his course load below 12 hours before the end of the semester, he is entitled to the following financial adjustments:

1. Fees: no refunds.
2. Tuition: 1st week — 90%; 2nd week — 80%; 3rd week — 60%; 4th week — 40%; 5th week — 20%; 6th week — none.
3. Room: minimum of one-half if withdrawal is completed in the first half of the semester. No refund will be made during the second half.
4. Board: pro rata adjustment on the unused portion as of the end of the week the student completes withdrawal at the Bursar's Office and surrenders his meal pass.

The effective date of any withdrawal or course drop will be the date such withdrawal or drop is officially requested. The official withdrawal date is the date established by the student with the Office of the Dean of the College. The official course drop date is the date the drop form is returned to the Registrar. Please refer also to Chapter 6 on Academic Regulations: Change of Registration, Withdrawal from School, and Class Attendance Requirements.

Adjustments are computed as of the end of the week in which the student makes official withdrawal. Protracted absence from class does not constitute a withdrawal, and will be treated as a failure.

No refund will be made in the case of students who are asked to leave school because of violation of rules, or as a result of disciplinary action taken by the Student Personnel Committee, except board, which would be as outlined above.

## Student Financial Aids

At Olivet Nazarene College we believe that every qualified student should have the opportunity for a college education in a congenial Christian atmosphere. Our financial aid program is designed to help students achieve these goals.

The two-fold purpose of financial aid is to 1) assist students who have financial limitations that would hinder their college education; and 2) to promote and encourage scholarship by making awards available to students who have shown significant academic achievement.

The comprehensive financial aid program includes scholarships, grants, loans and employment.

The student and his family are primarily responsible for paying as much as possible toward college costs. This should be carefully considered by each family in reading through the College Scholarship Service booklet "Meeting College Costs" which is available from Olivet or any high school guidance office.

The Financial Aid Director has offices in Miller Business Center. These counselors and the admissions office counselors are readily prepared to advise students and parents concerning financial aids.

All correspondence regarding financial aid should be addressed to the Director of Financial Aid, Olivet Nazarene College, Kankakee, Illinois 60901.

## How To Apply For Aid

All students seeking financial assistance by way of loans and grants must first have the parents or guardians complete the **Financial Aid Form**. A student's qualification for assistance rests largely on the basis of a satisfactory grade point average together with an analysis of the financial need. The College Scholarship Service is utilized to determine the financial need from the Financial Aid Form.

When it is determined the student qualifies for a grant, the grant is awarded on a non-repayable basis. Loans are awarded on the basis of repayment, usually after graduation or termination of studies.

The application to Olivet for financial aid and the Financial Aid Form should be filed in the year the student plans to enroll, and annually thereafter for continuing financial aid. Since the Financial Aid Form requires IRS information from the immediate past year, the form should be filed not earlier than January 1, and preferably before March 1, since the earlier applicants will receive prior consideration. Applications for aid for a new freshman would normally be filed in the spring of the senior year in high school, anticipating enrollment at Olivet in the fall semester.

Applications for financial aid will be accepted at any time after the above dates, and processed as soon as possible, as funds for awards may be yet available.

Awards of financial aid, including college-based loan, grant and scholarship funds, will be made only to students who have been accepted for admission to the college by the Admissions Office.

The **Financial Aid Form** may be secured from the high school principal or guidance counselor, or from the Director of Financial Aid, Olivet Nazarene College, Kankakee, Illinois 60901. After completing of this form, send it to the College Scholarship Service. Request should be made that the Financial Need Analysis Report be sent to Olivet.

## Scholarships

Scholarships are awards offered on the basis of academic ability, special talents, or the personal interest of donors. These awards carry no obligation for repayment.

A number of scholarship awards are made available each year by Olivet Nazarene College. **The policy of the college is to award only one college sponsored scholarship per person per year.** This policy does not exclude additional scholarships or assistance from other sources.

**Academic Achievement Scholarship.** A student who graduates from an accredited high school (public or private) with a perfect Grade Point Average (i.e., all A's, 4.0 or 5.0 depending on the local grading system) may qualify for the Olivet Academic Achievement Scholarship.

A limited number of these scholarships will be awarded by the Scholarship Committee in amounts up to one-half of tuition for a student carrying a full time load of courses. Consideration will be given to the student's scores on achievement tests such as the American College Test or the Scholastic Aptitude Test.

The scholarship may be continued for up to four years of undergraduate work at Olivet provided the student maintains a grade point average of 3.6 or better each year.

A special application for this scholarship must be filed on a form available from the Admissions Office at Olivet.

**Honor Scholarships: The Olivet College Honor Scholarship** is a conditional award of \$2,000 for students admitted to the college who rank in the top 5% of their high school graduating class or the top 5% of national ACT composite scores (28 or above). No formal application is needed for incoming freshmen, as the award is made on the basis of the high school transcript and/or ACT score. The high school transcript must show the rank in class.

For full time students, credit on student account in the amount of \$500 will be awarded for the first year, half each semester, and each succeeding year for a maximum of four years, providing the student maintains a grade average of B+ or better (3.35).

**The Olivet Nazarene College President's Scholarship** is a conditional award of \$1,000 for students admitted to the college who rank in the top 10% of their high school graduating class or in the top 10% of national ACT composite scores (26-27). No formal application is needed for incoming freshmen, as the award is made on the basis of the high school transcript and/or ACT score. The high school transcript must show the rank in class.

For full time students, credit on student account in the amount of \$250 will be awarded for the first year, half each semester, and each succeeding year to a maximum of four years, providing the student maintains a grade average of B (3.00).

**Transfer students** will be considered for the **Honor and President's scholarships** on the same basis as continuing Olivet students. Application forms may be secured from the Director of Admissions.

**Divisional Scholarships:** A number of \$100 scholarships are available to freshmen who do not qualify for the Honor or President's scholarships but who show a very high proficiency in a particular field of study. In the Division of Fine Arts (Music Department) interested students should send an audition tape or plan a live audition on campus. In other divisions of the college, especially high scores on tests or other evidences of superior standing will be considered. Application forms may be secured from the Director of Admissions.

**District Scholarships:** The Nazarene Youth International organizations of ten districts of the Central Educational Zone, Church of the Nazarene, offer several scholarships each to students from their district who attend Olivet Nazarene College. Conditions under which these scholarships are granted may be obtained by corresponding with the District N.Y.I. presidents. The current number and size of the scholarships offered are as follows:

<i>Chicago Central District</i>	One award of \$200
<i>Illinois District</i>	Four awards of \$250
<i>Northwestern Illinois District</i>	Two awards of \$125 and \$75
<i>Indianapolis District</i>	Two awards of \$100 each
<i>Northeastern Indiana District</i>	One award of \$500
<i>Northwestern Indiana District</i>	One award of \$100
<i>Southwestern Indiana District</i>	Two awards of \$100 each
<i>Eastern Michigan District</i>	One award of \$200
<i>Michigan District</i>	\$3,000 total, ranging from \$500 to \$1,000
<i>Wisconsin District</i>	One award of \$100

**The Olivet Nazarene College Prize for Bible Knowledge:** Olivet Nazarene College awards an annual prize of \$100 in tuition credit to the Nazarene high school student on each of the districts of the Central Educational Zone who best demonstrates his knowledge of an assigned portion of the Bible, provided the District will add an equal or greater amount to the prize. Some District Scholarships above are designated by the districts to match this award. The student is nominated by the district N.Y.I. Council.

**The following scholarships are awarded to continuing upperclass students at Olivet,** and are awarded in a special ceremony in chapel in May. Applications for these scholarships may be filed by Olivet students about the middle of the spring semester. The dollar amount listed at the end of each scholarship is the capital fund. Scholarships are awarded from the earnings of this fund.

**Reed Scholarship for Graduate Students in Religion:** Dr. and Mrs. Harold W. Reed have established a fund to support a scholarship for a graduating senior in religion who pursues graduate work in religion at Olivet. \$7,900.

**Merl and Elma Benner Scholarship:** Available to a graduate student in the Department of Religion. The scholarship is awarded on the basis of scholarship and need. \$4,000.

**A. K. and Beatrice Harper Fund for Ministerial Students:** Established in 1959 by A. K. Harper because of his concern for needy students who are preparing for the ministry. \$15,700.

**Virgie Stewart Memorial Scholarship:** A fund has been established by the faculty and staff ladies of Olivet in memory of Mrs. Virgie Stewart. An award will be made each year to a student of junior standing with a major in modern languages. \$3,500.

**The Kathryn Ruth Howe Elementary Education Scholarship:** This fund was established by Miss Kathryn Ruth Howe because of her concern for needy students who are preparing for teaching on the elementary school level. \$2,500.

**Robert MacDonald Scholarship:** This fund has been established by Robert MacDonald to provide scholarship funds for needy ministerial students. \$43,500.

**Reed Scholarship Fund for Ministerial Students:** This fund has been established by alumni, faculty and staff in honor of Dr. and Mrs. Harold W. Reed to provide scholarship funds for needy ministerial students. \$41,000.

**Anna and Eloise Mitten Scholarship:** Dr. L. G. Mitten and others have set up a limited student scholarship fund as a memorial to his deceased wife, Anna, and daughter, Eloise, which is available to qualified juniors or seniors who need additional help in order to complete their programs in Business at Olivet Nazarene College. \$5,600.

**International Students Scholarship:** Available to full time, international students already attending Olivet. The scholarship is awarded on the basis of scholarship and need. \$1,500.

**Mayme Carmichael Music Scholarship:** This scholarship was made available by Mrs. Mayme Carmichael. Any Olivet student who is a music major is eligible. Selection is made by the music faculty, and is based on musical proficiency and need. \$2,300.

**Naomi Larsen Music Scholarship:** This fund has been established by friends of Mrs. Larsen in recognition of her distinguished service to Olivet. Any Olivet student who is a music major is eligible. Selection is made by the music faculty, and is based on musical proficiency and need. \$2,600.

**Howard and Adda Farmer Scholarship:** Established in 1975 for worthy and needy students. \$22,000.

**Vernal Carmichael Scholarship Fund:** This fund was established in memory of Dr. Vernal Carmichael. A scholarship will be granted each year to an outstanding student of junior standing majoring in business administration. \$3,500.

**Stan Jacobs Scholarship Fund:** Established in 1975 to be used for worthy students with special need. \$3,000.

**Hale-Wilder Music Scholarship:** This scholarship of \$500.00 has been provided by Robert Hale, New York City Opera Co., and Dean Wilder, Director of Vocal Instruction, William Jewell College. It is available to voice majors by audition before the voice faculty and the Head of the Department of Music. \$4,500.

**Elmira M. Helm Scholarship:** This fund of \$7,500 was made available through the will of Elmira M. Helm. Income from the fund is available to worthy Nazarene students each year from Huntington County, Indiana.

**Gerett Wisner Nursing Scholarship:** This scholarship has been made possible by Mr. and Mrs. Gerett Wisner for the purpose of assisting juniors and seniors in the Division of Nursing Education. Under certain conditions, loans may also be made from this fund. \$20,000.

## Grants-In-Aid

**Basic Educational Opportunity Grants (BEOG)** are provided by the Department of Health, Education and Welfare of the U.S. Government to all students who qualify on the basis of need. The Financial Aid Form application for the Basic Grant may be secured from Olivet Nazarene College or from any high school. The awards in 1980-81 will range from \$226 to \$1,800. There is no charge to apply for the Basic Grant with the Financial Aid Form.

**Supplemental Educational Opportunity Grant (SEOG)** may be given to students with exceptionally high need above the amount they receive through the Basic Grant. The SEOG is awarded through the college from funds allocated to the school by the federal government. Each award is based on the analysis report of the Financial Aid Form in addition to the Basic Grant application.

**Illinois State Scholarship Commission Monetary Award: (ISSC)** The State of Illinois provides financial assistance to all residents of the state who show a need for college assistance on an annual application. This grant may cover tuition and fees to a maximum of \$1,800 a year. The application form is available at Olivet or any Illinois high school.

**Other State Grants:** Residents outside the State of Illinois should inquire into the availability of state grants for college education which may be applied toward their education at Olivet.

**College Work Study: (CWSP)** Campus work through the College Work-Study Program is available to students who qualify by way of the Financial Aid Form. An eligible student could earn up to a maximum of \$1,500 per academic year. This would require an average of 19 hours of work per week.

**Church Sponsored Grants:** Several congregations of the Church of the Nazarene encourage young persons from their congregation to enroll in Olivet Nazarene College by offering general aid to all who enroll. While the amount and terms of these awards varies, and the conditions should be investigated with the pastor of the local church, the programs of the following churches have been called to the attention of the college and are probably illustrative of many more such aid programs:

College Church, Bourbonnais, Illinois  
First Church, Columbus, Indiana  
Southside Church, Muncie, Indiana

Ferndale Church, Ferndale, Michigan

## Loan Funds

**National Direct Student Loans (NDSL):** Olivet Nazarene College participates in the loan program sponsored by the federal government. A maximum of \$5,000 in 4 years of undergraduate study may be awarded. A Financial Aid Form must be submitted for evaluation of need by the College Scholarship Service. Forms and instructions are available through the college.

**United Student Aid Funds:** Bank loans are available to qualified sophomores, juniors and seniors, up to \$2,500 a year or a combined total of \$7,500 for undergraduate education. Repayments begin the first day of the 10th month after termination or completion of undergraduate work (whichever is sooner). The Federal Government assumes interest obligations during the time of school attendance plus nine months succeeding termination of graduation (whichever is sooner). At the termination of this nine month period, the borrower assumes interest responsibility at the rate of 7% per annum on any outstanding balance.

**Guaranteed Student Loans (GSL):** Most states have either a Guaranteed Loan Program or a Federal Insured Loan Program. Whichever is the case, each program operates alike as far as the student borrower is concerned. Both programs also are similar in detail to the United Student Aid Fund program.

**Nursing Loans:** A Financial Aid Form and admission into the Nursing Program qualify students to apply for Nursing Loans. This program is similar to the National Direct Student Loan program.

**Selden Dee Kelley Memorial Loan Fund:** This loan fund was given by a fellow minister and friend of the late president, Dr. Selden Dee Kelley, in honor of his memory. \$1,400.

**Nellie L. Grimsley Missionary Student Loan Fund:** The estate of Nellie L. Grimsley has provided a \$1,900 loan fund available to students in preparation for definite Foreign Missionary Service.

**Grover VanDuyn Memorial Fund:** Through gifts from the family and friends of the late Dr. Grover VanDuyn, formerly president of Olivet Nazarene College, a student loan fund has been established in his memory. It is designated for loans to worthy students who need financial assistance.

**Clarene and Maxine Julius Memorial Student Loan Fund:** William L. Julius has set up a limited student loan fund as a memorial to his deceased wife Clarene and daughter Maxine, which is available to qualified second semester sophomores, juniors, or seniors who need additional help in order to complete their programs at Olivet Nazarene College.

**Manley Loan Fund:** In memory of Dyle Phelps Manley, a special loan fund has been established by his widow, Mrs. Ethel Krueger Manley.

**Mary MacPhee Fitch Memorial Loan Fund:** A gift of \$500.00 to be loaned to worthy students who need financial assistance.

**Calvin and Lenore Bean Ministerial Loan Fund:** This is an emergency loan fund available to sophomores, juniors, and seniors in amounts of \$100 bearing 4% interest. \$1,400.

**Fern Humphreys Hoff Memorial Loan Fund:** This is a loan fund established in memory of his deceased wife by Mr. L. R. Hoff and Associates of Santa Monica, California.

**Class of 1961 Loan Fund:** As their senior gift to the college, the Class of 1961 established a student loan fund which they plan to augment by annual gifts as alumni. These funds are available to worthy students of sophomore, junior, or senior standing. \$1,600.

**Associated Students Loan Fund:** This fund has been established by the students of Olivet to assist their fellow students in the completion of their college work. Up to \$250 per semester or a total of \$500 is available at low interest to upperclassmen in the college. \$3,500.

## Student Employment

The college career center office serves students and potential employers with referrals and job requests for both campus and community employment. Our students have earned a high reputation for reliable service in the Kankakee business community.

Part-time employment is available primarily for those who need to earn expense money for personal needs. Types of jobs include secretaries, office workers, janitors, food service, typists, paper graders, receptionists, chapel checkers, store clerks, cashiers, and other miscellaneous types of work. In most cases, campus jobs require at least two successive hours free from classes on a daily basis.

Although a large number of students work during the regular school year, the college does not recommend that freshmen endeavor to work during the first semester.

## Financial Assistance for Veterans

To assist students who qualify for benefits from the Veteran's Administration, Olivet has a counselor in the Financial Aids office who specializes in these programs.

This Prayer Breakfast in Ludwig Center was a highlight of Parent Weekend in April as many fathers and mothers came to campus for special activities.

Prof. Jim Knight, Registrar, and Mr. Clifford Hayman, Assistant Registrar, have excellent support in handling student registration and grade information through an efficient computer system.

# Academic Regulations

Olivet's academic regulations constitute a readable map for student, counselor, professor and general reader. Each member of the academic community should familiarize himself with the directions for it is the official guide to each of the educational destinations offered by the College.

The liberal arts program offers every student, whatever his particular interest or vocational intention, an education built on a steady foundation of studies in a variety of subjects. This leads to a mature level of lifelong learning which surpasses limited training for a narrowly defined vocational field that may become obsolete in a few years.

Career planning is strongly encouraged through counseling with faculty members and the professional staff of the Career Center.

The General Education Requirements provide a foundation of study in all the divisions of the college which may be helpful to a student selecting or confirming a career decision.

## Registration

All students eligible to register (students enrolled in the preceding regular session and new or re-entering students who have completed application and have been accepted) will be supplied by the Registrar with directions for registration. Students are advised by members of the faculty and must file properly approved study lists with the Registrar during the registration period. Pre-registration service is provided by the Registrar's Office. Registrations not completed by the close of the listed registration days (see calendar) will require a fee of \$10.00 to cover the additional expenses of late registration procedure. An additional late fee of \$2.00 per day will be charged beginning the second day after registration day.

A student will not be permitted to register for any course including directed study and special topics after the first two weeks of the semester without the written approval of the Dean of the College. A faculty member may determine an earlier closing date for a particular course.

No student will be permitted to register for any course if, in the judgment of the instructor in charge, he lacks sufficient preparation to undertake the work.

The normal student load is from fourteen to sixteen hours of class work in a week. No student will be permitted to register for more than seventeen hours, inclusive of physical education, without the special permission of the Committee on Academic Standards. An extra charge is made for each hour or fraction of an hour taken in excess of the sixteen hour maximum load.

It is required of freshmen, and recommended for all students, that they take either two courses after 12:40 p.m. or one course meeting after 2:40 p.m. This applies only to students carrying 10 or more hours.

**Outside Employment:** Students carrying a considerable load of outside work must reduce their school program accordingly. The following schedule is a guide to counselors and students:

### ***Semester Class Load In Relation to Grade Point Average:***

Effective hours of outside employment	On Probation	Up to 2.5	Up to 3.0	3.0 or over
Under 15 hours	14	Normal	Normal	Normal
15-20 hours	12	Normal	Normal	Normal
21-25 hours	10	14	Normal	Normal
26-30 hours	8	12	14	Normal
31-35 hours	6	10	12	Normal
35-45 hours	1 course	8	10	Normal

**Change of Registration:** A student may drop a course or change his program during the first calendar week of a semester without charge. After that there will be a charge of \$2.00 for each schedule change processed. All changes in registration are made through the Registrar's office, with approval by the Dean of the College, the student's adviser and the faculty members whose classes are involved.

A student may withdraw from a course on or before the second Friday following the distribution of mid-term grades.

The grade for all courses dropped after the final date for dropping courses will be recorded as failing except in case of serious illness or other extenuating circumstances which, in the opinion of the Dean of the College, warrant leniency.

**Withdrawal from College:** If a student desires to withdraw from all of his courses he should start the withdrawal process at the office of the Dean of the College. This process is the reverse of registration and is necessary to clear the academic and financial records. See Chapter 5 on Financial Information.

## Classification of Students

College students are classified according to the total number of hours for which they have credit and the number of honor points they have earned. A student's honor points must at least equal twice the credit hours to meet classification requirements.

The requirements for classification as a candidate for a degree on the basis of hours and honor points are as follows:

**Freshman standing** — Must have met all entrance requirements and be registered as a candidate for a degree.

**Sophomore standing** — 25 hours and at least 50 honor points.

**Junior standing** — 58 hours and at least 116 honor points; completion of freshman general education courses as follows: English, 6 hours; social science or history, 6 hours; mathematics and/or science, 6 hours; Biblical literature, 5 hours; physical education, 2 hours.

**Senior standing** — 93 hours or above and 186 honor points and a reasonable assurance of being able to meet all graduation requirements within the year or by the end of the next summer session; completion of sophomore general education courses as follows: fine arts, 3 hours; Bible and religion, 10 hours; language, 5 hours.

Students are classified at the beginning of the school year and the minimum requirements for the respective classes must be met at that time. Class activities and listing in college or student publications will be carried out in accordance with the above classification.

## Unclassified Students

Special or part time students who meet all entrance requirements but who are carrying fewer than eight semester hours, and mature and otherwise qualified students who are not pursuing the regular course of study may, with the approval of the Dean and the consent of the department concerned, be admitted to the College as unclassified students to take such courses as are open to them without respect to candidacy for a degree. Such work is limited to 30 semester hours.

## Admission to Junior Standing

During the semester in which he expects to complete 50 or more hours of college work, the student should secure from the Registrar an "Application for Admission to Junior Standing." This will normally take place during the spring of the sophomore year. The completed application must be filed in the Registrar's Office and will be approved only when the following conditions have been met:

1. The required number of hours, including specific courses and areas as listed above, are completed.

2. Signature of major adviser.

3. A complete tentative program of courses for the junior and senior years, incorporating all requirements in the curriculum for the degree sought, with the proper signatures of approval.

A student will not be permitted to register as a junior until the Application for Junior Standing is completed.

## **Class Attendance Requirements**

Attendance requirements in each course are determined by the professor, and will be stated clearly in the course outline filed with the Dean of the College and distributed in class during the first week of the semester. Providing assignments are completed, no penalty will be incurred for bonafide illness, for late registration or excused educational leniency as authorized by the Dean, or for absences prior to the class announcements of attendance requirements.

Absence from a previously announced or scheduled test or examination will require consent of the instructor and a written permit from the Dean of the College, before the assignment may be made up.

Protracted absence does not constitute a withdrawal and will be treated as a failure in the course. For the procedure to be followed in changing or dropping a course, see section on Registration.

## **Chapel Attendance**

The chapel service at Olivet is considered a vital part of the program of the college. It is the one activity in which the entire college personnel — faculty members and students — participate. The purpose of chapel is to provide an opportunity for the development of a Christ-centered character in preparation for excellence in service and citizenship.

Chapel services are normally held three times each week. Attendance is subject to the following regulations:

- (a) All full-time students (those carrying 12 hours or more) are required to attend full time. Attendance of part-time students may be adjusted in proportion to the academic load. Attendance is optional for those carrying five hours or less.
- (b) Four unexcused absences are allowed full-time students each semester. Part-time students are allowed unexcused absences based on the number of required attendances per week. These are allowed for personal convenience and should be used wisely. Chapel excuses for illness or other emergencies may be obtained at the time of occurrence when proper evidence is presented.
- (c) To maintain an effective chapel program, the service begins on time. Three reported tardinesses for a student shall count as one absence.
- (d) Students with work conflicts affecting chapel attendance may petition to be excused from chapel. This process should be followed at the beginning of each semester, or as necessary. The petition form is available at the chapel attendance office. All chapel petitions are acted on by the Chapel Committee.

Attendance in chapel is checked closely. Unexcused absences beyond the provisions of (b) above will be subject to serious disciplinary action.

## Scholarship Requirements

**Grading:** A record of attendance and scholarship is kept for each student. A report of the student's class standing is given at the close of the semester.

The alphabetical system of grading prevalent elsewhere is used, i.e., A for superior; B for above average; C for average; D for below average, but passing; F for failure; H for audit; S for satisfactory work (credit toward graduation); U for unsatisfactory work (no credit toward graduation); X for work in progress; W for withdrawn before quality of work can be determined and I for incomplete. A student may be marked incomplete only in case of serious illness or other unavoidable causes of delay. All incompletes must be removed within one month after the grade period ends or the record will be marked "failure."

## Policy on Repeating Courses:

1. In case a course is retaken subsequent to the student's receiving a course grade of F, only the last grade is counted in determining his cumulative grade point average.
2. With the consent of the Chairman of the department in which the course is offered, a student is permitted to retake once a course in which he has earned a grade of D, with the higher of the two grades to count in determining his cumulative grade point average.

These privileges apply only to courses repeated at Olivet.

**Pass-Fail** (S or U) is used for student teaching, field experiences in religion, and certain other approved courses. In addition, an individual student who has declared his major by filing an Application for Junior Standing may also be permitted, upon his request, to enroll in one elective course per semester in the last four semesters on the basis of pass-fail grading. Specifically excluded from this provision are courses in the major field, minor field, required supporting courses and courses offered to fulfill general education requirements (Chapter 2). A passing grade means "C" quality or better. The intention to take a course on the basis of Pass-Fail or to audit a course for no credit must be indicated to the registrar no later than the last day to drop classes.

**Honor Points:** In order to graduate, the student must have earned twice as many honor points as he has semester hours of work attempted. Honor points are based on quality of work performed, and are determined as follows:

- 4 honor points for each credit hour of a course receiving a grade of A
- 3 honor points for each credit hour of a course receiving a grade of B
- 2 honor points for each credit hour of a course receiving a grade of C
- 1 honor point for each credit hour of a course receiving a grade of D
- 0 honor points for each credit hour of a course receiving a grade of F

The grades of H, S, U, X, and W are neutral.

A minimum average grade of "C" (2.0) is required for graduation.

**Honor Society:** Sophomores who have a cumulative scholastic average of 3.35 and Juniors and Seniors who have cumulative averages of 3.2 and above are eligible for membership in the college honor society. See paragraph on Graduation Honors. An average of 3.35 for the preceding semester is required for inclusion in The Dean's List.

An average of B is required for recommendation to a graduate school for graduate work.

**Academic Retention or Probation:** Failure in one-third or more of semester hours or achievement of 1.0 or lower in any given semester may be considered justifiable reason for dismissal.

An instructor may, with the approval of the Dean of the College, drop from a class any student who shows marked delinquency in attendance, who neglects his work, or who proves incompetent to pursue the work of the course.

A student who fails to maintain a grade average of "C" (2.0) is considered to be doing unsatisfactory work. When his cumulative grade points average falls below that indicated in the table below, he will be placed on academic retention, and thus will not be in good academic standing.

<i>Hours Attempted</i>	<i>Minimum G.P.A. for Good Standing</i>	<i>Level of Retention</i>
1-17	1.60	
18-32	1.75	100 level courses
33-48	1.90	100 and 200 level
49 or more	2.00	courses

Retention means that unless satisfactory work is shown in the next semester, the student will be discouraged from continuing his college work as a degree candidate. Students removed from degree candidacy because of low academic achievement will not be permitted to take courses at a level higher than those available to him under his last classification.

Removal from retention and return to good academic standing is accomplished by achieving a cumulative grade point average equal to the minimum required for good academic standing. Students on retention will not be admitted to Junior Standing.

Retention is determined by cumulative grade point average. The instructor will report to the student his approximate grade at mid-semester, and will submit to the Dean of the College a list of students doing unsatisfactory or failing work in each of his classes.

**Retention and Eligibility:** A student on retention is also ineligible — i.e., for all practical purposes retention and ineligibility are synonymous. Ineligibility means that the student cannot participate in any public program or service away from the campus as a member of an ensemble group. Ineligibility excludes a student from participation in any varsity intercollegiate athletic contest.

The eligibility of students transferring to Olivet Nazarene College is determined by the standards for eligibility applying to non-transfer students.

## Privileges Open to Superior Students

A superior student is urged to make the most of his scholastic opportunities and to advance in accordance with his abilities. To give greater flexibility in the schedule and to provide for specialized studies, a student with a 3.0 grade point average and who has ranked in the upper quartile of his sophomore class according to the objective test in the field of his interest, may apply for directed study or for graduation with departmental honor.

**Special Topics of Study** in the sophomore, junior or senior year are open to superior students in most departments offering majors. In order to engage in

study of “special topics” a student must apply to his instructor for permission to pursue a subject of particular interest not already treated extensively in a regular course. On written approval of the instructor and the Dean of the College the student may register for from one to six hours of credit. The name of the applicant together with the plan of the course to be pursued, must be recommended by the head of the department in which the work is to be done to the Dean of the College for approval not later than the second Friday after the opening of the semester. Credit for special topics will be indicated on the transcript by use of the department name and the number 499.

**Graduation with Departmental Honors** is granted to a senior who shows independent and creative work of high quality in his major field. The study may cover material of individual courses, cut across course lines, or include subject matter and procedures not offered in the usual courses of the department. When recommended by the head of the department in which the student wishes to do honors work, a plan of the work to be pursued shall be forwarded, with the recommendation, for the approval of the Committee on Academic Standards. To be eligible for consideration for honors work, a student should have a 3.4 grade point average in his major field. If his work is of high quality, he will be granted four hours of credit toward graduation. If he passes a comprehensive examination in his major field with special emphasis on his honors project, he will be graduated with departmental honors, this to be indicated on the commencement program. The student must apply to the head of the department by October 15 in the academic year of graduation. Honors course work will be indicated by the department name and the number 500.

## Assistantships

A limited number of assistantships are available to high scholarship students of advanced standing. These assistantships are open to those who have spent two or more semesters at Olivet Nazarene College. They are awarded on the basis of scholarship, character, leadership ability, educational promise, and need.

Holders of these appointments will assist in reading papers, laboratory service, or other work required in the department to which they are assigned.

Assistantships are valued from \$500-\$800 for the year. All appointments are for one semester, and are conditioned on satisfactory service. Appointments are made by the Dean of the College on the recommendation of the Chairman of the Department and Chairman of the Division. Application should be made to the Dean of the College by April 1 preceding the school year in which the appointment is to become effective.

## Honors

**Phi Delta Lambda:** Olivet Nazarene College has a chapter of the National Nazarene Honor Society, Phi Delta Lambda, in which high ranking graduates are eligible to membership upon election by the faculty.

**Graduation Honors:** Graduation with highest honors (summa cum laude) requires an honor point average of 3.85.

Graduation with high honors (magna cum laude) requires an honor point average of 3.6.

Graduation with honors (cum laude) requires an honor point average of 3.35.

Graduation honors will be based on the grades of the entire college course.

In case a student has taken part of his college work at another institution or institutions, his grade point average will be calculated on the basis of the total work taken toward the degree; and on the basis of work done at Olivet Nazarene College. Whichever average is lower will be used as the basis for honors. In any case, the last 60 hours of work must be taken at Olivet if one is to qualify for honors.

**College Marshal and College Queen.** Each year the young man and the young lady in the junior class having the highest cumulative grade point averages are designated as College Marshal and College Queen respectively and lead the commencement procession.

**Senior Citizenship Award:** Each year one man and one woman from among the graduating seniors are selected by majority vote of the faculty to receive the Senior Citizenship Award. The selection is based on campus citizenship, scholarship, leadership and general achievement of the student in college activities. Letters certifying the award are presented to the students selected on Commencement Day and the names of those honored are engraved on a plaque.

## General Requirements for Graduation

**Student Responsibility:** Every candidate for a degree is personally responsible for meeting all requirements for graduation. The College, through its counselors and the credit summaries provided for the College by the Registrar, will assist the student in every way possible in avoiding difficulties.

Prospective teachers are also personally responsible for meeting the certification requirements of the state in which they expect to teach. Information about certification laws may be obtained from the Department of Education or from the Registrar.

Candidates for degrees are required to file their intention to graduate on forms provided by the Registrar's office not later than the September preceding the graduation.

Candidates for graduation are expected to meet the requirements for graduation of the catalog in force at the time of that graduation. In cases of hardship caused by curricular changes during a student's successive years of enrollment at Olivet, an appeal may be made to the Learning Activities Committee.

**Residence Requirements:** A candidate for a bachelor's degree must take, either the last year (30 semester hours) at Olivet Nazarene College, or, he must take 15 of the last 30 semester hours in residence and offer no less than 45 semester hours of residence credit from Olivet Nazarene College. Included in the hours offered to satisfy the residence requirement must be at least one-half of the major and/or sufficient hours to complete a major satisfactory to the chairman of the major department and the Registrar.

The residence requirement for the associate degree is either (a) the last 15 hours at Olivet, or (b) a total of 22 hours in residence at Olivet with at least 8 of the last 15 hours in residence at Olivet.

**Second Bachelor's Degree:** Some students desire to take a second bachelor's degree. It is often possible to complete the requirement for the second degree in one additional year. To receive a second degree, the student must complete at least 36 hours of work in addition to the 128 hours required for the first degree and must meet all of the requirements set forth in the curriculum for

the second degree including general education requirements. In no case will more than one degree be conferred upon a candidate at any one commencement. At least 30 hours of these must be taken in residence at Olivet.

**Senior Examinations:** The college administers the Undergraduate Record Examinations and other departmental measures of achievement.

## Proficiency Examinations

Students may be permitted to establish credit for courses listed in our catalog by departmental proficiency examination. The grade in proficiency examinations is “credit” or “failure,” but no student is given “credit” unless he has made at least “C” in the examination. No official record is made of failures in these examinations.

Proficiency examinations are given under the following restrictions: (1) They may be taken only by persons who are in residence, or who are candidates for degrees at Olivet; (2) They may not be taken by students who have received credit for more than one semester of work in the subject in advance of the course in which the examination is requested; (3) They may not be taken to raise grades or to establish credit in a course in which the student has received a failing grade. (4) The privilege of establishing credit by this method is not to be used to accelerate one’s program, but to make possible the recognition of work already done, or an achievement already attained for which no academic credit has been established; (5) Not more than 10 semester hours credit can be earned by departmental proficiency examinations for any degree; (6) Applications for the examination must be approved in advance by the Dean of the College; (7) All such examinations shall be conducted by a committee of three, which shall be appointed by the Dean of the College. The signatures of all three examiners are required. Academic credit for such work will not be granted until the student has completed successfully at least one semester of work at Olivet Nazarene College. See also Waivers and Advanced Placement, Chapter 4.

## Summer School

Olivet offers three summer sessions each offering full college credit, operating on an accelerated schedule of classes. In Summer Session I, three semester credit hours can be earned in three weeks. In Summer Session II, five or six semester credit hours can be earned in five weeks. In Summer Session III, three semester credit hours can be earned in three weeks. Dates of the summer sessions are carried in the College Calendar. All students apply through the Director of Admissions by the deadline indicated. Registration for Summer School may be completed prior to or immediately following the first meeting of the class.

## Transcripts

Students wishing to transfer to another institution, or who otherwise desire a transcript of their college work, must present a written request to the Registrar, giving notice of at least one week. Near the beginning or end of a semester the period required to process a transcript request may be somewhat longer.

Transcripts are furnished each student without charge. A transcript will not be issued to or for a student who is indebted to the college.

Dr. Harry Westfall, Director of Teacher Education, talked with these two students about their posters which they completed in an art class in preparation for elementary education.

Dr. Lee Jenkins of Oregon State University lectured to Kankakee area cooperating teachers and Olivet student teachers on new methods of teaching reading in this special session.

# Teacher Education

Teacher education at Olivet Nazarene College makes use of the total educational resources of the college, is the concern of the entire faculty, and is under the direction of the faculty. Accordingly, teacher education is coordinated through designated officers, the Teacher Education Committee and other policy making bodies of the College. The program is designed to bring the resources of the College to bear most effectively in the education of teachers.

## Objectives of Teacher Education

Students admitted to, and retained in, the teacher education program are expected to demonstrate suitable growth in the habits, attitudes, skills, and personal qualities specified in the institutional objectives. They constitute the general objectives of teacher education.

Within the framework of the general objectives of the college, the faculty has formulated specific objectives of teacher education. These objectives specify qualities considered essential for teachers. The faculty expects that the teacher education graduate will be a person who:

1. Possesses competency in the area(s) of specialization in which he expects to teach;
2. Understands the school as a social institution and teaching as a profession, and is able to interpret the school and its function to the public;
3. Has a professional attitude that insures quality service and continued growth in the profession;
4. Understands human development, behavior, adjustment, learning process, and individual differences;
5. Knows instructional materials, methods, techniques, and evaluation procedures, is skilled in their use, and understands their bases in principles of development, learning, and individual differences;
6. Appreciates the opportunities for Christian service in the teaching profession;
7. Organizes and presents learning experiences effectively;
8. Is aware of the teacher's relationships to students, professional colleagues, and the public, and possesses the knowledge and skills implied by these relationships;
9. Integrates in a personally effective way the qualities of stability, patience, sympathy, and creative imagination;
10. Accepts the child as a person worthy of respect and has faith in his improvement through the medium of organized education;
11. Makes educational decisions that are coherent with a growing personal philosophy of education;
12. Makes use of basic knowledge of himself and of the profession in determining his anticipated role in the profession of education;
13. Makes accurate appraisal of the requirements of teaching positions and of his qualifications relative to them;
14. Accepts professional employment and maintains professional relationships in harmony with recognized ethical principles.

## Programs of Teacher Education

### General Education for Teachers

The general education for teachers is the same as that of other students in the college except that choices within the program must be made and the hours possibly slightly increased to include the following:

- a. Three semester hours of mathematics.
- b. A three hour course in American History or Government.\*

\*In Illinois Hist. 121 or Pol. Sci. 123 and Pol. Sci. 125 meet the requirement in this area.

- c. Introduction to Psychology.
- d. Four semester hours in Health and Physical Education.

Students preparing to teach in elementary school and those preparing to teach primarily in the subject matter fields of art, biology, business, home economics, music, physical education and physical science may elect to receive a Bachelor of Science degree rather than a Bachelor of Arts degree. If they do this, they may select courses in international understanding in the General Education program rather than courses in foreign language. Students planning to teach in high school other than in the subjects specified above will normally complete requirements for the Bachelor of Arts degree.

**Senior High School Program**

**Professional Education.** The required professional education sequence for prospective high school teachers is as follows:

Educ. 249 — Educational and Developmental Psychology . . . . .	3 hours
Educ. 250 — Field Experience Laboratory . . . . .	1 hour
Educ. 351 — General Methods for the Secondary School . . . . .	2 hours
Educ. 352 — General Methods Practicum . . . . .	1 hour
A Special Methods Course in the Teaching Field . . . . .	2 hours
Educ. 480 — Special Methods Practicum . . . . .	1 hour
Educ. 486 — Supervised Student Teaching in the Secondary School . . . . .	8 hours
Educ. 488 — Social and Philosophical Foundations of American Education . . . . .	3 hours
Educ. 490 — Beginning of School Experience . . . . .	0-1 hour

21-22 hours

**Subject Matter Specialization.** Students planning to teach in secondary schools must be prepared for certification in one teaching field, and must, in addition, pursue either of two options:

**Option A. Teaching Major with a Teaching Minor**

The major teaching field must consist of at least 32 semester hours or the number of hours specified for the department or teaching area concerned. The second teaching area must include 20 to 24 semester hours.

	<i><b>Major</b></i>	<i><b>Minor</b></i>
Art	33 hours	24 hours
Biological Science	32 or 40	24
Business Education	34	22
Chemistry	32	24
English	35	24
History	32	24
Home Economics	37	24
Mathematics	32	20
Physical Education	33	24
Physical Science	56 or 63	24
Physics	32	24
Romance Languages	50	
Social Science	54	24

Minor concentrations (second fields only) which Olivet offers and the required number of hours for each are:

Earth and Space Sciences — 24; French — 20; General Science — 24; German — 20; Music — 24; Psychology — 20; Spanish — 20; Speech Communication — 21.

See departmental listing for specific requirements.

### **Option B. Teaching Major with Special Emphasis**

Selection of this option involves submitting a statement of and an acceptable rationale for the substitution of a Special Emphasis for the teaching minor. This must be submitted to and approved by the major department, the Secondary Education Director in the Department of Education, and the Director of Teacher Education. The selection of Option B might not meet requirements for certification in some states. In addition, approval of the Teacher Education Committee is required for any Option B requiring 15 hours or less.

## **Elementary School Program**

### **Professional Education**

The required professional sequence for Elementary Education is:

Educ. 249 — Educational and Developmental Psychology . . . . .	3 hours
Educ. 250 — Field Experience Laboratory . . . . .	1 hour
Educ. 356 — Elementary School Mathematics Instruction . . . . .	3 hours
Educ. 357 — Foundations of Reading . . . . .	3 hours
Educ. 408 — Practicum in Reading . . . . .	1 hour
Educ. 409 — Practicum in Mathematics . . . . .	1 hour
Educ. 484 — Student Teaching in the Elementary School . . . . .	8-12 hours
Educ. 487 — Elementary School Curriculum and Management . . . . .	2 hours
Educ. 488 — Social and Philosophical Foundations of American Education . . . . .	3 hours
Educ. 489 — Pre-Student Teaching Laboratory . . . . .	1 hour
Educ. 490 — Beginning of School Experience . . . . .	0-1 hour

---

26-31 hours

### **Subject Matter Specialization**

Students planning to teach in elementary schools must complete one of the following options:

#### **Option A: Single Specialization Program**

1. Language Arts, including speech, children's literature, and Educ. 354 . . . . . 17 hours
2. Social Science (including 3 hours U.S. History or Amer. Govt.) . . . . . 16 hours
3. Natural Science (both biological and physical) . . . . . 15 hours
4. Fine and Applied Arts (Minimum of 4 hours each in Music and Art. Literature and/or English Bible may be counted for up to 4 hours) . . . . . 12 hours
5. Mathematics (to include Modern Mathematics) . . . . . 6 hours

- 6. Health and/or Physical Education (Personal and Community Health, or First Aid recommended) . . . . . 4 hours
- 7. Additional hours to provide one of the following specializations: Language Arts 24, Social Studies 24, Natural Science 24, Art 16, Music 16, Foreign Language 15, Physical Education 16, Mathematics 12.

**Option B. Two Specializations or Middle School Program**

Same as Option A for Single Specialization except for Social Science 12 hours instead of 16, and Natural Science 12 hours instead of 15. Two specializations in Item 7, one of 20 hours and one of 18 hours, instead of one specialization. Consult with the head of the Education Department for further explanation.

**Music Teaching Program**

**Professional Education**

The required professional education sequence for music education is:

Educ. 249 — Educational and Developmental Psychology . . . . .	3 hours
Educ. 250 — Field Experience Lab . . . . .	1 hour
Educ. 454 — Secondary Music Methods . . . . .	2 hours
Music 462 — Elementary School Music . . . . .	2 hours
Educ. 480 — Special Methods Practicum . . . . .	2 hours
Music 485 — Student Teaching . . . . .	8-12 hours
Educ. 488 — Social and Philosophical Foundations of American Education . . . . .	3 hours
Educ. 490 — Beginning of School Experience . . . . .	0-1 hour
<hr/>	
Total . . . . .	21-26 hours

**Subject Matter Specialization**

See Department of Music.

**Early Childhood Education Program**

This program is not approved for certification by the state of Illinois. However, it would be adequate preparation to direct or teach in a day care center.

**Professional Education**

The required professional sequence for the Early Childhood program is:

Educ. 249 — Educational and Developmental Psychology . . . . .	3 hours
Educ. 250 — Field Experience Laboratory . . . . .	1 hour
Educ. 356 — Elementary School Mathematics Instruction . . . . .	3 hours
Educ. 357 — Foundations of Reading . . . . .	3 hours
Educ. 408 — Practicum in Reading . . . . .	1 hour
Educ. 409 — Practicum in Mathematics . . . . .	1 hour
Educ. 484 — Supervised Student Teaching: Kindergarten . . . . .	8 hours
Educ. 488 — Social and Philosophical Foundations of American Education . . . . .	3 hours
Educ. 495 — Early Childhood Education . . . . .	2 hours
Educ. 497 — AV Instructional Media (recommended) . . . . .	2 hours
Educ. 576 — Survey of Exceptional Children . . . . .	3 hours
<hr/>	
Total required hours . . . . .	28-30 hours

**Subject Matter Preparation.** Required subject matter includes:

- |   |             |
|---|-------------|
| 1. Language Arts (including Speech, Children's Literature, Educ. 354) ..... | 17 hours    |
| 2. Social Science (including U.S. History 121 or U.S. Govt.) ....           | 12 hours    |
| 3. Natural Science (both biological and physical) .....                     | 12 hours    |
| 4. Fine Arts 101, Art Activities 365, Music Activities 366 ....             | 8 hours     |
| 5. Mathematics, including Modern Mathematics .....                          | 6 hours     |
| 6. Health and/or Physical Education .....                                   | 4 hours     |
| 7. Supporting Courses: .....  | 12-15 hours |

## Admission to Teacher Education

Admission to the Teacher Education Program of the College is necessary for admission to special methods courses in education and to student teaching. Normally the student will apply for such admission near the end of the sophomore year and immediately after, or while taking, the first course in the professional sequence. Otherwise, progress through the professional sequence of courses may be delayed. Application blanks may be secured at the Education Office. Applications are acted upon by the committee on Teacher Education. Factors which are weighed in considering applications are personality, emotional stability, character, scholarship, competence in communication, physical health, and professional interest. The following requirements must be met for admission:

1. 2.20 grade point average.
2. Clearance by the office of the Dean of Students.
3. Satisfactory performance on English tests.
4. Satisfactory recommendations from college teachers.

In submitting references students should be sure to include the names of faculty advisers. The evidence of professional interest may be considered questionable for students who have not availed themselves of opportunities for work with youth groups, in church school teaching, or of other opportunities for assisting children and youth to grow.

## Associate of Arts Degree for Teacher Aides

*See Department of Education* for description of this two-year course of study.

## Pre-Student Teaching Laboratory Experiences

Pre-student teaching laboratory experiences including the use of films (vicarious experience), school observation and participation are provided in connection

with some of the education courses prior to student teaching. The minimum in such experiences in the schools in Educ. 250, 352, 480, 490 shall be 100 clock hours. Students are to keep records of pre-student teaching laboratory experience, together with signatures of supervising personnel on blanks provided for the purpose. These records are kept in the students' folders in the Education Office and are considered in connection with admission to the Teacher Education Program and in connection with placement in student teaching assignments.

## **Admission to Student Teaching**

Students should submit application for student teaching by February 15 of the semester prior to the school year in which they expect to do student teaching.

Prerequisites to student teaching involve previous admission to the Teacher Education Program of the College, and at least two methods courses. In addition each candidate for student teaching must be approved by the Committee on Teacher Education before he can be registered and assigned. The approval of the candidate's major department, over-all grade point average of 2.2, and for secondary student teachers, a grade point average of 2.5 in the major field is required. The requirement of credit hours in student teaching is 8 hours. Additional credit up to 12 hours is optional.

## **Student Teaching and the Professional Semester**

The college is committed to the plan of block schedule (full time for eight weeks) student teaching. To implement this program, students and advisers must plan ahead and reserve designated professional courses and other courses arranged to facilitate student teaching for the semester in which student teaching is to be done. A semester which involves mostly student teaching and other professional courses is known as a professional semester. Block schedule student teaching is normally offered during the last eight weeks of the fall semester (Block II), and the last eight weeks of the spring semester (Block IV).

Students with two specializations for teaching in elementary grades or middle school, or secondary teachers who want to teach in their minor field, must have an additional eight-week period of student teaching before graduation. Without this second student teaching experience, a practicum in the teaching field following graduation would likely be required for employment.

## **Securing a Teaching Credential**

Each public school teacher is required by law to hold a valid certificate issued by the state in which he teaches. Prior to graduation each prospective teacher should file application for a teaching certificate. Applications should be filed through the Registrar's Office. Application forms for many states are available there. These applications should be completed during the spring semester of the senior year. For a specific state's certification, see the Registrar or Education Department Chairman. *As of September 1, 1981, graduates in all teacher education programs are required to satisfactorily complete course work which includes identification, psychology and methods of teaching the exceptional child.*

## Placement of Teacher Candidates

The college maintains a Career Planning and Placement Office to assist graduates in securing positions in which they are interested and for which they are qualified. Teacher candidates register with the office for placement service in the senior year as directed by the office.

The Placement Office receives and files notices of teaching position vacancies and makes this information available to students, at the student's request supplies copies of his credential folder to prospective employers, arranges interviews on campus between students and school officials, counsels candidates with respect to teaching opportunities in areas for which the office has no current listings, and maintains the student's credential file after he graduates. The placement service of the College is free to the graduating senior and is available to registered alumni for a nominal fee. The student should register with this office at the indicated time even though he may have secured a position for teaching prior to registering. A charge is made for registration after graduation.

## The Curriculum Materials Center

A Curriculum Materials Center is maintained on the ground floor of the Library. The Curriculum Materials Center houses school textbooks, trade books, curriculum guides, professional pamphlets, resource units, and other instructional materials selected especially as resources for students planning to become teachers. These materials are available for examination and use by students, faculty and off-campus supervisory teachers. The Director of the Center is available for consultation concerning instructional materials.

## The Teacher Education Office

While teacher education is a function of the whole college, the various administrative details connected with the program are coordinated through the office of the Department of Education. Here students may pick up various forms to be filled out and return them for filing; various reference forms and rating scales are sent out from and returned to this office; and in general it serves as a center for teacher education activities.

## Courses of Instruction

Olivet designs and offers academic programs that support its general objectives, and that appear to meet important needs of its students and constituency. The following listing of programs of instruction include some developed recently as well as traditional programs of the College.

## Course and Department Numbering System

The courses of study in the college are grouped in nine divisions. Departments in each division are listed below and at the page beginning each division.

All these departments offer majors except Economics, Earth and Space Sciences, Library Science, Political Science and Geography. A chart of majors and minors appears in Chapter 2.

The first instructor named under each department is the chairman of that department; others are listed alphabetically in the department.

The Divisions and Departments are:

- 600 — Graduates only

## General Studies

The following courses are offered without reference to any department:

**GS100 — Introduction to College Studies. 1 hour.**

A credit course required for freshmen designed to facilitate successful adjustment to college. The summer orientation program and weekly discussion sessions in the fall with one's academic advisers make up the two major parts of this course. Required of all freshmen. Pass/Fail grading.

**GS101 — Essentials of Learning. 2 hours.**

A course of Basic Instructional Guidance is designed for students who do not meet regular admissions criteria. Study skills, reading rate, and notetaking are the focus of the sessions together. Counseling is offered to assure a chance of success in college. Credit for this course will not be entered on the transcript until the successful completion of other courses is recorded.

**GS300 — Academic Advising Assistantship. 2 hours.**

A credit course for upper division students selected by the dean of the College to assist as an adviser in the freshmen advising program. Responsibilities consist of participation in an in-service workshop, one summer freshman orientation, and assistance in weekly freshman advising sessions. Pass/Fail grading.

The Glimmerglass student newspaper keeps these students busy for many hours over each issue. They publish twice a month during the school year. Many of them have also enrolled in journalism classes.

Dr. Jack Furbie, head of the Division of Education and Psychology, consulted with this home economics major about her plans for teaching. Miss Cindy Hooker is one of more than 250 Olivet students preparing for teaching.

<b>Education</b>	<b>— 11</b>
<b>Library Science</b>	<b>— 12</b>
<b>Psychology</b>	<b>— 13</b>
<b>Physical Education</b>	<b>— 14</b>

*Jack W. Furbie, Chairman*

The Division includes the Departments of Education, Psychology, Physical Education. Service courses in Library Science are also available.

The Division attempts to help achieve the aims of the college by: (a) giving the student an understanding of human behavior, emphasizing good mental and physical health through theory and practice; (b) helping the student make vocational preparation in the fields represented in the Division; and (c) helping the student see the practical application of Christianity in these fields of service.

The Department of Education is a service department for the Teacher Education Program. Its objectives are included in those listed for this program in Chapter 7. The department also offers courses to meet needs of students in other departments of the college. The Department of Education is responsible for courses in Library Science.

Students desiring an undergraduate major in education must first be received into the Teacher Education Program of the college by action of the Committee on Teacher Education, must declare that intention by the beginning of the junior year, and must have, and continue to maintain, a 2.2 point average in all college work.

**Major:** A Professional Education Sequence of courses, plus specialization in subject matter. The approved Teacher Education programs are described in Chapter 7.

### Elementary Education

*Option A—One Specialization*

*Option B—Two Specializations or Middle School program.*

### Early Childhood Education

### Professional Education Sequence for Secondary Majors

(Senior High Teaching)

### Music Teaching Program

### Associate of Arts Degree for Teacher Aides

**Required: 22 hours**

Educ. 129 — Teacher Aide Field Work

249 — Educational and Developmental Psychology

250 — Field Experience Laboratory

Lib. Sci. 223 — Use of Books and Libraries

P.E. 367 — Methods and Materials in Physical Education for the Elementary School

Bus. 113, 114 — Typewriting

359 — Business Correspondence

369 — Office Practice

Candidates for the A.A. degree for Teacher Aides must complete the General Education requirements (*Catalog, Chapter 2*) including Introduction to Fine Arts 101, Introduction to Psychology 101 and a course in Mathematics. The total program is subject to the approval of the department chairman.

**The Master of Arts in Education Degree** is offered with majors in Elementary Education and in Secondary Education. These programs are described in the chapter of this catalog devoted to graduate studies.

### Courses

**11-105 — Crafts for Elementary Teachers. 2 hours.** (Same as Art 105.)

**11-129 — Teacher Aide Field Work. 2 hours.** Each student will need to clear two mornings or two afternoons per week for assignments in the schools. One week (6 hours of class meetings) will be spent in orientation and study of para-professional duties and responsibilities.

**11-249 — Educational and Developmental Psychology. 3 hours.** A study of development from birth to maturity, the learning process, language and thinking, mental hygiene and evaluation. Prerequisite: Psychology 101.

**11-250 — Educational and Developmental Psychology Field Lab. 1 hour.** Twelve sessions in the elementary school with weekly reports required. Taken concurrently with Educ. 249. Student time sheets will show a minimum of twenty clock hours contact with public school students.

**11-341 — Statistics. 4 hours.** (Same as Mathematics 341.)

**11-351 — General Methods for the Secondary School. 2 hours.** A survey of psychological bases for methods and techniques; managing the environment; organizing materials of instruction; planning, motivating and guiding learning activities. Prerequisite: Education 249.

**11-352 — General Methods Practicum. 1 hour.** For approximately six weeks students will be actively involved in the teaching process with a public secondary school teacher. Time sheets will show a minimum of thirty clock hours contact with public school students. Taken concurrently with Educ. 351.

**11-353 — Elementary School Social Studies. 2 hours.** Survey of trends in the teaching of the social studies, methods and materials available for use in teaching social studies and an analysis of the objectives of the social studies curriculum. Emphasis is placed on awareness of minority groups and their contribution to America, multi-cultural education, the importance of the self-concept in school achievement, values clarification techniques, and the place of the text in an on-going social studies program. Educ. 402 must be taken concurrently.

**11-354 — Foundations of Language Arts. 2 hours.** A study of the curricula content, teaching strategies and recent research in the communication skills of grammar, handwriting, creative writing, spelling and literature. Prerequisites: Educ. 249 and admission to the Teacher Education Program. Must be taken concurrently with Educ. 408 and 357.

**11-356 — Elementary School Mathematics Instruction. 3 hours.** This course outlines modern practices in the teaching of arithmetic with special emphasis upon a meaningful approach which includes both the mathematical phase and the social phase of arithmetic in keeping with recent research findings. Prerequisites: Educ. 249 and admission to the Teacher Education Program or consent of instructor. Educ. 409 must be taken concurrently. The practicum is a combination of working with children and peers.

**11-357 — Foundations of Reading. 3 hours.** An exploration of current approaches,

trends, strategies, materials for instruction and recent research in the teaching of developmental reading in the elementary schools. Prerequisites: Educ. 249 and admission to the Teacher Education Program. Must be taken concurrently with Educ. 408 and 354.

**11-358 — Teaching of Reading in Secondary Schools. 2 hours.** Dealing with reading problems of a high school student in a specific content is the purpose of this course. Secondary education students will be involved in diagnosis, remediation, enrichment, measurement, and evaluation of reading problems of high school students.

**11-363 — Elementary School Science Curriculum and Instruction. 2 to 4 hours.** An introduction to elementary school science curriculum and instructional methods. Students are involved with public school academically talented students for twelve sessions in science instruction on campus. Prerequisites: Educ. 249 and admission to Teacher Education Program, or consent of instructor.

**11-364 — Methods in Secondary Physical Education. 2 hours.** (Same as P.E. 364.)

**11-365 — Art Activities for the Elementary School. 2 hours.** Creative art as it should be taught in the elementary school. Various media are explored for unique correlations to the classroom curriculum. Prerequisites: Admission to Teacher Education Program or consent of instructor.

**11-366 — Music Activities for the Elementary School. 3 hours.** (Same as Music 366.)

**11-367 — Methods and Materials in Physical Education for the Elementary School. 3 hours.** (Same as Physical Education 367.)

**11-400-413 — Student Interest Practicum. 1-4 hours.** This is a field experience in which the elementary or secondary education student works with students in an area of interest under the supervision of a supervising teacher or director of a program. A student will spend 30 or more hours per credit hour. Prerequisites: Junior Standing, Ed. 249, 250.

These course numbers will designate particular programs of the Practicum in various departments:

Thirty hours will be working with students and classroom teacher in a public school classroom in conjunction with special methods course(s) in the student's major field. The remaining ten hours will include such activities as conferences with the cooperating teacher and college supervisor, planning, evaluation sessions, etc.**11-481 — Para-Professional Practicum. 4 hours.** Students will spend half days for eight weeks working with a teacher as a para-professional under supervision of a college supervisor.**11-484 — Supervised Student Teaching in the Elementary School. 8-12 hours.** Prerequisites: Senior standing, approval by the Committee on Teacher Education, Education 249 and reading and arithmetic methods.**11-485 — Supervised Student Teaching: All Grades. 8-12 hours.** Prerequisites: Senior standing, approval by the committee on Teacher Education, Educ. 351, and/or appropriate special methods course or two appropriate methods courses without Educ. 351.**11-486 — Supervised Student Teaching in the Secondary School. 8-12 hours.** Prerequisites: Senior standing, approval by the Committee on Teacher Education, Education 351 and an appropriate special methods course (concurrent registration in these courses may be permitted).**11-487 — Elementary School Curriculum and Management. 2 hours.** Schedules; reports; attendance records, and parent-teacher-principal-pupil relationships; modern trends and practices in curriculum organization; planning the educational program; intended as a culminating course in the preparation for elementary school teaching. Prerequisite: Concurrent with Student Teaching or consent of instructor. Educ. 489 must be taken concurrently.**11-488 — Social and Philosophical Foundations of American Education. 3 hours.** A study of the American Public School System, its development, problems and practices, together with various issues which are involved with its relation to society. Consideration will be given to philosophical ideas and their influences.**11-489 — Pre-Student Teaching Lab. 1 hour.** Elementary education students will spend a minimum of thirty clock hours in the classroom where they are assigned for student teaching the five Wednesdays preceding the student teaching experience. The practicum is to be taken concurrently with 11-487.**11-490 — Beginning of School Experience. 0-1 hour.** The objectives for the student teacher in this pre-student teaching experience are to gain a first hand knowledge and understanding of the opening of school, to become acquainted with the school personnel, to acquire a preview of materials and assignments, and to gain a longitudinal view of the teaching-learning process. It requires a minimum of 30 hours at the school site where the student is assigned for student teaching. The student must be planning to enroll in 11-484, 485 or 488 for the current school year. Pass/Fail grading.**11-495 — Early Childhood Education. 2 hours.** A study of teaching-learning at the Pre-school level. The study emphasizes basic concepts such as growth, development, parent roles, and the teacher's role.

**11-497 — Audio-Visual Instructional Media. 2 hours.** This course includes theory and practice in the use of audio-visual media in the classroom with laboratory experience in the operation of sound-film projectors, film-strip projectors, opaque projectors, and other equipment.

**11-525 — Diagnosis in Reading. 3 hours.** An overview of the basic principles, nature, causes and diagnoses of reading difficulties. Included in the course is information to help teachers translate diagnostic information of disabled readers into corrective methods for instructional practice. Other focal areas include: factors influencing a student's reading development, group and individual diagnosis, current research in identifying children with perceptual, visual, or auditory problems, and improvement of corrective reading skills. Prerequisite: Education 357.

**11-561 — Statistics. 4 hours.** (Same as Educ. and Math 341.)

**11-562 — Measurement and Evaluation. 3 hours.** Review of the basic principles of measurement, practice in evaluation, administering and interpreting results of measures of achievement, general and special abilities, personality and interests. Individual projects in measurement and evaluation will include summarizing the evaluation procedures of special education procedures for the different areas of exceptionality, study of instruments used in assessing exceptional children, and working under the supervision of one special education teacher in a practicum experience during the semester.

**11-576 — Survey of Exceptional Children. 3 hours.** An overview of exceptionality: gifted, health impaired, mentally retarded, physically impaired, socially maladjusted, learning disability, and emotionally disturbed. These will all be studied. The psychology of exceptionality will be used as a basis for consideration of each area. Practitioners in these special education areas will make presentations from their respective field of expertise.

**11-600-699 — Graduate Level Courses.** Open to some seniors. See Director of Graduate Studies.

## Library Science — 12

**12-223 — Use of Books and Libraries. 2 hours.** Practical information on the use of books, the Dewey classification, the card catalog, printed indices, bibliographies, and other reference books.

**12-364 — Children's Literature. 2 hours.** A survey and critical analysis of children's literature to aid in the selecting of reading material for children from the pre-school age through the elementary grades. The course is a requirement for those planning to teach in the elementary grades in Illinois.

**12-368 — Books for Young People. 2 hours.** Concerned with the reading problems of the high school student. Analysis of books as an aid to the guidance of the individual student and a study of the available reading materials for this age group. Requires wide reading of books and corresponding bibliographical work.

**12-497 — Audio-Visual Aids to Learning. 2 hours.** (Same as Educ. 497.)

The general objective of the Department of Psychology is to acquaint students with the field of psychology and the implications of its principles for human behavior.

The Department specifically seeks to serve three types of students. First, it

provides broad training for students who wish to pursue further work in graduate schools to prepare them for a psychological vocation of their choosing. Second, it gives students sufficient background in psychological theories and principles to assist them more effectively to meet the needs of persons they encounter in their particular vocational and occupational pursuits. Third, it acquaints students with their own psychological adjustment processes to facilitate better interpersonal and intrapersonal relationships.

To accomplish these goals, the following academic options and requirements are established. Psychology 101 and 201, or their equivalents, are prerequisites for all other courses in psychology. Psychology 101 is the foundation course and should be taken first.

Students are to declare the pattern they have chosen to follow when they file for Junior standing. A copy of this intent shall be left with the departmental chairman and the student's adviser. This declaration should state whether an A.B. or a B.S. is desired and which pattern he intends to follow.

The physical education department offers a service program in physical education as well as professional training leading to a major. An extensive intramural and intercollegiate sports program is also sponsored by the Department.

The Department of Physical Education has as its objectives the promotion of good health practices in the lives of all students, the development of Christian character through sportsmanship and cooperative team play, the teaching of worthy use of leisure time, arousing interest and developing skills in games and recreational activities, and providing students majoring in Physical Education with the fundamental knowledge and skill required for effective service to society.

Two semester hours of physical education are required of all students. Veterans may apply at the Registrar's office for credit covering service experience in the Armed Forces. In cases in which inability is certified by the school physician, substitutions may be arranged of the same number of hours in zoology, hygiene, or first aid.

The successful completion of P.E. 249 is

a prerequisite to all courses numbered 300 and above.

### Major

#### Option A. Teaching Major: 33 hours

##### **Required:**

- 225 — Methods of Teaching Individual Sports
- 249 — History and Principles of Phy. Ed.
- 352 — Tests and Measurements in Phy. Ed.
- 360 — Physiology of Exercise
- 362 — Care of Athletic Injuries
- 370 — Adaptive and Corrective P.E.
- 376 — Community Health Education
- 471 — Organization and Administration of P.E.
- 472 — Kinesiology

##### **An additional 6 hours selected from:**

- P.E. 221 — Basketball
- 222 — Track and Field
- 223 — Baseball
- 224 — Football
- 227 — Team Sports Officiating
- 229 — Methods of Teaching Team Sports
- 367 — Methods of P.E. — Elementary

##### **Supporting courses:**

Bio. Sci. 121 — General Zoology, and the Professional Educational Sequence including P.E. 364 in Methods.

#### Option B. Non-Teaching Major: 36 hours.

Course work designed for those interested in YMCA, YWCA or other recreation fields.

##### **Required:**

- P.E. 225 — Methods of Teaching Individual Sports
- 240 — First Aid
- 249 — History and Principles of Physical Ed.
- 274 — Outdoor Education
- 362 — Care of Athletic Injuries
- 367 — Methods and Materials in Physical Education for the Elementary School
- 471 — Organization and Administration of P.E.
- 472 — Kinesiology or 360 — Physiology of Exercise

##### **and 13 additional hours from the department, including one hour of courses selected from:**

- P.E. 114 — Swimming (men)
- 115 — Lifesaving
- 116 — Scuba
- 130 — Swimming (women)
- 131 — Tennis
- 235 — Golf

##### **Supporting course required:**

Bio. Sci. 121 — General Zoology

**Also recommended:**

Take as many activity courses as possible, P.E. 100-130, and 370 — Adaptive and Corrective P.E.

**Option C. Training, Therapy**

The department offers a 24 hour non-teaching major for those interested in Athletic Training or pursuing further work in the area of Physical Therapy. A fully certified program in Physical Therapy is customarily offered only with graduate work elsewhere.

**Non-Teaching Major: 24 hours****Required:**

P.E. 130 — Swimming (women) or  
P.E. 114, 115 — Swimming (men) and  
Lifesaving  
240 — First Aid

362 — Care of Athletic Injuries  
370 — Adaptive and Corrective Phy. Ed.  
472 — Kinesiology  
and five hours of electives subject to the approval of the Chairman of the P.E. Department.

**Required supporting courses:**

Biol. Sci. 121 — General Zoology  
245 — Human Anatomy and Physiology  
361 — Vertebrate Zoology  
Chem. 101 — Introduction to Chemistry  
or 103 — General Chemistry  
112 — Chemistry for Life Sciences  
or 114 — Chemistry for Physical Sciences  
(Eight hours of Chemistry are required.)

**Strongly recommended:**

A minimum of 18 hours in Psychology.  
Bio. Sci. 353 — Embryology of the  
Vertebrates  
Physics 111 or 201 — General Physics I  
112 or 202 — General Physics II  
Math. 131 — Integrated Algebra and  
Trigonometry

**Teaching Minor: 24 Hours****Required:**

P.E. 249 — History and Principles of P.E.  
364 — Methods in Secondary Physical Ed.  
376 — Community Health Education  
471 — Organization and Administration  
of P.E.

**and 13 additional hours from the department, including**

Prof. Albertta David, head of the Division of Nursing Education, checks over the work of these sophomore nursing students as they begin learning the use of medical equipment in the Wisner Hall for Nursing Education.

## Division of Nursing Education — 15

*Albertta David, Chairwoman*

The philosophy of the Nursing Division includes the belief that professional nursing focuses on man and his environment for the purpose of promoting, maintaining, and/or restoring an optimum level of health. The nursing student practices in a variety of health care settings. Practicums include experience with individual and group health counseling and education, preventive care, acute and long-term care.

The Nursing Division has approval from the Illinois Department of Education and Registration, and is accredited by the National League for Nursing.

The nursing curriculum combines upper divisional education in nursing theory and practice with a broad liberal arts education base to prepare the graduate to practice modern professional nursing.

The four year baccalaureate nursing program at Olivet Nazarene College prepares professional nurses capable of delivering health care in distributive and episodic settings, provides a basis for increasing responsibility and leadership, and provides a foundation for graduate study and continuing personal and professional development.

For acceptance to the nursing major, all applicants must present a minimum of three semesters of college work, with at least forty-five (45) semester hours credit and a grade point average of 2.2 on a four-point (4.0) scale. All supportive courses must be completed before admission to the nursing major. Maintenance of the GPA of 2.2 is necessary for continuance in the nursing major. No grade below "C" is acceptable in either the nursing or supportive courses.

If it becomes necessary to limit the numbers in the nursing program, the criteria for acceptance will include grade point average, aptitude tests, personality, evidences of maturity and traits which would indicate success as a professional nurse.

**Major: 52 hours****Required:**

Nursing 201 — Introduction to Research  
15-222 — Basic Concepts in Nursing  
15-351 — Nursing of Adults  
15-352 — Parent/Child Health Nursing  
15-471 — Mental Health Nursing

- 15-472 — Community Health Nursing
- 15-482 — Nursing Leadership
- 15-491 — Nursing Seminar
- 15-493 — Research Seminar
- 15-494 — Independent Nursing Study

**To be supported by:**

- Chem. 101 — Introduction to Chemistry  
or 103 — General Chemistry
- 112 — Chemistry for the Life Sciences
- Bio. 121 — General Zoology
- 245 — Human Anatomy and Physiology
- 356 — Microbiology
- 362 — Human Nutrition
- Psych. 101 — Introduction to Psychology
- 201 — Developmental Psychology
- Sociology 121 — Introductory Sociology

## Courses

**15-201 — Introduction to Research. 2 hours.** Study of methods of research and statistics.

**15-222 — Basic Concepts in Nursing. 8 hours.** Presentation of basic concepts for understanding man, health, environment and nursing. Demonstration of the nursing process as a format for the comprehension of the wellness status and beginning pathophysiology. Introduction of theoretical background and fundamental nursing skills for utilization in group discussions and clinical settings. Prerequisites: Chem. 101 or 103 and 112; Biology 121, 245, 356, 362; Psychology 101, 201; Sociology 121.

**15-341 — Statistics. 4 hours.** (Same as Mathematics 341).

**15-351 — Nursing of Adults. 10 hours.** A study of the care of the adult having major problems arising from pathophysiological concepts. It emphasizes the nursing process of assessing, planning, implementing and evaluating to assist individuals and families in adapting to health changes.

**15-352 — Parent/Child Health Nursing. 10 hours.** Parent/Child Health Nursing is a study of the application of the nursing process to the life tasks of child-bearing and child rearing. The psychosocial and physiologic processes inherent in the addition of a family member and growth and development of the child are explored. Focus is placed on nursing intervention in the promotion, maintenance, and restoration of health to the group and each group member during child-bearing and child rearing.

**15-471 — Mental Health Nursing. 6 hours.** Mental Health Nursing emphasizes

the nursing process in relation to promoting, maintaining, and/or restoring optimum levels of personality development and behavioral adaptation for the client. Wholesome personality development, as well as maladaptive behaviors are considered in depth. Knowledge and understandings learned in the previous nursing and supportive courses will be emphasized and expanded. Prerequisites: 351, 352.

**15-472 — Community Health Nursing. 6 hours.** This course focuses on health promotion, prevention of illness and health maintenance. Students participate in nursing care in such varied community settings as the home, school, industry, and out-patient clinics. The influence of the family and the effects of environment upon health are analyzed. A geographic area is studied as an example of community efforts to provide health care services. The importance of the consumer in planning and evaluating health care, and in participating in self-care is stressed. The use of a car is required for this course. Prerequisites: Nurs. 351, 352.

**15-482 — Nursing Leadership. 3 hours.** Study of principles of leadership as utilized by the professional nurse. The nursing leadership process, group theory, and principles of communication are analyzed and related research is incorporated. Clinical experiences provide an opportunity to collaborate with health team members in utilizing the nursing process to provide care for a group of clients.

**15-491 — Nursing Seminar. 2 hours.** Provides a forum for exploration and discussion of issues and trends affecting nursing, from historical and current viewpoints. The focus is on areas of concern for nursing as a profession, nursing practice, and nursing education. Research and legislation affecting these issues is reviewed. The concept of role transition from student to practitioner is discussed and opportunities for continued professional growth are explored.

**15-493 — Research Seminar. 2 hours.** The major objective of the course is for the student to select a problem, plan the research, including the construction of a data gathering device, collect and analyze the data, draw conclusions, and prepare a research report. An emphasis is the importance of the study to nursing, i.e., patient education, standards, service.

**15-494 — Independent Nursing Study. 3 hours.** The purpose of this course is to provide an opportunity for the senior level student to select an area of interest, and to develop and operationalize a plan for independent study. Learning experiences are individually arranged in health care settings selected by the student.

Dr. Harlow Hopkins, head of the Division of Fine Arts, gives instruction to Leann Adams in a private clarinet lesson. Eleven faculty members in music give both private and class instruction in voice and instruments.

## **Division of Fine Arts**

**Fine Arts — 21**

**Art — 22**

**Applied Music — 23**

**Church Music — 24**

**Music Education — 25**

**Music Literature — 26**

**Music Theory — 27**

*Harlow Hopkins, Chairman*

The Division includes the Departments of Art and Music.

The objectives of the Division of Fine Arts are twofold. Realizing that a knowledge of the fine arts is a vital part of any liberal education, the Division attempts (1) to develop an intelligent appreciation of, and desire for, the arts that will be lasting value in the life of every student; and (2) to prepare those professionally interested in the area of music.

## Fine Arts — 21

**21-101 — Introduction to Fine Arts. 3 hours.** A general education course designed to give the student an understanding of the basic structural similarities in the aural art of music and the visual arts of painting, sculpture, architecture.

**21-177, 21-178, 21-377, 21-378 — Radio Workshop. 1 hour each semester.** A study of the equipment and materials used in broadcasting, including the operation of control room equipment (mixing panel, record turntables, tape machines, etc.), and the writing and delivery of material for broadcasts of a sacred and secular nature: commercials, newscasts, and devotional programs.

## Art — 22

HARVEY A. COLLINS (1953)  
*Associate Professor of Fine Arts;*  
*Chairman of Department*

B.F.A., 1951, University of Florida

The aim of the Music Department is to provide instruction in certain branches of music, so that (1) students may become Christian men and women of highest ideals and usefulness as performers, teachers, church organists, and ministers of music; and (2) students from other divisions of the college, and unclassified students may pursue courses towards a minor, or for elective credit.

## General Regulations

The Chairman of the Department shall determine which students shall enroll with each teacher, such enrollment being based primarily upon the needs of the students and the field of specialization of the teacher.

Students who desire collegiate standing or advanced credit in applied music must be prepared to play or sing two or three solo works from standard repertoire before members of the music faculty. Memorization is recommended.

Transferred work in applied music and theory will receive credit subject to examination or to satisfactory study in courses of similar content or in sequence in Olivet Nazarene College. Work taken under private teachers or from unaccredited schools may be validated for credit by the student's passing proficiency examinations.

No student is allowed to study music with a teacher not on the staff of the Department of Music, nor to belong to a musical organization on or off campus, without permission from the Chairman of the Division of Fine Arts. Applied music students should not make public appearances without consent of the applied instructor.

Applied music students must practice regularly as follows:

Class piano students, a minimum of five hours per week.

Class voice students, a minimum of four hours per week.

Private students of piano, voice, organ and all other instruments, a minimum of six hours for every half hour lesson per week.

A course in applied music will be regarded as failed if the student has not fulfilled the required number of lessons during the semester, viz., thirteen lessons. The instructor is not responsible for the make up of lessons missed by the student except when a bona fide reason for the absence is presented.

Music Majors are required to attend 12 concerts and/or recitals per semester while music minors and all others studying applied music are required to attend 6 concerts per semester. Failure to meet this requirement will cause the final applied semester grade to be lowered.

Choral Union is required of all music majors each semester, and of music minors each semester they are enrolled in applied work.

Because of the importance of a knowledge of music theory and the wide variance noted in the background in this area in the pre-college studies of music students, all declared music majors will be required to take a placement examination in order to qualify to enter courses in Theory.

Similar importance is placed on the ability of a student majoring in music to play a keyboard instrument. The student who wishes to concentrate in voice or an instrument other than piano or organ should plan to have the keyboard requirement completed by the end of the sophomore year.

Keyboard work must be carried concurrently with theory courses (Mus. 192, 193, 292, 293) unless the student has had several years of serious keyboard study prior to entrance at Olivet. No student majoring in Music Education will be permitted to do student teaching until completing the equivalent of Piano 107, either privately or in class.

All music majors are required to participate in (1) a senior recital that includes music from the major style periods, or (2) complete a senior project in music education that is equivalent in time and effort to the recital. All such projects must be approved in advance by the Chairman of the Department in cooperation with the faculty specialist in music education.

The progress of each student in his major applied area will be noted at the end of the second year of study and a judgment rendered at that examination as to his readiness to proceed into the third year. Eight hours of Upper Division (300 and 400 level) credit are required for graduation, with the exception of the Combination Major in Church Music and Christian Education.

Questions concerning entrance requirements and general regulations should be addressed to the Chairman of the Department of Music.

## Curricula Offered

**Music Education.** It is the objective of the Department of Music to provide training and experiences to properly qualify students for positions as teachers or supervisors of music in the public schools. The program exceeds the requirements of the State Board of Education and of the Illinois Limited State Special Certificate which qualifies the holder to teach and supervise music in grades 1-12.

**Church and Choral Music.** For students who expect to be church musicians, the Department offers a program intended to give a comprehensive and thorough technical training along with the deeply spiritual emphasis of the college.

Believing that spiritual fervency and technical proficiency can be combined, Olivet presents a church music program which will enable the graduate to take his place in church music circles with effectiveness.

A combined major in Church Music and Christian Education is also available. The required courses are listed in the Christian Education Department.

The curriculum is designed primarily for the church choir director, church organist, the organist and choirmaster, the church soloist, and the music evangelist who desires extensive training that he might give the best possible service to the church.

A secondary aim is to prepare students for participation in church services as pianists, organists, and song leaders.

**Performance Major.** This degree is offered for the outstanding student already displaying a high calibre of attainment, who is pursuing work in solo and ensemble performance, accompanying, and college or private teaching. Students wishing to teach in the public schools should choose the Music Education curriculum.

Admission to this major is by audition only. Auditions should include pieces which are representative of the various historical periods in music. Memorization is expected.

### **Teaching Major (Music Education) A.B. or B.S.: 60-65 hours**

#### **Required:**

Music 190 — Intro. to Music Literature  
192, 193 — Music Theory  
275 — Elementary Conducting  
292, 293 — Music Theory  
370 — Voice Literature and Pedagogy  
390, 391 — History and Literature of Music  
494 — Instrumentation

#### **Three of these methods courses:**

180 — Percussion Instrument Class  
280 — String Instrument Class  
380 — Woodwind Instrument Class  
381 — Brass Instrument Class

Applied Music Concentration 16 hours minimum in organ, piano, voice, string, woodwind, brass or percussion instrument. Preparatory applied course credit does not count toward this 16 hour requirement.

The student must also have a minimum of 2 hours in voice (if not a voice major) and a minimum of 4 hours of piano (if not a piano or organ major), and must satisfactorily complete the equivalent of Piano 107, either privately or in class, before Student Teaching can begin.

Non-keyboard majors possessing adequate skills to pass the piano proficiency exam (Piano 107) may meet the four-hour requirements by taking piano and/or organ. Successful completion of Piano 107 will fulfill the piano proficiency requirement should the student elect to take the course instead of the piano proficiency exam.

#### **Controlled Electives:**

Ensemble(s), 4 hours;  
378 — Choral Literature & Conducting  
or 481 — Instrumental Lit. and  
Conducting.

Supported by the Professional Education Sequence in Chapter 7..... 21-22 hours

Since the curriculum in music education has very few electives, students are advised that at least one summer session in addition to the regular eight semesters may be required to complete the degree in this field.

### **Non-Teaching Major (Church and Choral Music) A.B. or B.S.: 71 Hours**

#### **Required:**

190 — Intro. to Music Literature  
192, 193 — Music Theory  
275 — Elementary Conducting  
292, 293 — Music Theory  
377 — Music in Worship  
379 — Music in the Church Service  
390, 391 — History and Literature of Music  
478 — History of Church Music  
479 — Seminar in Church Music  
494 — Instrumentation

#### **Six hours chosen from the following:**

378 — Choral Literature and Conducting,  
454 — Secondary Music Methods,  
462 — Elementary School Music Methods,  
481 — Instrumental Literature and  
Conducting  
Ensemble ..... 4 hours

For Church and Choral Music majors the applied concentration must be a minimum of 20 hours in voice or organ. At least 4 additional hours of applied music is required (to be recommended by counselor).

Combined major with 46 hours of Music and 24 hours of Christian Education.

See the Department of Christian Education for full description of requirements. A.B., B.S.

## Applied Music — 23

A concentration of applied music is required of all majors in music. A placement hearing is required prior to registration for any applied music course. Registration is to be initiated in Goodwin Hall Music Offices.

### Keyboard Instruments

**23-100, 23-101 — Preparatory Organ. 1 hour.** For the student who does not wish to major in organ, or who has insufficient piano background to begin study on the collegiate level. Piano foundation in scales, simple classical pieces and hymns is required. Organ 100 includes fundamentals of organ technique, major scales on pedals, hymn arrangements, and easier pieces for service playing. Emphasis upon Richard Enright instruction book and Master Studies. To enter the four-year course with an applied major in organ, the student should have completed sufficient piano study to play the easier Bach Inventions, Beethoven sonatas

and some contemporary literature and Mus. 101.

**23-102, 23-103, 23-202, 23-203 — Organ.** Instruction books include the Harold Gleason, Richard Enright, and Marcel Dupre methods. Nilson pedal studies, major and minor pedal scales, J. S. Bach's Liturgical Year, and Eight Little Preludes and Fugues, Mendelssohn sonatas, contemporary compositions, basic instruction on the Schulmerich carillons. The student is expected to appear on a recital, play in chapel occasionally, and be able to play hymns and church service music. **2 hours each semester**, or until able to pass the qualifying examination for upper division standing. Prerequisite: Organ 101.

**23-302, 23-303, 23-402, 23-403 — Organ.** J. S. Bach: Larger Preludes and Fugues, Toccatas, Fantasias, selections from Trio Sonatas, or Schubler Chorales. Compositions by Franck, Karg-Elert, Vierne, Langlais, Alain, Messiaen, etc. (Student should be able to do some transposing, modulating, score reading, accompanying, and improvising.) **2 hours each semester**, with an examination before a committee.

**23-104, 23-105, 23-106, 23-107 — Preparatory Piano. 1 hour each semester.** Class piano instruction. Development of general technical principles; sight reading; pedal technique; scale technic; playing the principal chords in all keys, and harmonization of simple melodies using these chords; transposition and score reading; playing by ear; playing of folk songs and hymns. Preference for admission to the 12-piano lab is given to students for whom the course is required.

**23-108, 23-109, 23-208, 23-209 — Piano.** Private instruction dealing with the less difficult compositions from the Baroque, Classical, Romantic, and Twentieth Century periods. Instruction will be given in technique, sight reading, transposition, accompanying, and ensemble playing. Each student must pass a playing exam at the end of the semester which will include technique and memorized repertoire. **2 hours each semester**, or until able to pass the qualifying examination for upper division standing. Prerequisite: Piano 107 or permission of instructor.

**23-308, 23-309, 23-408, 23-409 — Piano. 2 hours each semester.** Continued private instruction. The student should cultivate a well-balanced repertoire comprising compositions of baroque, classic, romantic, and modern composers. The senior recital is usually performed during the student's enrollment in Piano 409. Performance majors: see Recitals. A playing exam is required at the end of each semester.

## String and Percussion Instruments

**23-110, 23-111 — Preparatory Violin. 1 hour each semester.** Fundamentals of violin technic. Major and minor scales. Technical development through the first five positions. Solo pieces, easy concertos and sonatas.

## **Division of Languages and Literature**

<b>English Language —</b>	<b>32</b>
<b>Foreign Languages —</b>	<b>33</b>
<b>Speech Communication —</b>	<b>34</b>

*David Kale, Chairman*

The Division includes the Departments of English Language and Literature, Foreign Languages and Literature, and Speech Communication.

The aims of instruction are detailed in each department but in general include the following: (a) to provide training in the effective use of the English language, both written and spoken; (b) to enlarge the cultural background of the student through the study of literature, and through an acquaintance with at least one foreign language; (c) to provide experience in the interpretation of literary masterpieces of the past and present, relating them to the social, religious, and political ideals of the peoples involved; (d) to develop an appreciation and love for the true and the beautiful in verbal expression, that a life of richer significance may be achieved through self-expression, emotional release, and creative activity; (e) to inculcate a taste for wholesome reading and other literary activities, and to develop standards by which the student may be enabled to evaluate the relative merits of that which he reads and hears.

The programs leading to the Bachelor of Arts degree with a major in Romance Languages are designed to develop in the student an ability to comprehend, speak, read, and write the language. A major objective of the department is to prepare those who expect to teach a modern foreign language at the secondary school level.

Students with one year or less of foreign language credit on the junior high or senior high levels will meet the foreign language requirements on the B.A. degree by successfully completing Level I, (a) and (b) in the language of their choice. Courses numbered 101, 111, 121, 131 and 141, may not be taken for credit by a student with two years or more of high school credit in that language. If he feels deficient he may audit these courses. Upon completion of the Intermediate level course with a minimum grade of "C" the student may petition for five hours of credit for level I (a) in the same language.

A student with three or more years of high school credit in a language who desires to complete a major or a teaching minor in that language may petition for 10

hours of credit in lieu of Level I (a) and (b) upon successful completion of two courses in Level II of the same language.

**33-112 — Level I (b) Intermediate Spanish. 5 hours.** An intermediate level course which is a continuation of Spanish 111 with an additional emphasis on reading.

**33-311 — Level II (a) Grammar Review. 5 hours.** Grammar review, aural comprehension, conversation, reading. Prerequisite: Spanish 112 or 3-4 years of high school Spanish.

**33-312 — Level II (b) Spanish and Spanish-American Culture and Civilization. 5 hours.** A survey of Spanish life and Spanish institutions intended as a background for literary studies and as a preparation for teaching Spanish. Prerequisite: Spanish 311.

**33-341 — Advanced Communication in Spanish. 2 hours.** This is a course designed to give intensive practice in communicating in the foreign language. The course provides opportunities to improve listening, speaking and writing abilities. Some attention is given to commercial Spanish. Prerequisite: Spanish Level II.

**33-361 — Level III (a) Spanish Literature. 3 hours.** Spanish literature from *Poema del Cid* to the present. A survey course which includes a history of the literature and the reading of selected works representative of the various periods. Prerequisite: Spanish Level II.

**33-362 — Level III (b) Spanish American Literature. 3 hours.** Spanish-American literature from the Conquistadores to the present. A survey course which includes a history of Spanish-American literature and the reading of selected works representative of the various periods. Prerequisite: Spanish 361.

**33-483 — Pronunciation, Diction, and Speech Patterns. 2 hours.** A systematic study of the sounds and sound patterns of Spanish. Oral practice. Emphasis on articulation and intonation. Analysis and correction of the student's pronunciation with special attention to the problems of teachers. Prerequisite: level II.

**33-485 — Advanced Readings in Spanish and Spanish American Literature. 2 or 3 hours.** A directed study course which may be repeated for credit. The study of a specific author or authors, literary movements or genres (romanticism, realism, modernism, Golden Age drama, modern drama, contemporary novel, novel of the Mexican Revolution, etc.). Prerequisite: Level III.

## German

**33-121 — Level I (a) Elementary German. 5 hours.** A comprehensive elementary course which includes grammar, pronunciation, oral and written composition and reading.

**33-122 — Level I (b) Intermediate German. 5 hours.** An intermediate level course

which is a continuation of German 121 with additional emphasis on reading.

**33-321 — Level II (a) Grammar Review. 5 hours.** Grammar review, aural comprehension, conversation, reading. Prerequisite: German 122 or 3-4 years of high school German.

**33-322 — Level II (b) German Culture and Civilization. 5 hours.** A survey of German life and German institutions intended as a background for literary studies and as a preparation for teaching German. Prerequisite: German 321.

## Greek

**33-131 — Elementary Greek. 5 hours.** A comprehensive course, including grammar, pronunciation, vocabulary study, and the reading and writing of Greek sentences. Some attention may be given to memorable passages from the Greek New Testament.

**33-132 — Intermediate Greek. 5 hours.** A continuation of Greek 131 with greater emphasis on reading. A considerable portion of the gospel of John will be read in this course.

**33-331, 33-332 — Rapid Reading of the Greek New Testament. 3 hours both semesters.** After a brief review of the essentials, extensive portions of the Gospels and the Acts will be read in the first semester. In the second semester the Epistle to the Galatians and selections from several of the other Pauline Epistles will be read, with some attention to the principles of sound exegesis from the Greek text.

## Speech Communication — 34

DAVID KALE (1977)

*Professor of Speech Communication;  
Chairman of Speech Communication  
Department; Chairman of Division of  
Language and Literature*

B.A., 1966, Eastern Nazarene College

M.A., 1970, Temple University

Ph.D., 1974, Pennsylvania State University

DONALD TOLAND (1978)

*Associate Professor of Speech  
Communication*

B.A., 1949, University of Minnesota

M.A., 1951, University of Denver

The courses in the Department of Speech Communication have three objectives as follows: 1) The training of students in the field of Speech covering both the scientific and the artistic aspects; 2) The

development of skill in expression which will better equip the individual for a place of leadership, and 3) The preparation of specially qualified students in the field of Speech Communication.

### **Major: 27 to 30 hours**

#### **Required:**

Speech 201 — Communicating Christ to the Modern World  
221 — Mass Media and Society  
354 — Communication Theory  
359 — Persuasion

#### **Required supporting courses:**

English 304 — Grammars: Structure of Language  
Psychology 321 — Social Psychology  
Sociology 364 — Anthropology

***In addition, the student must complete one of the following options:***

#### **Option A — Speech Communication**

Speech 101 — Fundamentals of Speech  
222 — Psychology of Human Communication  
350 — Cross-Cultural Communication  
353 — Nonverbal Communication  
356 — Interviewing & Small Group Processes

#### **Option B — Broadcasting**

Speech 177, 178, 377, 378 — Communications Workshop  
371 — Radio & T.V. Production  
372 — Broadcast Writing  
374 — Broadcast Speaking  
487 — Broadcasting Practicum

#### **Option C — Journalism**

English 202 — Creative Writing  
241 — Journalism  
245 — Editing & Production  
340 — Magazine & Feature Article Writing  
487 — Journalism Practicum

**Teaching Minor: 21 hours** as approved by the Chairman of Department

**Non-Teaching Minor: 15 hours** as approved by the Department Chairman

## **Speech Communication**

**34-101 — Fundamentals of Speech. 3 hours.** A course designed to develop an understanding of the basic fundamentals of speech and communication.

**34-104 — Parliamentary Law. 1 hour.** The study and practice of parliamentary procedure.

**34-201 — Communicating Christ to the Modern World. 3 hours.** Principles of inductive Bible study, basic concepts of the Christian faith and principles of communication will be merged in this course with the express purpose of helping the student integrate the Christian faith with the discipline of communication.

**34-221 — Mass Media and Society. 3 hours.** The student will become familiar with the historical development of the media, along with their impact on the political, social and economic structures of society. The organizational framework of the mass media will be studied, along with the qualifications and opportunities for employment.

**34-222 — Psychology of Human Communication. 3 hours.** The purpose of this course is to provide a broad survey of several psychological factors affecting human communication. Topics such as selective perception, labeling, and nonverbal communication will be among those considered. Prerequisite: Sp. 101.

**34-260 — Fundamentals of Play Production. 3 hours.** The purpose of this course is to provide instruction in all aspects of play production. Topics to be covered include concepts in acting, production, direction, set design, etc.

**34-352 — Advanced Public Speaking. 3 hours.** The course is planned to aid students with an interest in general speaking. It combines theory with practice. Speeches are full length, and emphasis is heavy on content and organization. Class evaluation and criticism is encouraged. Prerequisite: Sp. 34-101.

**34-353 — Cross-cultural Communication. 3 hours.** Similarities and differences of communication patterns across cultures is the focus of this course. Of particular concern will be communication rituals, nonverbal signals and communication patterns of cultural groups.

**34-354 — Communication Theory. 3 hours.** A study of communication modules and their application to interpersonal communication and public speaking. Problems of miscommunication will be investigated.

**34-356 — Interviewing & Small Group Processes. 3 hours.** A study of the principles of interpersonal communication and group dynamics. Attention is given to the responsibilities of group members and leaders as well as to various group discussion formats (problem solving, creative thinking, decision making).

**34-357 — Nonverbal Communication. 3 hours.** The purpose of this course is to examine the function of nonverbal factors in interpersonal communication. Kinesics, oculistics and proxemics will be among the topics considered in the course.

**34-359 — Persuasion. 3 hours.** Psychological aspects of speech; nature and methods of attention, suggestion, motivation, and identification; influencing group opinion and action.

**34-466 — Practicum. 2 hours.**

## Broadcasting

**34-177, 34-178, 34-377, 34-378 — Communications Workshop. 1 hour each semester.** (Same as Fine Arts 177, 178, 377, 378.)

**34-371 — Radio and TV Production. 3 hours.** This course concentrates on the practical aspects of radio and television production. Students will have access to college radio and television studios as they produce original scripts and programs. Technical problems of

audio and video control, staging, lighting, camera work and management of production personnel will be considered.

**34-372 — Broadcast Writing. 3 hours.** All types of television and radio writing will be covered in this course. The student will not only learn the practical aspects of script writing and program development, but will also gain an understanding of the power of the media to affect the thinking and actions of people.

**34-374 — Broadcast Speaking. 3 hours.** The course is designed to develop the student's broadcast speech skills and to help the student gain an appreciation for broadcasting as a means of communication and education. The course provides a knowledge of basic techniques and an opportunity for practice in specific areas of announcing, newscasting, acting, and oral interpretation.

**34-487 — Broadcasting Practicum. 6 hours.** Each student enrolled in this course will be assigned to a local station for direct exposure to the everyday operation of the broadcasting industry. The course will be supervised by a person who is a staff member at the station.

Gary Griffin, student manager of Olivet's FM radio station, WKOC, is checking over a tape ready for the next broadcast. The station is operated by students who have enrolled for classes in broadcasting.

Prof. Donald Toland, a veteran radio announcer before joining the Olivet faculty, directs the work of these students in the television studio. Media specialist Stephen Vanciel is standing by a control panel.

Dr. Max Reams, head of the Division of Natural Sciences, was discussing geological formations with these students in a laboratory session in Reed Science Hall.

## **Division of Natural Sciences — 41**

**Biological Sciences — 42**

**Chemistry — 43**

**Earth and Space Sciences — 44**

**Mathematics and Computer Science — 45**

**Physics — 46**

*Max Reams, Chairman*

The Division of Natural Sciences includes the Departments of Biological Sciences, Chemistry, Earth and Space Sciences, Mathematics, and Physics.

The general purpose of the Division is to integrate the aims and the work of the various departments. The aim for each is not the acquisition of knowledge alone, but the developing of logical and orderly thinking habits. The objective is to acquaint the student with the scientific method as a means for arriving at the truth and to show that there is harmony between science and religion.

Further aims are given more in detail in the introduction for each department, together with requirements for majors in the various fields.

## Interdisciplinary Major in the Physical Sciences

This major is offered providing emphases in such areas as Biophysics, Geophysics, Biochemistry, Geochemistry, Chemical Physics, Mathematical Physics, and Ecology, depending upon the student's interest.

### Major (Bachelor of Arts):

Science and Mathematics Core:  
 General Chemistry..... 8 hours  
 General Physics..... 10 hours  
 Calculus I and II..... 8 hours

26 hours

A minimum of 40-55 additional hours in science (may be part biological or math), with a minimum of 20 additional hours in one department. The curriculum would be tailor-made to fit the vocational-professional needs of the student and would be determined by a committee composed of representatives from each department involved (e.g., Biophysics — one person from Biology and one from Physics). In addition to these members who would be responsible for the details of an individual student's curriculum, the chairman from the represented departments and the divisional chairman would be *ex-officio* members of the committee.

### Teaching Major (Bachelor of Arts):

An interdisciplinary teaching major in the physical sciences requires 20 hours in one physical science department above the Science and Mathematics core and 10 hours in another department of the Division of Natural Sciences above the core. The committee in this case must include a member of the Department of Education.

The plan of study proposed by this committee would then be presented to the entire division. Upon approval by the division the plan of study would then be presented to the Registrar and the Dean of the College for approval. Students preparing for teaching certification must take the Professional Education Sequence including Natural Science 477.

### Major (Bachelor of Science):

The requirements for a B.S. in the Interdisciplinary program are the same as for the Bachelor of Arts, except for the following:

Science and Mathematics Core (in addition):

Computer Science..... 3 hours

A minimum of 46-63 additional hours in science (may be part biological or math), with a minimum of 24 additional hours in 1 department.

### Teaching Major (Bachelor of Science):

A teaching major in the Interdisciplinary program requires 24 hours in one physical science department above the Science and Mathematics core and 10 hours in another department of the Division of Natural Sciences above the core, and the Professional Education sequence including N.S. 477.

## Interdepartmental Teaching Minors

The division offers the following interdepartmental teaching minors:

### General Science Teaching Minor:

(not open to Teaching Majors in Chemistry, Physics, or Biology) —  
**24 hours**

#### Required:

Biological Sciences  
 120 — General Botany  
 121 — General Zoology  
 241 — Genetics  
 and electives from Chemistry, Physics, Earth and Space Sciences, Natural Science 121 — Physical Geography.  
 Three hours must be upper division.

### Physical Science Teaching Minor:

(not to include courses from the science major department):  
**24 hours**

#### Two of the following are required:

Astronomy ..... 7 hours  
 Chemistry ..... 12 hours  
 Earth Science ..... 8 hours  
 Physics ..... 10 hours

Electives chosen from Nat. Sci. 121, Physical Geography, Chemistry, Physics, Earth and Space Sciences.

## Engineering

There are three alternatives in engineering at Olivet. The first two years in each program is common allowing students to

wait until their sophomore year to decide which track to follow.

**Engineering Physics (B.S.)** This 4 year program leads to the Bachelor of Science degree and makes it possible for students to complete their degree at Olivet. The emphasis is on a strong broad science base with a minimum of 41 hours in Physics, 22 hours of Mathematics and 12 hours of Chemistry. In addition, there is emphasis placed on applied courses such as engineering graphics, machine shop, and computer science. One of the most important parts of the program is the junior-senior research course where students utilize their science and engineering skills to attack a real-life problem of their own choosing in consultation with Olivet faculty.

The Engineering Physics program provides excellent training for technical management positions in engineering and research industries.

**3-2 Engineering (B.A.)** This program which has been in existence since 1970 enables students to take their first three years in residence at Olivet. They then transfer to another university in order to complete their B.S. in their chosen engineering specialization. Upon completion of the degree at the approved engineering school, the student receives a Bachelor of Science from the University and a Bachelor of Arts in Engineering from Olivet.

This program offers a broader liberal arts background than most engineering programs while still providing the excellence in the specialized engineering field available at the large university.

Most engineering programs offered by the University of Illinois or by Purdue University are available to Olivet students through the 3-2 program.

### **2-2 Engineering Transfer Program**

In cooperation with the University of Illinois, Olivet has developed an engineering program in which the student takes two years of courses at Olivet, then specializes in the next two years at the University of Illinois.

Degrees available from the University of Illinois through the 2-2 program with Olivet include: Aeronautical and Astronautical Engineering, Agricultural Engineering, Ceramic Engineering, Civil Engineering, Computer Engineering, Electrical Engineering, Engineering Mechanics, General Engineering, Industrial Engineering, Mechanical Engineering, Metallurgical Engineering, and Nuclear Engineering.

This enables students to be graduates of both Olivet and the University of Illinois. The first two years at Olivet are basically the same as would be taken if a student chooses to complete the four year engineering physics degree at Olivet, or participate in the 3-2 program listed above.

A student may fulfill the requirements for the Associate of Arts Degree in Science Technology at Olivet as well as the requirements for the transfer program to the University of Illinois.

## **Science Technology**

### **A.A. — two year Associate of Arts**

The 2 year program is intended for students who are not interested in a 4 year bachelors degree at this time. It provides an excellent science and mathematics preparation for many company training programs.

In addition to the science and mathematics base, the applied courses in engineering and computer science provide the "hands on" experience desired by many students.

One of the distinct advantages that the degree program offers over many competing programs is the acceptance of credit for a bachelors degree. All of the work done during the two years may be applied to a 4 year degree at a later time.

**Associate of Arts Degree in Science Technology 41-42 hours**, plus General Education Requirements.

#### **Science Requirement:**

Physics 201 — General Physics I  
202 — General Physics II  
Math. 147 — Calculus I  
148 — Calculus II  
CS 125 — Concepts of Computer Science  
Chem. 103 — General Chemistry  
114 — Chemistry for the Physical Sciences  
Nat. Sci. 107 — Engineering Graphics  
108 — Introduction to Machine Shop

**Controlled electives** in science and mathematics **6-7 hours.**

#### **Strongly recommended:**

Math. 361 — Calculus III  
362 — Calculus IV  
Chem. 301 — Quantitative Analysis

#### **Other suggested electives:**

Physics 246 — Basic Physical Measurements  
371 — Electronics for Scientists

Chem. 310 — Instrumental Methods of Analysis

311 — Organic Chemistry I

312 — Organic Chemistry II

ESS. 354 — Crystallography

## Degree Program in Medical Technology

Requirements for the degree Bachelor of Arts with a major in medical technology include:

1. Completion of a minimum of 98 semester hours including the general and group requirements for the degree. This is usually accomplished in three years of pre-professional studies. The junior year at Olivet Nazarene College is construed to be the last year in residence indicated in the general requirements.

2. Completion of 12 months of clinical training in a hospital laboratory school of medical technology accredited by the Council of Medical Education of the American Medical Association. Normally thirty upper division hours will be granted for the program, and it will be applied toward the requirements for the major.

### Major (Medical Technology): 52-54 Hours

#### Required:

Bio. 121 — General Zoology  
241 — Genetics  
356 — Microbiology  
484 — Cellular Biology  
Chem. 103 — General Chemistry  
114 — Chemistry for the Physical Sciences  
301 — Quantitative Analysis  
311 — Organic Chemistry I  
Math. 131 — Algebra and Trigonometry or 147 — Calculus I

#### To be supported by:

Bio. 373 — Introduction to Molecular Biology or Chem. 373 — Biochemistry and at least two courses selected from the following:  
Bio. 120 — General Botany  
245 — Human Anatomy and Physiology  
Chem. 310 — Instrumental Methods of Analysis  
312 — Organic Chemistry II

## Career Programs in Nutrition, Food Science and Food Service

Providing for man's basic need for food has many different facets in career opportunities. It is quite important that each student preparing for employment in the food field spectrum have a clear concept of the kind of position which would fulfill that person's interest. The types of preparation for the various kinds of occupations can be quite different. Hence the following guidelines are presented to aid students in program selection.

### Dietetics

#### Four year program

1. Preparation toward becoming a **registered dietitian**. Olivet offers the therapeutic emphasis of the American Dietetic Association (A.D.A.) program. This will prepare a person for a position as director of dietetic services within a hospital, or as a hospital dietician, or as a consulting dietician serving in extended care facilities such as nursing homes or medical groups. The student may qualify for A.D.A. membership after pursuing a traineeship or internship following graduation from Olivet.

2. Preparation toward becoming a **public health nutritionist**. The public health nutritionist is the member of the health team who assesses community nutrition needs, plans, organizes, directs, coordinates, and evaluates the nutrition component of health services.

This person may also provide supervision for less experienced nutrition personnel. One place of employment of a public health nutritionist, for example, is a city or county health department.

A person with this training is generally more involved with preventative aspects of nutrition than with therapeutic nutrition. It is strongly recommended that the student plan for graduate study to obtain a master degree in public health nutrition.

### Interdisciplinary Major in the Physical Sciences with an Emphasis in Nutritional Science

#### Four year program

Preparation toward becoming a **research nutritional scientist**.

**41-121 — Physical Geography. 2 hours.** (Same as Geography 121.)

**41-477 — Teaching of Science. 2 hours.** A study of the aims, the methods, and the equipment needed for classes and instructors of the natural sciences. Taken concurrently with Educ. 480.

**41-520 — Oceanography. 3 hours.** The oceans: their physical, chemical, biological, and geological characteristics, with a discussion of their history.

**41-540 — Paleontology. 3 hours.** A study of ancient life as revealed in the fossil record: invertebrates, vertebrates, plants and man. Taxonomy, paleoecology, and environmental interpretation will all receive emphasis. Field trips. Prerequisite: a course in Biology or Geology.

**41-560 — Topics in Environmental Science. 3-4 hours.** An interdisciplinary approach to man's environment, emphasizing chemical, physical, biological and geological solutions for problems such as air, water, and solid waste pollution, urban development, natural resource depletion, recycling. Field trips.

**41-600-699 — Graduate Level Courses.** Open to some seniors. See Director of Graduate Studies.

## Biological Sciences — 42

**ROBERT W. WRIGHT (1969)**

Ph.D., 1970, University of Iowa

**ROBERT E. HAYES (1970)**  
*Professor of Food Science*

B.S., 1950, Union College  
M.S., 1969, Massachusetts Institute of  
Technology  
Ph.D., 1955, University of Illinois

This department offers work to meet the needs of those who wish to secure knowledge in the biological sciences, to enter medical school or related health sciences to prepare to teach biology in the public schools, or to pursue graduate study. Biological knowledge arranges itself naturally according to levels of organization. Each level (molecular, individual, population and community) has its own rationale, principles, processes, techniques and language. It is desired that all biology students have experiences with each level for the wealth of understanding which such a background brings to the individual's own academic specialty. All majors in the Department of Biological Sciences at Olivet Nazarene College take a sequence of courses designed to convey the body of thought and information which is essential to the undergraduate training of biologists regardless of their ultimate specialization.

### Major (Bachelor of Arts — Biology): 30 hours

#### **Required:**

Biol. 120 — General Botany  
121 — General Zoology  
241 — Genetics  
370 — Ecology  
373 — Introduction to Molecular Biology  
484 — Cellular Biology  
495 — (1 hour) Seminar in Biology

#### **To be supported by:**

Chem. 103 — General Chemistry  
114 — Chemistry for the Physical Sciences  
One course in mathematics.

### Major (Bachelor of Arts — Botany): 30 hours

#### **Required:**

Biol. 120 — General Botany  
121 — General Zoology  
241 — Genetics  
373 — Introduction to Molecular Biology  
495 — (1 hour) Seminar in Biology

#### **Additional work in botany is to be selected from:**

Biol. 356 — Microbiology  
357 — Plant Anatomy  
365-366 — Plant Morphology  
370 — Ecology  
455 — Physiology

Such an individual conducts original laboratory research at the subcellular, cellular and organ levels as well as with experimental animals. It should be the goal of an individual in this area to pursue graduate study toward an M.S. degree and preferably toward a Ph.D. in nutritional science (nutritional biochemistry).

The Olivet undergraduate program closely follows the recommendations of the American Institute of Nutrition.

## **Interdisciplinary Major in the Physical Sciences with an Emphasis in Food Science and Nutrition**

### **Four year program**

Preparation toward becoming a **food scientist or food technologist**.

Such individuals are concerned with applying their knowledge of chemistry, biology, mathematics, physics and engineering to problems concerned with flavor, texture, nutritional value, safety and the economic production of food.

Employment opportunities may be found in industry, government and education.

The Olivet program combines a special emphasis in nutrition along with basic studies in food chemistry and food microbiology. Graduate work is recommended for a broadened preparation which includes engineering and processing aspects.

## **Dietary Technician in Food Service Management**

### **Two year program**

Preparation towards employment as a **food service supervisor** in hospitals, extended care facilities, restaurants and food service industries.

## **Food Related Courses**

### **Basic Nutrition**

Intro. to Nutrition — HE 121  
Human Nutrition — Bio. Sci., 362

### **Special Areas in Nutrition**

World Food Problem — Soc. 374  
Diet Therapy — HE 328  
Nutritional Biochemistry and Metabolism — Bio. Sci., 488

Projects in Biological Sciences or Home Economics

### **Food Science**

Food Microbiology — Bio. Sci. 375  
Foodborne Disease Control — HE 353  
Food Chemistry — Chem. 481

### **Food Service**

Food Preparation — HE 130  
Dietetic Technician Field Experience — HE 123  
Quantity Foods — HE 337  
Marketing and Meal Management — HE 332  
Institutional Food Management — HE 353

## **Natural Science — 41**

### **Courses**

#### **41-102 — General Physical Science.**

**4 hours.** A broad survey course designed for the liberal art student. Major concepts from astronomy, chemistry, geology, physics and meteorology are used in a way that develops the students' understanding of man's physical environment, and at the same time indicates the special contribution of each discipline to this understanding. (Open only to students without previous physics, chemistry, or earth science courses either in high school or college.) 3 hours lecture, 3 hours laboratory.

#### **41-103 — Amateur Radio I. 1 hour.**

A study of radio procedures, theory, and international Morse code preparing the student for the F.C.C. examination for the novice and general class license. No prerequisite.

#### **41-104 — Amateur Radio II. 1 hour.**

A continuation of Natural Science 103 to complete preparation for the general class F.C.C. license. Prerequisite: Natural Science 103 or consent of instructor.

#### **41-107 — Engineering Graphics. 3 hours.**

Use of instruments; geometric construction; lettering; orthographic projections; sketching; isometric and oblique projections; inking, tracing; and blueprinting; dimensioning; sectioning. (Does not count toward general education requirements.)

#### **41-108 — Introduction to Machine Shop.**

**3 hours.** A lab course designed to enable the student to operate the basic machine tools. Machine parts will be constructed from prints. This course is prerequisite to the use of the student machine shop. (Does not count toward general education requirements.) Prerequisite: Nat. Sci. 107.

- 484 — Cellular Biology  
490 — Research in Biology

**To be supported by:**

- Chem. 103 — General Chemistry  
114 — Chemistry for the Physical Sciences  
One course in mathematics.

**Major (Bachelor of Arts — Zoology): 30 hours**

**Required:**

- Bio. 120 — General Botany  
121 — General Zoology  
241 — Genetics  
373 — Introduction to Molecular Biology  
495 — (1 hour) Seminar in Biology

**Additional work in zoology is to be selected from:**

- Biol. 350 — Ornithology  
353 — Embryology of the Vertebrates  
356 — Microbiology  
360 — Invertebrate Zoology  
361 — Vertebrate Zoology  
370 — Ecology  
455 — Physiology  
484 — Cellular Biology  
490 — Research in Biology

**To be supported by:**

- Chem. 103 — General Chemistry  
114 — Chemistry for the Physical Sciences  
One course in mathematics.

**Major (Bachelor of Arts — Teaching of Biology): 32 hours**

**Required:**

- Biol. 120 — General Botany  
121 — General Zoology  
241 — Genetics  
370 — Ecology  
373 — Introduction to Molecular Biology  
484 — Cellular Biology  
495 — (1 hour) Seminar in Biology  
Five additional hours in Biology to be approved by the Department Chairman.

**To be supported by:**

- Chem. 103 — General Chemistry  
114 — Chemistry for the Physical Sciences  
One course in mathematics.  
The Professional Education Sequence, including N.S. 477.

**Major (Bachelor of Science — Biology): 40 hours**

**Required:**

- Biol. 120 — General Botany

- 121 — General Zoology  
241 — Genetics  
356 — Microbiology  
373 — Intro. to Molecular Biology  
464 — Cellular Biology  
495 — Seminar in Biology (1 hour)

**To be supported by:**

- Chem. 103 — General Chemistry  
114 — Chemistry for Physical Sciences  
301 — Quantitative Analysis  
311 — Organic Chemistry I  
Math. 131 — Algebra and Trigonometry  
or 147 — Calculus I  
Physics 201, 202 — General Physics  
or Math. 341 — Statistics  
and CS 250 — Compiler Languages

**Major (Bachelor of Science — Teaching of Biology): 40 hours** including the same courses listed above, plus the 20-22 hour Professional Education Sequence, including N.S. 477.

**Minor (Biology): 16 hours**

**Required:**

- Biol. 120 — General Botany  
121 — General Zoology  
and additional courses to be approved by the Chairman of the Department.

**Minor (Teaching of Biology): 24 hours**

**Required:**

- Biol. 120 — General Botany  
121 — General Zoology  
241 — Genetics  
370 — Ecology  
373 — Intro. to Molecular Biology

**To be supported by:**

- Chem. 103 — General Chemistry  
114 — Chemistry for Physical Sciences

**Minor (Botany): 16 hours**

**Required:**

- Biol. 120 — General Botany  
Additional courses are to be approved by the Chairman of the Department.

**Minor (Zoology): 16 hours**

**Required:**

- Biol. 121 — General Zoology  
Additional courses are to be approved by the Chairman of the Department.

## Courses

**42-101 — General Biology. 5 hours.** Principles of life are introduced, for the beginning student, with emphasis on the presentation of the plant and animal kingdoms and the cell and its processes. Lecture and laboratory. (Does not apply on a major.)

**42-120 — General Botany. 5 hours.** A lecture and laboratory course dealing with the whole plant; the cell, the chief types of tissues, stems, roots, leaves, flowers, fruits, and seeds. Important physiological phenomena, and a study of the plant kingdom are given.

**42-121 — General Zoology. 5 hours.** A lecture and laboratory course designed to acquaint students with the principles of animal life. Study includes taxonomy, morphology, physiology, embryology, ecology, and genetics.

**42-141 — Personal and Community Health. 2 hours.** The study includes essentials of personal and community health. Fundamentals of health science, scientific prevention of illness, dynamics of health in the individual and the family are studied.

**42-241 — Genetics. 4 hours.** Principles of heredity and variation illustrating the gene-chromosome concept of Mendelian inheritance are presented. Included is study of the gene: its structure, function, and chemistry, with emphasis on mutation, coding regulation, and transmission. Prerequisites: Biol. 101, 120, or 121, or consent of instructor. Lecture and laboratory.

**42-245 — Human Anatomy and Physiology. 5 hours.** The gross morphology of the vertebrate animal and the human body is studied. Consideration of human physiology is given using the organ system approach. Lecture and laboratory. Prerequisite: Biology 121.

**42-310 — Instrumental Methods and Analysis. 4 hours.** (Same as Chemistry 310.)

**42-352 — Field Biology. 2 hours.** A study of plants and animals in the field in their native surroundings. The basic principles of conservation are considered. Prerequisite: a course in biology.

**42-353 — Embryology of the Vertebrates. 4 hours.** This is a study of the ontogeny of the vertebrate. Study includes basic concepts and organogenesis. Emphasis is placed on the development of the chick. Lecture and laboratory. Prerequisite: Biol. 121.

**42-356 — Microbiology. 5 hours.** An introduction to the microorganisms is presented with special emphasis on bacteria. Studies include history, morphology, classification,

physiology, genetics, aseptic culturing techniques, and practical applications. Prerequisites: Biology 120, 121, or equivalent; 4 hours of Chemistry. Lecture and laboratory.

**42-357 — Plant Anatomy. 4 hours.** This is an introduction to the structure of plants with emphasis on those with vascular organization. Prerequisite: Biology 120. Lecture and laboratory.

**42-359 — Immunology. 4 hours.** Considers the dual nature of the immune system and the mechanisms of protection afforded by each. Immunobiology and Immunochemistry topics will be included with special emphasis on transplantation, cancer, and immunologic diseases. Prerequisites: Biology 241, Chemistry 114. Lecture and laboratory.

**42-360 — Invertebrate Zoology. 4 hours.** This is a study of the principles of zoology as they apply to the invertebrates. The study is approached from a comparative standpoint with emphasis upon the anatomy and physiology of various representative organisms. Ecological principles and microtechnics are included in the laboratory. Prerequisite: Biology 121.

**42-361 — Vertebrate Zoology (Comparative Anatomy). 4 hours.** Study includes anatomy physiology, ecology, and phylogeny of vertebrates. Opportunity is given for detailed laboratory dissections. Additional laboratory TBA. Prerequisite: Biol. 121.

**42-362 — Human Nutrition. 3-4 hours.** Biological and chemical principles of nutrition are presented and applied to human needs. The components of nutritional surveys are detailed and major features of nutritional deficiency diseases and other diseases with important nutritional aspects are highlighted. Students taking four units credit will also carry out self-assessment energy and dietary surveys. These projects are recommended for those who plan to apply nutrition in a practical way. Prerequisites: Biol. 101 or 121 and Chem. 112 or 311.

**42-365 — Plant Morphology: Nonvascular Plants. 4 hours.** A lecture and laboratory course dealing with the structure, reproduction, and development as exemplified by representative algae, fungi, and bryophytes. Prerequisite: Biol. 120.

**42-366 — Plant Morphology: Vascular Plants. 4 hours.** A lecture and laboratory course dealing with the structure, reproduction, and development as exemplified by representative vascular plants including psilopsids, lycopsids, sphenopsids, ferns, and gymnosperms. Prerequisite: Biol. 120.

**42-370 — Ecology. 4 hours.** This is a study of the relationship between organisms and their environment. Field trips to be arranged, some weekend trips are required. Prerequisites: Biol. 120 and 121. 2 hours lecture and one 4-hour lab.

**42-373 — Introduction to Molecular Biology. 4 hours.** Biosynthesis, structure and function of macromolecules. Prerequisites: Biology 120 or 121, Chemistry 114. Lecture and laboratory.

**42-375 — Food Microbiology. 5 hours.** A study is conducted of microorganisms, and their biochemical activities, important in food spoilage and in food manufacture. Control of microbial populations in foods, methods of destruction and removal of microbes found in foods, and the evaluation of thermal processing of foods are considered. Public health aspects of food-borne infections and intoxications are discussed. Lectures and laboratory. Laboratory study is designed to demonstrate culture, detection, enumeration and thermal process evaluation techniques as well as the biochemical role of certain microorganisms in food manufacture. Prerequisites: Microbiology and Biochemistry, or consent of instructor.

**42-455 — Physiology. 4 hours.** An introduction to physiological and homeostatic principles with emphasis on organ systems and the intact organisms. Prerequisites: Biology 120 or 121, Chem. 114, or consent of instructor. Lecture and laboratory.

**42-484 — Cellular Biology. 4 hours.** Ultrastructural and functional aspects of cells and tissues with special emphasis on the physical and chemical nature of specialized cellular activities. Prerequisites: Biology 120 or 121 and 373 or consent of instructor. Lecture and laboratory.

**42-488 — Nutritional Biochemistry and Metabolism. 5 hours.** A study is made of the role of individual nutrients in metabolism and the metabolic interrelationships of various nutrients. Chemical and biological assessments of the nutritional value of dietary constituents are described. Lectures and laboratory. The laboratory experience consists of an introduction to techniques of animal experimentation as well as to biological and chemical techniques of nutrient assessment. Prerequisite: Introduction to Chemistry, Organic Chemistry, General Biology, Biochemistry or consent of instructor.

**42-490 — Research in Biology.** This course is open to advanced students with high academic achievement. Original research is to be conducted and a paper presented. Prerequisites: Permission of instructor, and at least Jun-

ior standing is required. 1 to 3 hours. Credit is not to accumulate more than 6 hours.

**42-495 — Seminar in Biology.** This course is required of all majors in Biology, Zoology, or Botany. This seminar provides for the discussion of biological problems of current interest and is an opportunity for the student to apply what has been learned. Zero to ½ hour. Credit not to accumulate more than two hours. To be taken in the junior and/or senior year.

**42-560 — Topics in Environmental Science. 3-4 hours.** An interdisciplinary approach to man's environment, emphasizing chemical, physical, biological and geological solutions for problems such as air, water, and solid waste pollution, urban development, natural resource depletion, recycling. Field trips.

## Chemistry — 43

JOHN E. HANSON (1961)

*Professor of Chemistry, Chairman of Department*

B.A., 1957, Olivet Nazarene College

Ph.D., 1964, Purdue University  
Illinois Institute of Technology, University of Chicago

LARRY G. FERREN (1975)

*Associate Professor of Chemistry*

B.S., 1970, University of Missouri

Ph.D., 1974, University of Missouri

STEPHEN K. TAYLOR (1978)

*Associate Professor of Chemistry*

B.A., 1969, Pasadena College

Ph.D., 1974, University of Nevada

The courses in this department are offered to meet the needs of the following groups of students: (1) Those who desire to obtain a general knowledge of chemistry; (2) Those preparing to teach chemistry; (3) Those taking professional courses in which chemistry is required or recommended; (4) Those preparing to do graduate work in chemistry or professional chemical work.

**Major (Bachelor of Arts): 32 hours**

**Required:**

Chem. 103 — General Chemistry  
114 — Chemistry for the Physical Sciences  
301 — Quantitative Analysis  
311 — Organic Chemistry I  
312 — Organic Chemistry II  
382 — Physical Chemistry I  
or 392 — Physical Chemistry II

Six additional hours of upper division Chemistry.

**Supporting courses:**

Math. 147 — Calculus I  
 148 — Calculus II  
 361 — Calculus III  
 Physics 201 — General Physics I  
 202 — General Physics II

**Teaching Major (Bachelor of Arts):  
32 hours****Required:**

Same as above, plus the Professional Education Sequence including N.S. 477 — Teaching of Natural Sciences.

**Major (Bachelor of Science):  
40 hours****Required:**

103 — General Chemistry  
 114 — Chemistry for the Physical Sciences  
 301 — Quantitative Analysis  
 310 — Instrumental Methods of Analysis  
 311 — Organic Chemistry I  
 312 — Organic Chemistry II  
 382 — Physical Chemistry I  
 392 — Physical Chemistry II  
 373 — Biochemistry  
 or 404 — Advanced Inorganic Chemistry

Additional upper division chemistry total  
**40 hours.**

**To be supported by:**

Physics 201 — General Physics I  
 202 — General Physics II  
 Math. 147 — Calculus I  
 148 — Calculus II  
 361 — Calculus III  
 351 — Linear Algebra  
 or 357 — Differential Equations  
 or 362 — Calculus IV  
 C.S. 250 — Compiler Language  
 or Math 341 — Statistics

**Minor: 16 hours****Required:**

Chem. 103 — General Chemistry  
 114 — Chemistry for the Physical Sciences

**Eight hours selected from:**

Chem. 301 — Quantitative Analysis  
 310 — Instrumental Methods of Analysis  
 311 — Organic Chemistry I  
 312 — Organic Chemistry II  
 382 — Physical Chemistry I  
 392 — Physical Chemistry II  
 403 — Synthetic Inorganic Chemistry

**Teaching Minor: 24 hours****Required:**

Chem. 103 — General Chemistry

114 — Chemistry for the Physical Sciences  
 301 — Quantitative Analysis

**Courses**

**43-101 — Introduction to Chemistry. 4 hours.** A beginning chemistry course for students with limited backgrounds in science and mathematics. Basic treatment of stoichiometry, atomic structure, chemical bonding, states of matter, solutions, and chemical reactions is given. Prerequisite: 2 units of high school mathematics. Lecture and laboratory.

**43-103 — General Chemistry. 4 hours.** A study of the structure and properties of matter. Atomic and molecular structure, states of matter, and physical and chemical properties of solutions are treated. Lecture and laboratory. Prerequisite: high school chemistry.

**43-112 — Chemistry for the Life Sciences. 4 hours.** An elementary treatment of organic and biological chemistry. Does not apply toward a major or minor in Chemistry. Prerequisite: Chemistry 101 or 103. Lecture and laboratory.

**43-114 — Chemistry for the Physical Sciences. 4 hours.** The thermodynamic basis of chemical equilibrium is treated. The laboratory work includes some chemical analysis. Prerequisites: Chemistry 101 and Mathematics 131 or Chemistry 103. Lecture and laboratory.

**43-301 — Quantitative Analysis. 4 hours.** A careful study of gravimetric and volumetric analysis with special attention given to sources of error, to calibration of instruments and apparatus, and to other important details in the improvement of laboratory technique. 2 class sessions and 2 3-hour laboratory periods per week. Required for a major in chemistry. Prerequisite: Chemistry 114.

**43-310 — Instrumental Methods of Analysis. 4 hours.** Utilization and comparison of modern analytical instrumentation for chemical analysis. The techniques covered include: emission spectroscopy; ultraviolet, visible, and infrared absorption spectroscopy; gas chromatography; and electrical methods of analysis. 2 class sessions and 2 3-hour laboratory periods per week. Prerequisite: Chemistry 114.

**43-311 — Organic Chemistry I. 5 hours.** The essential properties and preparations of the important classes of carbon compounds with emphasis placed upon structural formulas and nomenclature. The laboratory work is devoted to the preparation of typical organic compounds

and to the study of their properties. 3 class sessions and 2 3-hour laboratory periods per week. Required for a major in chemistry. Prerequisites: Chemistry 101 or 103 and 114.

**43-312 — Organic Chemistry II. 5 hours.** A continuation of Chemistry 311 and required for a major in chemistry. Prerequisite: Chemistry 311.

**43-354 — Crystallography. 4 hours.** (Same as Earth Science 354.)

**43-371 — Electronics for Scientists. 3 hours.** (Same as Physics 371.)

**43-373 — Biochemistry. 5 hours.** Structure and properties of biologically important compounds. Properties of enzymes. Metabolism of carbohydrates, lipids, and proteins. Thermodynamics and reaction kinetics are applied to biochemical systems. Prerequisite: Chemistry 312 or consent of instructor.

**43-382 — Physical Chemistry I. 4 hours.** The general topics of thermodynamics, kinetics and electrochemistry are treated. Three 1-hour class sessions and one 3-hour laboratory session per week. Prerequisites: Chemistry 114, (Chem. 301 recommended), Mathematics 361, and Physics 201 and 202.

**43-384 — Geochemistry. 3 hours.** (Same as Earth Science 384.)

**43-392 — Physical Chemistry II. 4 hours.** Atomic and molecular structure, the solid and liquid states, and surface phenomena. Three 1-hour class sessions and one 3-hour laboratory session. Prerequisite: Same as for Chemistry 382.

**43-403 — Synthetic Inorganic Chemistry. 2 hours.** A study of the preparation and properties of inorganic substances, with emphasis on developing laboratory skills. Prerequisite: 14 hours of chemistry.

**43-404 — Advanced Inorganic Chemistry. 3 hours.** A study of atomic structure, chemical bonding, and the chemistry of selected elements. Prerequisites: Chemistry 301 and 311.

**43-481 — Food Chemistry. 4 hours.** The structure, composition, and physiochemical properties of food, together with the chemistry of changes occurring during maturation, processing and storage are considered. Lectures and laboratory. Laboratory study principally involves assessment of chemical properties and chemical changes occurring in foods. Prerequisites: Chem. 301 and 373, Chem. 382 recommended.

## Earth and Space Sciences — 44

MAX W. REAMS (1967)

*Professor of Geology; Chairman of Department of Earth and Space Sciences; Chairman of the Division of Natural Sciences*

B.A., B.S., 1961, University of Kansas

M.S., 1963, University of Kansas

Ph.D., 1968, Washington University (St. Louis)

The Department of Earth and Space Sciences seeks to (1) present a view of the universe and our earth in the light of modern science; (2) prepare those interested in teaching astronomy and/or earth science in high school; (3) provide training for students in related fields, and (4) give an adequate background for professional work or graduate study.

**Major:** See Interdisciplinary Major in the Physical Sciences.

**Minor (Earth Science): 16 hours**

**Required:**

Courses approved by the Chairman of the Department in accordance with student's needs.

**Minor (Earth and Space Science): 18 hours**

**Required:**

Courses distributed between Astronomy and Earth Science as approved by Department Chairman. 4 hours must be upper division. 4 hours of Chemistry applies.

**Teaching Minor: 24 hours**

**Required:**

Chemistry, 4 hours. (Chemistry majors will take another science.)  
Earth and Space Sciences, 20 hours, 4 of which must be upper division.

**Recommended:**

E.S.S. 101 — Physical Geology

44-102 — Historical Geology

44-131 — Introduction to Astronomy

44-350 — Methods of Planetarium Operation

## Astronomy

**44-131 — Introduction to Astronomy. 4 hours.** This is a survey course regarding the

basic effects of Astronomy upon the thinking man, not only in science but philosophy, religion, and the social sciences. The course is laboratory oriented. Wide use is made of the planetarium, observatory, field trips and various visual aid equipment. Evening and 1 laboratory period.

**44-350 — Methods of Planetarium Operation. 3 hours.** A primary course in planetarium operation and techniques designed for those who plan to teach. Students will become familiar with program planning, coordination, application of concepts and will operate and use Reed Planetarium facilities. Prerequisites: a laboratory science and Astronomy.

**44-491 — Selected Readings. 1 hour.** Readings in the field of Astronomy regarding the historical, descriptive, observational and developmental aspects. This will provide an opportunity for individual effort within the areas of special interest. Prerequisite: 17 hours of Earth and Space Science and consent of the instructor.

## Earth Science

**44-101 — Physical Geology. 4 hours.** An introduction to the earth, its internal and external features, and the processes responsible for their formation. The laboratory covers the major minerals and rocks, aerial photographs, topographic maps, and geologic maps, with a brief introduction to fossils. Short field trips. 3 lecture periods and 1 laboratory period.

**44-102 — Historical Geology. 4 hours.** A survey of the geological and biological history of the earth. An introduction to the major fossil groups and the interpretation of the geologic history of selected areas are included. Short field trips. 3 lecture periods and 1 laboratory period.

**44-354 — Crystallography: Morphology, Optical, and X-ray. 4 hours.** A study of morphological, optical, and x-ray crystallography utilizing stereographic projections, crystal models, the petrographic microscope, and x-ray diffraction powder and single crystal cameras. Prerequisite: Chemistry 103 and 114 or Physics 201 and 202; and Math 131 or equivalent. Chemistry 114 or Physics 202 may be taken concurrently. 3 lecture periods and 1 laboratory period.

**44-356 — Mineralogy and Petrology. 4 hours.** A survey of the important minerals and rocks of the earth's crust with emphasis on their origin, composition, and occurrence. The laboratory includes extensive use of the petrographic microscope, spectroscope and x-ray diffraction powder and single crystal cameras. 3 day field trip. Prerequisite: Earth and Space

Science 354. 2 lecture periods and 2 laboratory periods.

**44-362 — Stratigraphy and Sedimentology. 4 hours.** A study of sedimentary rocks, their origin, composition, and the principles involved in subdividing them into stratigraphic units. The laboratory includes the use of sieves and other methods of size analysis, use of the petrographic microscope, and x-ray diffraction powder techniques for mineral identification. 3 day field trip. Prerequisite: Earth and Space Science 101 or 102. 3 lecture periods and 1 laboratory period.

**44-366 — Structural Geology and Field Methods. 4 hours.** The lecture is concerned with the internal structure of the earth, the origin of the continents and ocean basins, mountain building, volcanoes, and the deformation of rocks. The laboratory will primarily involve the use of geologic field techniques such as mapping with instruments and aerial photographs, correlation of sedimentary rocks, and interpretation of geologic history. 3 day field trip. Prerequisite: Earth and Space Science 101 or 102. Trigonometry is suggested but not required, 3 lecture periods and 1 laboratory or field period.

**44-384 — Geochemistry. 3 hours.** The application of chemical principles to problems in the earth sciences, including past and present chemical processes active in the earth's atmosphere, hydrosphere, crust, mantle, and core. Other topics include cosmochemistry and geochemical exploration. Prerequisites: Chemistry 114 and Math 131.

**44-388 — Geophysics. 3 hours.** The application of physical principles to problems in the earth sciences, including geophysical techniques and data concerning the solid earth, hydrosphere, and atmosphere. Other topics include space physics and geophysical exploration. Prerequisite: Physics 202.

**44-490 — Special Problems. 1 to 3 hours.** Readings or projects chosen from selected topics. Prerequisites: A minimum of 8 hours in Earth Science of which 4 hours must be in courses numbered 300 or above and consent of instructor.

**44-520 — Oceanography. 3 hours.** The oceans: their physical, chemical, biological, and geological characteristics, with a discussion of their history.

**44-540 — Paleontology. 3 hours.** A study of ancient life as revealed in the fossil record: invertebrates, vertebrates, plants and man. Taxonomy, paleoecology, and environmental interpretation will all receive emphasis. Field trips. Prerequisite: a course in Biology or Geology.

## Mathematics and Computer Science — 45

**RICHARD WIRT (1973)**

*Professor of Mathematics; Chairman of  
Department*

B.S., 1965, Bethany Nazarene College  
M.A., 1969, University of Oklahoma  
Ph.D., 1972, University of Oklahoma

**DAVID T. ATKINSON (1970)**

*Professor of Mathematics*

B.S., 1964, Eastern Nazarene College  
M.A., 1967, Boston University  
Ph.D., 1975, University of Illinois

**JOHN B. WILLIAMS (1979)**

*Assistant Professor of Mathematics*

B.A., 1971, Olivet Nazarene College  
M.S., 1973, Purdue University

The objectives of the Department of Mathematics and Computer Science are: (a) to provide preparation in mathematics or computer science for graduate study, teaching, and use in business and industry; (b) to provide understanding of the historical development, deductive nature, and contemporary progress of mathematics and computer science; and (c) to provide appreciation for the cultural value, logical structure, and diverse applications of mathematics and computer science.

The college computer center is equipped with a dual processor General Automation 16/440 computer system with two 128K bytes of primary memory and 50 megabytes of disc memory. The equipment also includes three line printers, a card reader, fifteen CRT terminals and two TTY teletype terminals.

The center supports the administrative, business and academic functions of the college. The systems serve several departments in addition to computer science, such as physics and chemistry.

The computer center is located in the west wing of the Benner Library and Learning Resource Center.

The General Education requirements for all degrees include 3 hours selected from mathematics or physical science. Mathematics 101 and 125 are designed to meet this requirement.

### Major (Bachelor of Arts): 32 hours

#### Core Requirements:

Math. 147 — Calculus I  
148 — Calculus II  
351 — Linear Algebra  
250 or 251 — Compiler Languages

### Option A: Mathematics

#### Additional requirements:

361 — Calculus III  
362 — Calculus IV  
459 — Advanced Calculus I  
463 — Modern Algebra I  
460 — Advanced Calculus II  
or 464 — Modern Algebra II

### Option B: Computer Science

#### Additional requirements:

Math. 354 — Numerical Analysis  
380 — Assembler Language Programming  
450 — Theory of Compilers and Assemblers  
495 — Research Problems in Computer Science

### Teaching Major (Bachelor of Arts): 32 hours

#### Required:

All work in courses numbered 147 and above, including:

Math 147. — Calculus I  
148 — Calculus II  
250 or 251 — Compiler Languages  
351 — Linear Algebra  
355 — Modern College Geometry  
361 — Calculus III  
463 — Modern Algebra I  
473 — Foundations of Mathematics

The Professional Education Sequence, including Math. 474 — Teaching of Mathematics.

### Major (Bachelor of Science):

#### Option A: Mathematics: 41 hours

#### Required:

Math. 147 — Calculus I  
148 — Calculus II  
250 or 251 — Compiler Languages  
351 — Linear Algebra  
361 — Calculus III  
362 — Calculus IV

#### Six hours of advanced applications selected from:

354 — Numerical Analysis  
382 — Probability and Mathematical Statistics  
491 — Topics in Mathematics or Computer Science

#### Fifteen hours selected from:

357 — Differential Equations  
459 — Advanced Calculus I  
460 — Advanced Calculus II

- 463 — Modern Algebra I  
 464 — Modern Algebra II

**To be supported by** 15 hours of upper division credit in one or two areas which emphasize the use of mathematics. These courses are to be approved by the department chairman.

### **Option B: Computer Science: 40 hours**

#### **Required:**

- Math. 147 — Calculus I  
 148 — Calculus II  
 250 or 251 — Compiler Languages  
 351 — Linear Algebra  
 354 — Numerical Analysis  
 370 — File Management  
     or 375 — Information Structures  
 380 — Assembler Language Programming  
 385 — Computer Simulation and Statistical Techniques  
 450 — Theory of Compilers and Assemblers  
 463 — Modern Algebra I  
 495 — Research Problems in Computer Science

#### **Select additional courses from:**

- 361, 362 — Calculus III, IV  
 459 — Advanced Calculus  
 464 — Modern Algebra II  
 440 — Computer Hardware Architecture and Design  
 455 — Operating Systems

**To be supported by** 15 hours of upper division credit in one or two areas which emphasize the use of computers.

### **Minor (Mathematics): 17 hours**

#### **Core requirements:**

- 147 — Calculus I  
 148 — Calculus II

#### **Option A:**

#### **Mathematics additional requirements:**

- 351 — Linear Algebra  
 361 — Calculus III

and three hours from mathematics courses 350 and above.

#### **Option B:**

#### **Computer Science additional requirements:**

- 250 or 251 — Compiler Languages  
 380 — Assembler Language Programming  
 and three hours chosen from computer science 370 or above.

### **Minor (Computer Science): 20 hours**

#### **Required:**

- 250 or 251 — Compiler Languages  
 380 — Assembler Language Programming  
 495 — Research Problems in Computer Science

#### **Twelve hours selected from:**

- 370 — File Management  
 375 — Information Structures  
 385 — Computer Simulation and Statistical Techniques  
 450 — Theory of Compilers and Assemblers  
 455 — Operating Systems

### **Teaching Minor: 20 hours**

#### **Required:**

All work in courses numbered 45-147 and above including:

- 147 — Calculus I  
 148 — Calculus II  
 351 — Linear Algebra  
 463 — Modern Algebra I  
 473 — Foundations of Mathematics  
 474 — The Teaching of Mathematics

## **Mathematics**

**45-101 — Mathematics for General Education. 3 hours.** A study of some fundamental concepts of modern mathematics, with emphasis on deductive and structural aspects of the subject. Attention is given to various applications of mathematics in the modern world. Students should consult with a member of the department for placement recommendations.

**45-111 — Mathematics for Elementary Teachers I. 3 hours.** The language and nature of deductive reasoning, elements of set arithmetic, numeration systems, operations and relations, the whole numbers, number bases, the integers, elementary number theory, modular number systems, the rational numbers, the real numbers, infinite decimals, equations and inequalities.

**45-112 — Mathematics for Elementary Teachers II. 3 hours.** A continuation of Math 111. Topics from algebra: Real numbers equations and inequalities, systems of equations and inequalities, complex numbers, polynomials, modular number systems, algebraic structures. Topics from geometry: Historical development, intuitive geometry, Euclidean geometry (constructions, separation, congruence, similarity, parallelism), analytic geometry, other geometries, theory of measurement, mensuration formulas, indirect measurement and trigonometry. Prerequisite: Math 111.

**45-117 — Finite Mathematics with Business Applications. 3 hours.** An introduction to finite mathematics with applications in business and industrial administration. Compound statements, computer circuits; sets, voting coalitions, critical path analysis; counting problems, flow diagrams; probability theory, Markov chains, decision theory; vectors and matrices, linear equations; linear programming; mathematics of finance and accounting. Prerequisite: At least 1 year of high school algebra or consent of the instructor.

**45-131 — Integrated Algebra and Trigonometry. 4 hours.** Integrated algebra and trigonometry developed from a study of functions including selected topics from modern mathematics. Provides preparation for Math 147. Prerequisite: 1 year of high school algebra.

**45-147 — Calculus I. 4 hours.** An introduction to the calculus of one variable with associated analytic geometry. A review of selected topics from algebra and trigonometry; limits, continuity; derivative and integral, techniques and applications of differentiation and integration; transcendental functions and their derivatives. Prerequisite: 3 years of high school math, 4 strongly recommended, or Math 131; and consent of instructor.

**45-148 — Calculus II. 4 hours.** A continuation of Math 147. Antiderivatives and methods of integration; theory of curves, polar coordinates; elementary differential equations; numerical methods, Taylor series; a careful discussion of some foundation concepts of the calculus, including the real numbers, limits, continuity, mean value theorems, and definition of derivative and integral. Prerequisite: Math 147 and consent of the instructor.

**45-341 — Statistics. 4 hours.** An introductory course in statistics with applications from a variety of disciplines including education, psychology and sociology. Topics include descriptive statistics, probability, expected value, sampling distributions, estimation, hypotheses testing of means and proportions (one and two sample cases), regression, correlation, chi-square, nonparametric statistics, and an introduction to analysis of variance and latin square designs. Students taking this course for mathematics credit will be assigned additional work, particularly in probability.

**45-351 — Linear Algebra. 3 hours.** Vector spaces, linear dependence, bases, dimension, linear transformations, matrices, systems of linear equations, determinants, eigenvalues, Cayley-Hamilton Theorem, inner and vector products, orthogonality, quadratic and Hermitian forms. Prerequisite: Math 148.

**45-354 — Numerical Analysis. 3 hours.** Integrations, roots of equations, systems of equations, solution of differential equations by numerical methods applicable to digital computers. The GA 16/440 Computing System is used for class assignments. Prerequisites: 250 and 351.

**45-355 — Modern College Geometry. 3 hours.** A study of Euclidean Geometry with Hilbert's axioms and projective geometry including duality, harmonic sequences, transformations, and analytic projective geometry. Co-requisite: Math 351.

**45-357 — Differential Equations. 3 hours.** Differential equations with applications to geometry and mechanics; a course designed primarily to be a working course for students in mathematics. Prerequisites: Math 351 and 361.

**45-361 — Calculus III (Multivariate Calculus). 3 hours.** A study of the calculus of real-valued functions of several variables. Vectors, partial derivatives, multiple integrals and infinite series. Prerequisite: Math 148.

**45-362 — Calculus IV (Vector Analysis and Complex Variables). 3 hours.** The calculus of vector functions, line and surface integrals, Theorems of Green, Gauss, and Stokes. Fourier Series. Complex variables. Prerequisite: Math 361.

**45-382 — Probability and Mathematical Statistics. 3 hours.** Continuous probability spaces, density and distribution functions, random variables, expectations, variance, independence, conditional distributions, random sampling, law of large numbers, estimation of parameters, central limit theorem, hypothesis testing, moment generating functions regression. Prerequisites: Math 341 and 361.

**45-459 — Advanced Calculus I. 3 hours.** A careful study of functions from En to Em. Topology of En, continuity and uniform continuity, mean value theorems, Taylor's Theorem, integration, convergence and uniform convergence, power series, improper integrals. Prerequisite: Math 362.

**45-460 — Advanced Calculus II. 3 hours.** A continuation of Math 459. Linear transformations, total differential, differentiation, implicit function theorems, application of differentiation to geometry and analysis, differential forms, vector analysis, line and surface integrals, Theorems of Green, Gauss and Stokes. Prerequisite: Math 459.

**45-463 — Modern Algebra I. 3 hours.** A study of fundamental structures of algebra, including groups, rings, integral domains, fields,

vector spaces and modules, substructures, homomorphisms, image structures, quotient structures and product structures. Finitely generated abelian groups, solvable groups, Jordan-Hölder theorem, Sylow theory, polynomial rings, unique factorization domains, Euclidean domains, extension fields, finite fields, algebraic closure and constructible numbers. Corequisite: Math 351.

**45-464 — Modern Algebra II. 3 hours.** A continuation of Math 463. Field theory: Separable and inseparable extensions, splitting fields and normal extensions, Galois theory, transcendental extensions. Module and ideal theory: Ideal arithmetic, primary ideals, Noetherian rings, Hilbert's theorem. Linear and multilinear algebra: Diagonalization of matrices, Jordan canonical form, bilinear forms, tensor products. Homological algebra: Exact sequences, functors, homology. Prerequisite: Math 463.

**45-473 — Foundations of Mathematics. 3 hours.** A consideration of the origin, history, literature and nature of mathematics. Possible topics include Euclid's Elements, development of non-Euclidean geometry, Hilbert's postulates for geometry, algebraic structure, the modern mathematical method, number systems, sets, logic and philosophy. Prerequisite: Math 351.

**45-474 — The Teaching of Mathematics. 2 hours.** A consideration of the problems, materials and methods involved in contemporary mathematics teaching. Implications of current developments and trends in mathematics for the teacher. Prerequisite: Math 473. (Applies only on a teaching major or a teaching minor.) Taken concurrently with Educ. 480.

**45-491 — Topics in Mathematics or Computer Science.** Selected topics in mathematics to provide opportunity for individual attention to areas of special interest. Prerequisite: Consent of the instructor. Hours to be arranged.

**45-561 — Statistics. 4 hours.** This course is the same as Education and Mathematics 341. In addition to the computational problems assigned, graduate students will do some readings from educational journals. Some additional problems, particularly in probability, will be assigned to those taking the course for mathematics credit.

## Computer Science

**45-125 — Concepts of Computer Science. 3 hours.** Basic concepts of computer mathematics, problem analysis and flowcharting techniques, essential concepts concerning computer hardware and software, student pro-

gramming using the BASIC programming language. Problems span scientific and business type applications. This course does not count toward a computer science major or minor.

**45-250-251 — Compiler Languages. 3 hours.** Principles of problem analysis, compiler language usage, computer program organization, program loading, execution and testing. Usage of the GA 16/440 system time-sharing terminals, batch processing, job control language and system utilities. Debugging techniques. Compiler languages such as FORTRAN, COBOL and RPG will be considered in various semesters.

**45-370 — File Management. 3 hours.** Utilization of advanced COBOL concepts for file management, consideration of various general-purpose file management and data base management systems and their usage. Problems for business applications using various indexed-sequential, random and indexed-random organizations. Prerequisite: CS 250 or 251.

**45-375 — Information Structures. 3 hours.** Concepts of various data and file structures to include indexed-sequential techniques, random organization, indexed-random, integrated and directoried files. Applications of basic stack queue, array, vector, list, string, graph, tree, and ring mechanisms. Techniques of table-lookup and sorting algorithms. Prerequisite: CS 250.

**45-380 — Assembler Language Programming. 3 hours.** Includes subroutines, overlays, linkages, indexing, indirect addressing, and machine language organization. Application of various assembler language algorithms. Specific use of the GA 16/440 CAP language for student problems. Prerequisite: CS 250.

**45-385 — Computer Simulation and Statistical Techniques. 3 hours.** Concepts of computer modeling and simulation of scientific and business applications. Application of continuous and discrete probabilities such as uniform, normal, Poisson, and chi-square distributions. Usage of various statistical subroutines and simulation languages will be studied. Prerequisites: CS 250, 341.

**45-440 — Computer Hardware Architecture and Design. 3 hours.** Consideration of the functional design of the basic mainframe and peripheral hardware components of a computer system. Specific interest in the interrelation of the hardware and the operating system software, such as I/O, interrupt handling and job flow. Projects involving the use of a laboratory microcomputer system. Prerequisite: CS 380 or consent of the instructor.

**45-450 — Theory of Compilers and Assemblers. 3 hours.** Study of the components and design of a basic assembler and a typical compiler. Consideration of the interaction of compilation and assembly. Particular attention will be given to the various solutions to assembler/compiler problems. Students will be required to prepare working portions of an assembler and/or compiler. Prerequisite: CS 380.

**45-455 — Operating Systems. 3 hours.** Consideration of the primary modules of an operating system including bootstrap, absolute and relocatable loaders, debug facilities, I/O subsystems and utilities. Study of system job flow, scheduling, resource management and allocation, system spooling, and performance monitoring. Comparative attributes of such operating systems as DOS, FSOS, TSOS, and RTOS as implemented on the GA 16/440 system will be studied. Prerequisite: CS 450.

**45-495 — Research Problems in Computer Science. 1 to 3 hours.** Students will be required to define a "real-world" computer application problem and follow it through to a workable solution. The student will be assigned a faculty adviser for the project. This project may be pursued within the various departments of the college or in cooperation with local business or industry. Periodic progress reports will be required at prearranged phase points of the project. Prerequisite: consent of the faculty adviser monitoring the project.

## Physics — 46

GORDON WHITTEN (1970)

*Professor of Physics;*

*Chairman of Department*

B.S., 1965, University of Maine

M.S., 1968, University of Maine

Ph.D., 1972, University of Maine

RUSSELL GRUHLKE (1979)

*Assistant Professor of Physics*

B.A., 1972, Pasadena College

M.A., 1974, University of California (Davis)

M.A., 1976, University of California (Davis)

IVOR GILBERT NEWSHAM (1972)

*Associate Professor of Physics*

B.A., 1968, Northwest Nazarene College

Ph.D., 1972, Washington State University

VIRGIL VAIL (1972)

*Associate Professor of Physics*

B.A., 1949, Northwest Nazarene College

M.S., 1950, University of Idaho;

Stanford University

The department of Physics offers courses: (1) for those students who wish

intensive work in Physics to support graduate study or professional practice in the field of Physics, and (2) for those who require a general background in Physics for teaching, engineering, or the medical profession.

### Major (Bachelor of Arts): 32 hours

#### Required:

Physics 201 — General Physics I

202 — General Physics II

246 — Basic Physical Measurements

352 — Electricity and Magnetism

385 — Theoretical Mechanics

480 — Seminar in Physics

587 — Modern Physics I

#### Two courses selected from:

386 — Theoretical Mechanics II

491 — Optics

588 — Modern Physics II

#### One course selected from:

371 — Electronics for Scientists

493 — Research in Physics

#### To be supported by:

Chem. 103 — General Chemistry

114 — Chem. for Physical Sciences

Math 147, 148, 361 — Calculus

#### Two courses selected from:

Math 357 — Differential Equations

351 — Linear Algebra

459 — Advanced Calculus I

### Minor: 19 hours

#### Required:

Physics 201 — General Physics I

202 — General Physics II

246 — Basic Physical Measurements

### Teaching Major (Bachelor of Arts): 32 hours

#### Required:

The same as the regular Physics major, plus the Professional Education Sequence, including N.S. 477 — Teaching of Natural Sciences.

### Teaching Minor: 24 hours

#### Required:

Physics 201 — General Physics I

202 — General Physics II

246 — Basic Physical Measurements

477 — Teaching of Physics

**Major (Engineering Physics — Bachelor of Science): 41 hours****Required:**

Physics 201 — General Physics I  
 202 — General Physics II  
 246 — Basic Physical Measurements  
 352 — Electricity and Magnetism  
 371 — Electronics for Scientists  
 385 — Theoretical Mechanics I  
 386 — Theoretical Mechanics II  
 480 — Seminar in Physics  
 493 — Research in Physics (6 hours)  
 587 — Modern Physics I

**Two courses selected from:**

460-470 — Advanced Topics in Physics  
 491 — Optics  
 588 — Modern Physics II

**To be supported by:**

Nat. Sci. 107 — Engineering Graphics  
 108 — Introduction to Machine Shop  
 Chem. 103 — General Chemistry  
 114 — Chemistry for Physical Sciences  
 Math 147, 148 — Calculus I and II  
 250 — Compiler Languages  
 361 — Calculus III  
 362 — Calculus IV

**Two courses selected from:**

Math 351 — Linear Algebra  
 354 — Numerical Analysis  
 357 — Differential Equations  
 459 — Advanced Calculus I

**One course selected from:**

Chem. 301 — Quantitative Analysis  
 310 — Instrumental Methods of Analysis  
 382 — Physical Chemistry I

A foreign language is required in meeting the General Education Requirements. German is recommended.

**Courses**

**46-111 — Introduction to Physics I. 4 hours.** Mechanics, Sound, Heat, Fluids. A non-calculus course for Life Scientists and General Education. Emphasis is on Life Science applications. Prerequisite: Math 131 (Algebra and Trigonometry) or its equivalent.

**46-112 — Introduction to Physics II. 4 hours.** Electricity, Magnetism, Optics, Atomic and Nuclear Physics. Continuation of Physics 111. Cannot be applied to an Engineering or Physics major. Prerequisite: Physics 111.

**46-201 — General Physics I. 5 hours.** Mechanics, sound, heat, geometrical optics. Lectures with demonstrations and recitations. 3 periods per week. Laboratory 4 hours per week. Corequisite: Math 147 or equivalent.

**46-202 — General Physics II. 5 hours.** Physical optics, electricity, magnetism, atomic physics. Prerequisite: Physics 201.

**46-246 — Basic Physical Measurements. 3 hours.** A laboratory course dealing with the principles and instrumentation of modern physical measurements with applications to standardization and calibration, and measurements of non-electrical quantities by electrical methods. 2 lecture-laboratory periods per week. Prerequisite: Physics 202.

**46-352 — Principles of Electricity and Magnetism. 3 hours.** A study of the laws of electrostatics, magnetism, electric and magnetic circuits, direct and alternating currents, oscillations and amplifying devices. Special emphasis is given to the theoretical aspects of the subject. Prerequisite: Physics 202. Corequisite: Math 362. 3 lecture periods per week.

**46-371 — Electronics for Scientists. 3 hours.** An introduction to electronic instrumentation dealing with the principles and application of comparison methods, amplification, feedback, and servo systems. Analog and digital methods are discussed. Prerequisite: Physics 246 or Chemistry 382; Corequisite Math 361. Two 2½ hour lecture-laboratory periods per week.

**46-385 — Theoretical Mechanics I. 3 hours.** A study of the statics of systems of particles and of rigid bodies; friction, work and energy, momentum, simple harmonic motion, centroids and moments of inertia are among the topics covered. 3 hours lecture per week. Prerequisite: Physics 202, Math 361.

**46-386 — Theoretical Mechanics II. 3 hours.** A continuation of the study of mechanics dealing principally with the dynamics of particles and of rigid bodies and the Lagrangian and Hamiltonian formulations of Mechanics. Prerequisite: Physics 385.

**46-388 — Geophysics. 3 hours.** (Same as Earth Science 388.)

**46-460-470 — Advanced Topics in Physics. 3 hours.** Three hour courses to be offered no more than once every two years as advanced topics. For example, 46-460 — Thermodynamics and Statistical Physics; 46-461 — Quantum Mechanics.

**46-480 — Seminar in Physics. 0 to 3 hours credit.** A seminar course with papers presented by students. Required of all senior

physics majors. Prerequisite: approval of instructor.

**46-491 — Optics. 3 hours.** This subject deals with those optical effects associated with the wave aspects of light, and includes an introduction to the theory of relativity. 2 hours lecture, 2 hours laboratory per week. Prerequisite: Physics 352.

**46-493 — Research in Physics. 3 hours.** Original research in physics consisting of both literature research and laboratory work. Pre-

requisite: approval of instructor. (Up to 6 hours to be counted towards a major.)

**46-587 — Modern Physics I (Atomic Physics). 3 hours.** This deals with the foundation of atomic physics, and includes an introduction to quantum theory. 3 lecture periods per week. Prerequisite: Math 361, Physics 202.

**46-588 — Modern Physics II (Nuclear Physics). 3 hours.** A continuation of Physics 487, dealing with the atomic nucleus, with an introduction to high energy physics. 3 hours lecture per week. Prerequisite: Physics 587.

The Reed Planetarium instrument is used to project the stars and planets in special programs which are seen by more than 7,000 people each year.

The Reed Hall of Science includes an auditorium for 250, along with classrooms and labs for biology, chemistry, geology, physics and mathematics. The Planetarium is in the foreground.

Dr. J. Ottis Sayes, right, head of the Division of Religion and Philosophy, introduced Randy Dziurdzy, a ministerial student, to Rev. Keith Bottles, pastor at Danville, Illinois, First Church of the Nazarene. A large number of ministerial students serve as interns in their senior year of studies, working with a pastor from a nearby church.

## **Division of Religion and Philosophy**

**Biblical Literature — 51**

**Philosophy — 52**

**Christian Education — 53**

**Theology — 54**

*J. Ottis Sayes, Chairman*

The Division of Religion and Philosophy includes the Departments of Biblical Literature, Philosophy, Christian Education, and Theology. Practical as well as theoretical in scope, this division has certain immediate objectives which relate the specific aims of its departments to the general objectives of the College. Among these are the following: (1) to acquaint the student with the religious, cultural, and scriptural heritage of the Christian faith that he may be led to self-realization through a full commitment to Christ; (2) to help the student, through the various methods of thought, to arrive at the world view in harmony with both reason and revelation; (3) to help the student gain a sense of responsibility for evangelism and to apply Christian principles to the socio-economic and cultural problems of our day; (4) to prepare lay and ministerial students for a life of Christian service in the church and community; and (5) to prepare students for further graduate studies in their chosen fields.

## Faculty: Religion and Philosophy

J. OTTIS SAYES (1956)

*Professor of Christian Education;  
Chairman of Division of Religion and  
Philosophy; Director of Graduate  
Studies in Religion*

Th.B., 1944, Bethany Nazarene College  
B.D., 1947, Nazarene Theological Seminary  
M.R.E., 1951, D.R.E., 1955, Southwestern  
Baptist Theological Seminary

FOREST T. BENNER (1964)

*Professor of Theology; Chairman of  
Department*

B.S., 1951, Johns Hopkins University  
S.T.B., 1958, Temple University  
Th.M., 1960, Eastern Baptist Seminary  
Ph.D., 1966, Temple University

JOHN CULP (1978)

*Assistant Professor of Theology and  
Philosophy*

B.A., 1964, Greenville College  
M. Div., 1967, Asbury Theological Seminary  
M.A., 1969, Butler University  
Ph.D., 1978, Claremont Graduate School

WILLIAM W. DEAN (1972)

*Associate Professor of Religion*

B.A., 1950, Bethel College  
B.D., 1952, Asbury Theological Seminary  
Ph.D., 1965, University of Iowa

C. WILLIAM ELLWANGER (1977)

*Associate Professor of Theology*

Th.B., 1945, Olivet Nazarene College  
B.D., 1948, Nazarene Theological Seminary

KENNETH HENDRICK (1974)

*Associate Professor of Biblical  
Literature*

B.A., 1959, Olivet Nazarene College  
M. Div., 1962, Nazarene Theological  
Seminary  
Th.M., 1969, Midwestern Baptist Seminary  
D.Min., 1975, Midwestern Baptist Seminary

GEORGE LYONS (1977)

*Assistant Professor of Biblical  
Literature*

B.A., 1970, Olivet Nazarene College  
M.Div., 1973, Nazarene Theological Seminary  
Emory University

LESLIE PARROTT (1975)

*President of the College; Professor of  
Theology*

Th.B., 1944, Olivet Nazarene College  
M.A., 1948, Willamette University  
Ph.D., 1958, Michigan State University  
Post-Doctoral Certificate, 1974, Harvard  
University

LARRY REINHART (1979)

*Assistant Professor of Religion; Career  
Planning Counselor*

B.A., 1962, Olivet Nazarene College  
B.D., 1965, Nazarene Theological Seminary  
M.A., 1969, Olivet Nazarene College

WILLIAM WOODRUFF (1968)

*Associate Professor of Biblical  
Literature*

B.A., 1954, Ottawa University  
M.Div., 1958, Fuller Theological Seminary  
M.R.E., 1963, Asbury Theological Seminary  
M.Th., 1964, Asbury Theological Seminary

### Major (Religion): 42 hours

#### Required:

Theology 115 — Fundamentals of Christian  
Service

351 — History of Christianity

353, 354 — Systematic Theology

452 — Church Administration

455 — Homiletics

462 — Evangelical Perfection

470 — Evangelism and Missions

494 — Pastoral Care

496 — Field Training and Service

571 — History and Polity of the Church of  
the Nazarene

**Supporting courses:** (may overlap  
general education requirements)

Literature, 6 hours; Philosophy, 6 hours;  
Social Science, 6 hours; History, 6 hours;  
Christian Education, 4 hours.

Bib. Lit. 378 — Old Testament Prophets

466 — New Testament Writings

Psych. 101 — Introduction to Psychology

Speech, 3 hours

Speech 104 — Parliamentary Law

Music 377 — Music in Worship

In the General Education Requirements,  
Theology 223 and Biblical Literature 459  
are waived.

### Major (Theology): 42 hours

Required: Same as Religion including 6  
hours of International Relations or Foreign  
Cultures option in Group V of General  
Education requirements.

### Major (Religion and Philosophy): 35 hours

#### Required:

Theology 351 — History of Christianity

353, 354 — Systematic Theology

462 — Evangelical Perfection

Phil. 141 — Beginning Philosophical Systems

351 — Ancient and Medieval Philosophy

352 — History of Modern Philosophy

Ten additional hours of philosophy.

**Minor: 16 hours**

**Required:** Theology 351, 3 hours of upper division Biblical Literature, with additional courses to be approved by the Chairman of the Division.

**Course of Study for Ministers**

**Degree candidates are advised that the *Manual, Church of the Nazarene*, states the following minimum requirements for graduation from the Course of Study of ministers:**

Biblical Literature, 12 hours

Theology (including one semester of Doctrine of Holiness), 12 semester hours  
Homiletics, Practices, and Christian Education, 12 hours

Church History (including History and Polity of the Church of the Nazarene), 8 hours

Evangelism and Missions, 4 hours

English and Speech, 12 hours

Philosophy and Psychology, 9 hours

History and Social Science, 9 hours

Science, 3 to 5 hours

## Biblical Literature — 51

The aims of this Department are: (a) to lead students into an intelligent appreciation of the Bible as the foundation of our Christian faith and as an important factor in our civilization; (b) to give students a basic understanding of the organization and content of our English Bible, and to acquaint them with the principal persons and events involved in Biblical history; (c) to train students in a sound interpretation of the Bible, and to help them to make practical applications to Christian doctrine, experience, and life; and (d) to acquaint students, especially those who are preparing for the ministry, with the origin and literary history of the Bible and with some of the more important problems of Bible study.

**Major: 24 hours**

**Required:** 24 hours upper division Biblical Literature, including New Testament Greek 331, 332, but excluding 459 — Bible and Life.

**To be supported by:** Systematic Theology 353, 354. The General Education Requirement for 223 — Christian Doctrine is waived.

Philosophy, 6 hours, Literature 6 hours, History, 6 hours. One supporting course

must deal with the ancient and medieval period. Greek is required to fulfill the language requirement.

**At least two elective courses from:** Christian Education, Church History 351, Church Administration 452, Homiletics 455, History and Polity of the Church of the Nazarene 571.

**Minor: 16 hours**

**Required:** Courses approved by the Department Chairman to include at least 12 hours in upper division work.

**Courses**

**51-115 — English Bible. 5 hours.** A general education course designed to survey the backgrounds and contents of the books of the Old and New Testaments. Attention is given to significant persons, events, and major teachings. Required of freshmen.

**51-331, 51-332 — New Testament Greek. 3 hours each semester.** (Same as Greek 331, 332.)

**51-355 — The Books of Poetry and Wisdom. 2 hours.** A study of Hebrew poetry and the wisdom literature. Exegesis of selected Psalms and of portions of the other poetical books. Designed for general education.

**51-361 — Romans and Galatians. 2 hours.** A doctrinal and exegetical study of Romans and Galatians, with comparison of related passages in the other epistles. Attention is given to the principles of sound interpretation.

**51-362 — Christological Epistles. 3 hours.** An exegetical study of Ephesians, Philippians, and Colossians, involving a study of the Christian idea of salvation.

**51-378 — Old Testament Prophets. 5 hours.** A study of the contents, background and teachings of the major and minor prophets with exegesis of certain selected passages.

**51-459 — Bible and Life. 2 hours.** A general education course designed to crown the student's college career by relating the Bible to life and showing its influence upon various avenues of life, using it as a guide for everyday decisions. Special attention is given to the formulation of Biblical principles to meet life situations relating to its physical, social, educational, recreational, ethical aspects. Required of seniors.

**51-466 — New Testament Writings. 5 hours.** A study of the Pauline and General

Epistles including Hebrews. A doctrinal and exegetical study designed for Bible majors and ministers.

**51-473 — Synoptic Gospels. 3 hours.** A harmony study of the life and teachings of Christ as represented in the first 3 Gospels. Brief attention is given to the Synoptic problem.

**51-571 — Pentateuch. 3 hours.** A study of the historical and theological content of the Pentateuch. Special attention is given to the Mosaic legislation and the establishment of the Jewish nation.

**51-574 — Johannine Literature. 3 hours.** An exegetical study of the 5 books written by the Apostle John. Emphasis is laid upon the Gospel and the first Epistle.

**51-575 — Old Testament Historical Books. 3 hours.** A study of the content, background and teachings of the books of Joshua, Judges, I and II Samuel, I and II Kings, I and II Chronicles, Esther, Ezra, Nehemiah.

**51-600-699 — Graduate Level Courses.** Open to some seniors. See Director of Graduate Studies.

## Philosophy — 52

The objectives of the Department of Philosophy are:

1. To aid the student in developing and formulating a workable philosophy of life.
2. To aid the student in understanding the nature, methods, and value of philosophy.
3. To help the student in his search for reality, truth, and value.
4. To teach the student how to think cogently and soundly.
5. To cultivate in the student the facility of clear and perceptive language usage, both written and oral.
6. To provide for each student philosophical background and tools necessary for further study — for graduate work in philosophy, teaching, seminary, and active ministry.
7. To acquaint each student with the ideas of great historical thinkers in the world.
8. To provide for the student a world view which makes Christianity and "doing Philosophy" compatible.
9. To engender in each student a spirit of philosophy which is not only analytic and critical, but also creative and open-ended.

10. To guide the student to a level of maximum concreteness about all available human experience.

11. To unfold for each student the philosophical meaning of "Education with a Christian Purpose."

### Major: 26 hours

#### Required:

Philosophy 141 — Beginning Philosophical Systems

241 — Logic: Rules of Correct Thinking  
or 242 — Ethics: What Ought I to Do?

351 — Ancient and Medieval Philosophy

or 352 — History of Modern Philosophy

371 — History of 20th Century Philosophy

or 481 — Philosophy of Religion

491 — Epistemology

492 — Metaphysics

Nine additional upper division hours approved by the Departmental Chairman.

#### To be supported by:

History, 6 hours

English 363 — Greek and Roman Classics

Upper division English literature, 2 hours

Psych. 101 — Introduction to Psychology

Sociology 121 — Introductory Sociology

Upper division Theology, 6 hours (preferably Church History)

### Minor: 14 hours

#### Required:

Phil. 141 — Beginning Philosophical Systems

241 — Logic: Rules of Correct Thinking

or 242 — Ethics: What Ought I to Do?

351 — Ancient and Medieval Philosophy

or 352 — History of Modern Philosophy

Six additional upper division hours approved by the Department Chairman.

### Courses

**52-131 — Introduction to Philosophical Issues. 2 hours.** An orientation to basic philosophical issues for the student who does not wish to pursue further philosophical studies. An analysis of contemporary living issues for a "NOW" generation. (Not to count as prerequisite to upper division courses.)

**52-141 — Introduction: Beginning Philosophical Systems. 2 hours.** A systematic inquiry into the fundamental philosophical ideologies of ancient, medieval, modern, and contemporary periods. A deliberate attempt is made to establish a firm and secure ground for further studies in philosophy. (Required for

Majors and Minors in Philosophy and Religion.)

**52-241 — Logic: Rules of Correct Thinking. 3 hours.** An analysis of the logical use of traditional and symbolic language, its function, form, misuses, and significance, especially in connection with the deductive and inductive forms of reasoning.

**52-242 — Ethics: What Ought I to Do? 3 hours.** A theoretical study of the value principles by which men live; and investigation of the theories offered historically to such questions as "What ought man to do?" and "What is the good life?"

**52-243 — Aesthetics: What is Beauty and Art? 2 hours.** A philosophical and scientific study of (a) works of art, (b) the processes of experiencing art, and (c) certain aspects of nature and human production outside the field of art especially in connection with the concept of the "beautiful" in form and sensory qualities. Recommended for Fine Arts majors in lieu of Phil. 52-131 or 52-141.

**52-245 — Philosophy of Science. 2 hours.** A systematic investigation of the nature of science, its methods, presuppositions, logical structure and symbolic systems, its relations to value studies and historical context, and its empirical, rational, and pragmatic basis. (Recommended for Natural Science majors in lieu of Phil. 131 or 141.)

**52-351 — History of Ancient and Medieval Philosophy. 3 hours.** An historical survey of the principle ideas of the Greek philosophers, especially Plato and Aristotle, and the Medieval philosophers, especially Augustine and Aquinas. Prerequisite: 2 hours, excluding 52-131, or with instructor's consent. Recommended for Religion majors.

**52-352 — History of Modern Philosophy. 3 hours.** An historical survey of the principle ideas of the philosophers of the Renaissance, Continental Rationalism, British Empiricism, and the Nineteenth Century period of Ideology, with special emphasis given to Descartes, Locke, Hume, Kant, Hegel, and Schopenhauer. Prerequisite: 2 hours, excluding 52-131, or with instructor's consent.

**52-355 — History of Eastern Philosophy. 3 hours.** An historical survey of the principle ideas of ancient Indian, Chinese, and Jewish philosophy together with a development of more recent emphases on eastern thinking in Western civilization. ## Christian Education — 53

The opportunities of service for volunteer and paid, professional workers in Christian Education are multiplying. The demand for trained personnel is increasing for full-time directors of Christian Education in local churches, week-day school teachers, and

age-group directors. In addition, local churches need V.B.S. directors and workers, Sunday school teachers, youth workers, and Caravan workers.

The Department of Christian Education provides training to individuals who feel called to this type of work. Some will be full-time staff persons. Others will supplement their vocational training in this area to increase their Christian service effectiveness.

The Department seeks to (1) acquaint students with the fundamental principles of Christian Education, (2) offer a major for those who plan to devote full time to Christian Education, (3) offer a minor for students who wish to supplement their vocational training with some skills in Christian service, and (4) help majors meet *Manual* requirements for commission as ministers of Christian Education.

Majors in Christian Education are urged to take courses in music, business, radio, drama, speech, and art to increase their usefulness in the local church. For the minor in Church Music see the Department of Music.

## Theology — 54

The objectives of the Department of Theology are as follows: (1) to cultivate a fuller appreciation of the doctrines, and institutions of the Christian Church through a more adequate knowledge of their origin, development, and historical importance; (2) to emphasize the Arminian theology as interpreted by John Wesley and reconstructed by subsequent holiness movements, especially the Church of the Nazarene; (3) to train young ministers for effectiveness in preaching and efficiency in pastoral methods; (4) to acquaint the student with church government, especially the polity of the Church of the Nazarene; and (5) to inspire and train prospective pastors, evangelists, missionaries, and lay workers in effective methods of evangelism.

The course of study for licensed ministers in the Church of the Nazarene has been considered in the curricular planning of the Division of Religion and Philosophy. While required for ordination in the church, not all of these courses are necessarily included in the requirements for degrees. Students looking forward to ordination should be guided by their advisors in selecting courses needed for the completion of ordination requirements. See page 116.

**Major and Minor — Requirements are listed at the beginning of this Division.**

### Systematic Theology

**54-223 — Christian Doctrine. 5 hours.** A general education course involving a study of the fundamental doctrines of the church from a Biblical basis, as interpreted by the Church of the Nazarene. An attempt will be made to provide a background for further study and to

acquaint every study with the essential doctrines of the Christian faith with special emphasis given to the Doctrine of Holiness.

**54-353, 54-354 — Systematic Theology. 5 hours both semesters.** A general survey of the doctrines of the Christian Church in the light of their scriptural foundation, philosophical implications, and historical development. **54-470 — Evangelism and Missions. 4 hours.** A study of world evangelism with emphasis upon history and methods. Attention is given to the public and personal proclamation of the Gospel in revival and personal work both at home and abroad by the Church of the Nazarene.

**54-477 — Hymnology. 2 hours.** (Same as Music 477.)

**54-494 — Pastoral Care. 3 hours.** A study of the theory, principles, methods, and resources of an effective pastoral ministry to individuals and small groups as it relates to specific needs of people in various stages and circumstances of life. Special attention will be given to the pastor's ministry during human crises such as illness, pain and grief, marriage and family relationships, death, alcoholism, aging, inter-personal relationships. Attention will also be given to the techniques of pastoral calling in homes, counseling sessions and guidance.

**54-496 — Field Training and Service. 1 to 6 hours.** Prerequisites: Senior standing, approval by the committee on Ministerial Training and the completion of academic portion of the Ministerial Program.

**54-600, 54-699 — Graduate Level Courses.** Open to some seniors. See Director of Graduate Studies.

## Ministerial Certificate Program

The ministerial certificate program is designed to meet the needs of mature persons preparing for the ministry who do not qualify for admission to a degree program, or who otherwise find it impractical to pursue such a program.

While there are no formal academic requirements for admission to this program, students must complete the orientation program before registering for courses. Students in the College may transfer to this program only on the joint recommendation of the Scholarship and Admissions Committee and the Director of the program.

Credits earned in this program may not be counted toward a degree program. Work done will be marked S—Superior; G—Good; M—Medium; P—Poor; U—Unsatisfactory. Record of work taken may be sent to the District Board of Ministerial Studies to be applied on the Course of Study for Ministers as outlined in the *Manual* of the Church of the Nazarene.

The Certificate is awarded upon satisfactory completion of the 93-94 hours of work listed below.

## Accounting — 63

The purpose of the accounting major is to provide a broad background of accounting principles, practices and procedures to enable the student to prepare for accounting and management responsibility especially in the field of finance.

A major in accounting will also provide

the student with the courses required to sit for the CPA examination in any state. Successful completion of the major will include an emphasis on the theoretical knowledge necessary to pass the CPA examination.

At any point subsequent to Accounting 105, a student must have a minimum grade of "C" in each course to continue the accounting sequence. This does not mean that the student is out of the business curriculum; there are other options in business which may be followed. The student with a "D" grade gets credit but may not continue with advanced accounting courses. A course with a grade of "D" may be retaken once in accordance with the "Policy on Repeating Courses" listed in the chapter on **Academic Regulations**.

**67-354 — Principles of Home Management. 3 hours.** A study of the principles of managing the activities of the home, including the use of family resources to achieve goals.

**67-415 — Tailoring. 3 hours.** A study of tailoring techniques by construction of an ensemble, suit or coat. Prerequisite: H.E. 112 or 213, by permission. Lecture and laboratory.

**67-416 — Fashion Merchandising. 3 hours.** An overview of aspects of fashion merchandising — with an emphasis on career preparation — of the concepts and techniques needed to succeed in the field. The importance of the procedures involved in promotion, management and displaying of fashion. Prerequisite: H.E. 314.

**67-429 — Nutritional Biochemistry and Metabolism. 5 hours.** Same as Biology 488.

**67-438 — Food Chemistry. 4 hours.** Same as Chemistry 481.

**67-455 — Home Management Practicum. 3 hours.** Responsibility of solving problems involved in management of present day homes. Emphasis on food management, use of

equipment, and evaluation of projects. Laboratory. Prerequisite: H.E. 354.

**67-475 — Curriculum and Methods. 5 hours.** Development of effective teaching methods based on current educational trends. Curriculum planning, observations, and mini-teaching experiences planned for secondary and adult levels. Study of the philosophy and procedures for vocational, cooperative and occupational Home Economics programs. Three hours may apply toward the teaching major. The other two satisfy the special methods requirement in the Professional Education Sequence. Prerequisites: Psych. 101, H.E. 260, Educ. 249, 351. Taken concurrently with Educ. 480.

**67-486 — Supervised Student Teaching of Home Economics in the Secondary School. 8-12 hours.** Off-campus student teaching for 8 weeks under the supervision of an approved teacher.

**67-492 — Social Work Methods and Delivery of Services. 3 hours.** Same as Sociology 492.

**67-496 — Projects in Home Economics. 1 to 5 hours.** A student may select a special project as an individual field experience, research or study. Included are seminars in dietetic technician, field experience in child care, retailing and salesmanship, special experience in vocational schools, or a variety of creative crafts. The credit received depends on the time involved.

## Sociology and Anthropology — 68

JOSEPH F. NIELSON (1969)

**69-122 — Human Geography. 2 hours.** A course presenting the distribution of cultural elements of the human habitat and the principal ways man makes use of physical setting in which he lives.

Dr. C. William Ellwanger, former pastor and evangelist, is now one of the faculty members in the Religion Department, specializing in practical theology.

## **Division of Graduate Studies**

### **Statement of Purpose**

The Division of Graduate Studies attempts to fulfill the following general objectives in harmony with those set forth earlier in this catalog.

1. To provide an atmosphere which will stimulate intellectual curiosity and constructive critical thinking.
2. To develop an appreciation of current research and the value of research and an acquaintance with basic research techniques.
3. To strengthen the professional competencies of the individual in his area of specialization.
4. To develop an increased understanding of human nature and Christian values.

## History of Graduate Studies at Olivet

The Graduate Program of Olivet Nazarene College was authorized by the Board of Trustees in February, 1961, and the Graduate Council was appointed immediately thereafter by the President of the College. A Director of Graduate Studies in Religion had previously been designated.

The first graduate students were admitted in September, 1962. Preliminary accreditation for the Master of Arts with majors in Biblical Literature and Theology was granted by the North Central Association in August, 1965, for extension of preliminary accreditation to include the Master of Arts in Education degree with a major in Elementary Education in July, 1968 and to include a major in Secondary Education in August, 1973. A Director of Graduate Studies in Education was appointed and first graduate courses in Education were offered in the fall of 1968.

## Distinctive Features

Olivet Nazarene College offers graduate study in a Christian environment having a distinctively Wesleyan emphasis.

The location of the 150-acre campus in a growing community of Kankakee, Illinois, with a population of 55,000, near Chicago provides for excellent work opportunities, the cultural advantages of the large city and access to libraries of several universities and divinity schools.

The College library, housed in a modern air-conditioned building, has adequate holdings for graduate study in the fields in which majors are offered. An extension to provide additional stack space, an expanded curriculum center, and an instructional media center was completed in 1976.

Those on the Graduate Faculty come from many of the leading universities of the nation. They are chosen because they are especially concerned and eminently competent to teach at the graduate level, to assist students in research and other scholarly activities (at that level), and to participate in the Graduate Program planning and policy making.

## The Graduate Program

The Graduate Division offers courses leading to the Master of Arts degree with majors in Biblical Literature and Theology and the Master of Arts in Education with majors in Elementary Education and Secondary Education.

## Responsibilities of the Student

The graduate student is responsible for complete knowledge of all regulations and procedures as published in the *Catalog*. The student should take the initiative in seeing that required forms are completed and returned to the office of the Director of Admissions or the Chairman, Division of Graduate Studies. These include: admission forms, transcripts of former work taken, certificates of recommendation, admission to candidacy forms, acceptance of research option report, and any completed final examination required. The student is responsible for seeing that the graduation fee and the thesis binding fee are paid and that his cap and gown are ordered.

## Admission Procedures

Application forms for admission to Graduate Studies may be obtained from and must be filed with the Director of Admissions, together with official transcripts of all previous college work taken and certificates of recommendation, well in advance of the opening of the semester of summer session in which courses are to be taken. Admission status is determined by the Chairman, Division of Graduate Studies, according to the criteria below. Any deviation from the requirements or any subsequent changes in admission status must be approved by the Graduate Council. Admission to graduate study does not constitute admission to candidacy for the Master's degree.

### 1. Regular Admission

The requirements for admissions to graduate study leading to the Master's degree with a major in Biblical Literature, Elementary Education, Secondary Education or Theology include:

1. A Bachelor's degree from an accredited college or university.
2. A grade point average of 2.5 (based on a 4.0 grading system).
3. Ability to successfully pursue graduate work (as evidenced by transcripts and certificates of recommendation from former instructors and professional supervisors).
4. Moral character consistent with attendance at a Christian college (as evidenced by certificates of recommendation).
5. Additional requirements as may be deemed appropriate by the individual departments offering the graduate degree to insure a highly qualified student body. See departmental graduate curriculum for specific requirements of the several departments.

### 2. Conditional Admission

A student who does not meet regular admission requirements but who desires to pursue work leading to a Master's degree at Olivet may, in some cases, be permitted to enroll conditionally in a limited number of graduate courses. Regular status may be obtained after removal of deficiencies and/or after acceptable work at Olivet of not less than eight semester hours at the graduate level. In either case an application for removal of conditional status, together with required supporting evidence, shall be submitted to the Chairman, Division of Graduate Studies. If the application is approved, the applicant will be so notified and may continue in the program.

### 3. Special Admission

A student who does not plan to become a candidate for the Master's degree in this institution, but who wishes to take work for graduate credit as a special graduate student may do so by submitting all application forms for admission and meeting the following requirements:

- (1) A Bachelor's degree.
- (2) Ability to do graduate level course work as evidenced by transcripts and recommendations.
- (3) Moral character consistent with attendance at a Christian college. Recommendations as required by the college Office of Admissions must be furnished.

- (4) Other requirements as stated in the departmental graduate curriculum section of the bulletin.

A student admitted by special admission is not expected to pursue a program leading to a degree at Olivet Nazarene College. Should he so desire later, an application for change of status must be submitted to the Chairman, Division of Graduate Studies, approval obtained, course work evaluated, and regular steps in the graduate program followed. Credit earned as a special student is not automatically applied toward degree requirements. No more than nine semester hours of credit earned as a result of special admission may be applied towards the credit requirements for the Master's degree.

#### **4. Senior-Graduate Admission**

A senior who is within the last semester of completing the course requirements for the baccalaureate degree or other person who has not earned the baccalaureate degree and who:

- (1) is of good moral character as evidenced by pastor's and friend's or associate's recommendations or current undergraduate registration at Olivet Nazarene College,
- (2) seemingly is able to do graduate work as evidenced by transcripts may, with the approval of the Chairman, Division of Graduate Studies, register for two graduate courses per semester. A petition for additional hours or course work may be submitted to the Director of Graduate Studies for approval by the Graduate Council. To obtain regular graduate status after having been granted the Bachelor's degree, the student must follow regular graduate admission procedures. Senior-Graduate students may take courses to fill out undergraduate needs, for certification, for enrichment, or for future use in the graduate program. However, graduate courses cannot be taken to count for both undergraduate and graduate.

NOTE: The college offers some courses numbered 500 which are open to both seniors and graduate students. Seniors may take these courses without Senior-Graduate standing and without special permission of the Graduate Office.

#### **Assignment of Adviser**

The applicant for admission to graduate study will be notified of the action taken on his application. If regular or conditional admission is granted, a faculty adviser will be appointed. For other types of admission, the Chairman, Division of Graduate Studies will be the adviser. The student should work closely with his adviser in planning a graduate program which recognizes the student's aims and needs. The adviser's approval is required for all work done to meet degree requirements.

#### **Graduation Requirements**

The Master of Arts degree requires the completion of 30 graduate semester hours, including credits, if any, earned for the thesis or other scholarly paper option, with an average grade point of 3.0 or above.

The Graduate Record Examination must be taken by candidates for the Master of Arts in Education degree.

Admission to Candidacy for the degree must be approved by the Graduate Council.

The student is expected to submit three copies of a thesis or other scholarly paper meeting standards set by the college. Details may be obtained from the Director of Graduate Studies.

Any required written comprehensive examinations, and any required oral examination relative to the thesis or other scholarly paper must be completed at least two weeks before graduation. Proper forms must be filed with the appropriate Chairman, Division or Graduate Studies.

See departmental graduate curriculum for specific courses and other requirements of the several departments.

## **Second Master's Degree**

A graduate student who already has a graduate degree from Olivet may earn a second degree at Olivet by meeting all admission requirements and fulfilling all degree requirements which are unique to the appropriate program.

In no case will such second degree be granted until 18 additional semester hours of graduate credit beyond the first Master's degree are earned.

A second major, if offered under the same degree, may be earned by satisfying all additional requirements for that degree.

## **Time Limit and Student Load**

For completion of the degree requirements, the student is allowed a time limit of six years from the beginning of the first graduate course at this institution. Course work taken more than six years previous to completing degree requirements may be updated and validated by examination.

The maximum course load during any semester is 15 semester hours and during the regular summer session is 9 semester hours. A graduate student who works full time with a stated wage or salary rate shall ordinarily be limited to carrying 3 to 6 hours of credit depending on whether his grade point average is below 3.5 or above 3.5, respectively. Petitions for exception to this restriction may be made to the Chairman, Division of Graduate Studies, who shall approve or disapprove the petition. A student will be considered a full-time student if he carries nine semester hours during the semester or six semester hours during the summer sessions.

## **Scholarship**

Graduate students must earn an average of 3.0 or above on all work credited toward the degree requirements. No more than six hours of "C" work can be counted toward the degree. Transfer credits with a grade below "B" will not be accepted.

## **Residence and Transfer Credit**

Six semester hours of graduate credit, if a grade of A or B has been earned, may be transferred from accredited schools to apply towards the required 30 hours. The Graduate Council, in special cases upon petition by the graduate

student, may authorize acceptance of additional transfer credits. Extension and correspondence course credits are not ordinarily accepted for transfer. A student required to make up an undergraduate deficiency cannot count these hours toward the number required for the degree. For minimum residence requirements see departmental requirements.

Transfer credits are accepted and recorded on the Graduate Permanent Record Card only upon or after Admission to Candidacy and after approval by, and notice from, the Graduate Office.

## **Changes in Registration**

Policies relating to changes in registration and withdrawal are stated in the Catalog, Chapter 6, Academic Regulations.

## **Admission to Candidacy**

Admission to graduate study does not constitute admission as a candidate for the Master's degree. Admission as a candidate for a degree is based on evidence that the applicant possesses the ability to complete the proposed program. After completing 9 semester hours with a 3.0 average or better and, in some departments after taking the aptitude and advanced tests of the Graduate Record Examination (G.R.E.), the student must file a petition for admission as a candidate for the Master's degree.

The proper forms may be secured from and must be filed with the Director of Graduate Studies before completing 12 semester hours. A program of study leading to the degree must be included.

See departmental graduate curriculum for specific requirements of the several departments.

## **Graduate Committee**

The faculty adviser appointed for each student will assist the student in the selection of a topic and the preparation of the thesis or other scholarly paper. The adviser must approve the title.

Following admission to candidacy, a graduate committee of three will be appointed for each student, consisting of his adviser (or person named by him) as chairman, one member from the division in which the student's major work is being done, and one member from outside the division. This committee will pass upon the quality of the thesis or other scholarly paper; it will administer any written or oral comprehensive examinations which may be required; it will assist the candidate in completion requirements for the degree. For specific information relating to examinations, if any are required, see the graduate major below.

## **Thesis or Other Scholarly Paper**

Each candidate for the Master's degree must show evidence of scholarly interest and proficiency by registering for (see course descriptions) and satisfying the requirements of one of the following four research options:

- A. THESIS: Presentation of a thesis demonstrating ability to do independent research and report the same. 3-5 semester hours credit.

- B. SEMINAR PAPER: Presentation of a seminar or research paper demonstrating ability to present, support and defend a position or hypothesis. This will be both written and oral. 2-3 semester hours credit.
- C. CREATIVE PROJECT: Presentation of a creative project demonstrating ability to do creative thinking and report the results. 2-3 semester hours credit.
- D. COURSE PAPERS: Presentation of three graduate course papers demonstrating ability to do critical thinking and formal writing. At least two of these papers should be in student's concentration area. 0-1 semester hours credit.

W. G. Campbell's *Form and Style in Thesis Writing* is the official standard for the composition of the research report, along with mimeographed materials available in the graduate office. For May graduation, the final draft of the thesis or scholarly paper is due no later than April 25. Detailed requirements for filing of the thesis or other scholarly paper may be obtained from the Graduate Director.

Burke Administration Building houses the principal offices of the college as well as four floors of classrooms.

# Master of Arts in Education

**Faculty:** Jack Furbee, Billie Matheny, Otho Jennings, Marjorie Mayo, Sara Spruce, Harry Westfall

## Purpose

**Elementary Education:** The basic purpose of the program leading to the Master's degree with a major in Elementary Education is to augment the preparation of experienced elementary school teachers. There are areas in the preparation of almost every teacher that can be supplemented and strengthened. Expectancies relative to performance levels increase. Innovative practices of some merit are being proposed rather regularly.

The program at Olivet Nazarene College is designed to aid the experienced classroom teacher at the elementary level to be a better teacher through the strengthening of areas of specialization, through the gaining of a better understanding of the teacher's task, and/or through maintaining current contact with reported research results and with innovative practices that seem to show merit.

**Secondary Education:** The purposes of the program leading to the Master's degree with a major in Secondary Education are:

- (1) to recognize and foster scholarship through the media of post-baccalaureate instruction, seminars, and research;
- (2) to develop professional skills and competencies in a field of concentration;
- (3) to allow for the completion of selected professional credential programs;
- (4) to encourage the acquisition and development of thorough techniques of research;
- (5) to develop a deeper understanding of ethics and values from the Christian perspective;
- (6) to enable the graduate student to further his education, improve his ability to do critical thinking, and relate himself more effectively to other persons through programs of instruction leading to the Master of Arts in Education.

**A Special Teacher in Reading** emphasis is available in the graduate program for teachers.

## Special Requirements

All general requirements must be met. In addition, the following special requirements in Education must be fulfilled:

**Undergraduate Preparation.** Undergraduate preparation which approximates the teacher education program at Olivet and eligibility for a standard elementary teaching certificate or secondary subject matter teaching certificate are required for regular admission. Deficiencies, if they exist, must be removed by prescribed course work before regular admission is granted. Three years of successful elementary or secondary teaching experience and eligibility for the respective standard certificate may be used to clear part or all of the deficiencies

in the undergraduate program requirement. This must be discussed with and approved by the Chairman, Division of Graduate Studies.

**Admission.** An official transcript of grades from each institution previously attended and the names of four references, one each from a professor and a professional supervisor and two of which shall be character references, are to be submitted with the application for admission. If no graduate education course has been taken within one year, the student must contact the Chairman, Division of Graduate Studies, about readmission.

**Admission as Degree Candidate.** To qualify for admission to degree candidacy, the applicant must have taken and obtained a satisfactory score on the Graduate Record Examination, and approval by the Graduate Council of admission as degree candidate must be secured. A course of study must be approved by the Chairman, Division of Graduate Studies, prior to admission to candidacy. Currently, Olivet is a regional center for the G.R.E. administration in December and April. A local administration is available in June if demand is sufficient.

**Residence.** A student must fulfill a residence requirement by carrying at least a minimum full-time load in either one semester (9 hrs.) or one summer session (6 hrs.).

**Degree.** Degrees are awarded only at the commencement following the completion of all requirements. However, "all requirements completed" and the date are put on the permanent record card, and official certification is available when all requirements are completed.

## Distribution of Curricular Requirements

A total of 30 semester hours of credit with an average grade of B and with no more than six hours of C are required for the Master of Arts in Education. Distribution of the 30 hours shall be as follows:

Education Foundations (Education 610, 611, 615)	9 hours
Education Majors	12 hours**
either Elementary Education*	
Education 620 and 9 hours selected from Education 525, 573, 624, 634, 672, 680, 690, 693, 695, 697, 699, or from subject matter courses approved by the adviser. One professionalized subject matter content course must be included in the 9 hours.	
or Secondary Education Teaching Field	
Courses are to be selected from Natural Science 520, 540, 560, 681, and any Science or Mathematics courses numbered 500-699. At least one course in each of two departments must be included.

<b>TOTAL</b>	<b>30 hours</b>

\*The Elementary Education major requires 6 hours of non-education courses selected from among the following: 32-670, 52-673, 66-665, 13-667, 68-671.

\*\*A Scholarly Paper Option of from 0-5 hours must be included in either the 12 or the electives.

# Master of Arts in the Field of Religion

**Faculty:** Forest Benner, John Culp, William Dean, Kenneth Hendrick, George Lyons, Leslie Parrott, Ottis Sayes, Willis Snowbarger, William Woodruff

## Purpose

The graduate program in Religion, in harmony with the purposes of the College, has as its objective the training of young people at the graduate level for full-time service in the church as ministers, missionaries, and teachers of religion in the various institutions of the church.

In fulfillment of this objective, a curriculum is offered with the intent of (1) acquainting the student with the concept of Biblical evangelism in its world-wide aspect; (2) developing an understanding and appreciation for the standards of evangelical Christianity, especially in the Wesleyan tradition; (3) enabling the student to become proficient in the more technical aspects of Bible study, thus qualifying him to serve well as Bible expositor; (4) instilling within the student a discernment of contemporary issues in the world today as they relate to theological doctrines and the mission of the church; (5) developing professional competence in the techniques of research.

## Special Requirements

All general requirements must be met. In addition, those seeking admission to the M.A. program in Religion must have completed a minor in Religion at the undergraduate level. Ten to twelve semester hours of Greek or Hebrew are required for those seeking admission to the Biblical literature major.

## Distribution of Curricular Requirements

### 1. Core Requirements for

Biblical Literature and Theology Majors

601 — Old Testament Theology	3 hours
602 — New Testament Theology	3 hours
603 — World Missions	3 hours
597 — Research Methods and Bibliography	2 hours
699 — Thesis	4 hours
or Seminar Paper	1 hour*

Courses outside the Major or Core selected from  
among the following:

32-670, 52-673, 66-665 13-667, 68-671	6 hours
---------------------------------------	---------

\*When choosing this option, one has an additional 3-hour elective.

### 2. Concentration Areas

9 hours

Biblical Literature Major  
Theology Major — Doctrine, Ministry

# Course Descriptions

Courses numbered 500 to 599 are open to both senior and graduate students. Courses numbered 600 to 699 are open only to those who have been admitted to graduate study. Senior-graduates may register for 600 series courses.

## Education

Education courses with numbers ending in 00-19 are special foundation courses, 20-39 are basically for elementary teachers, 40-59 are basically for secondary teachers, 60-79 are for both elementary and secondary, 80-90 are workshop or institute type courses, and 90-99 are independent study, scholarly options, or other advanced study type courses.

**525 — Diagnosis in Reading. 3 hours.** An overview of the basic principles, nature, causes and diagnoses of reading difficulties. Included in the course is information to help teachers translate diagnostic information of disabled readers into corrective methods for instructional practice. Other focal areas include: factors influencing a student's reading development, group and individual diagnosis, current research in identifying children with perceptual, visual, or auditory problems, and improvement of corrective reading skills. Prerequisite: Education 357.

**561 — Statistics. 4 hours.** This course is the same as Education and Mathematics 341. In addition to the computational problems assigned, graduate students will do some readings from educational journals. Some additional problems, particularly in probability, will be assigned to those taking the course for mathematics credit.

**562 — Measurement and Evaluation. 3 hours.** Review of the basic principles of measurement, practice in evaluation, administering and interpreting results of measures of achievement, general and special abilities, personality and interests. Individual projects in measurement and evaluation will include summarizing the evaluation procedures of special education procedures for the different areas of exceptionality, study of instruments used in assessing exceptional children, and working under the supervision of one special education teacher in a practicum experience during the semester.

**576 — Survey of Exceptional Children. 3 hours.** An overview of exceptionality: gifted, health impaired, mentally retarded, physically impaired, socially maladjusted, learning disability, and emotionally disturbed. These will all be studied. The psychology of exceptionality will be used as a basis for consideration of each area. Practitioners in these special education areas will make presentations from their respective field of expertise.

**610 — Philosophy of Education. 3 hours.** Identification of underlying philosophical problems in Education and use of philosophical method in working toward solutions of these problems. A study of leading theories of education to illustrate philosophic method and to assist the student in developing a personal philosophy of education in a Christian setting.

**611 — Methods of Educational Research. 3 hours.** Critical analysis of reported research. Basic methods of research: historical, normative, and experimental. Practice in choosing a research problem; designing a study; collecting and interpreting data; and reporting research.

**615 — Advanced Educational Psychology. 3 hours.** Theory and applications in human learning, including reference to such topics as activity, attention and reinforcement, types of learning, recall, extinction, forgetting and relearning, transfer of training; ability in relation to programmed learning; measurement; human relations in education. A brief overview of development and some attention to individual differences.

**620 — Modern Trends in Elementary Education. 3 hours.** A study of innovations and research in elementary education. An attempt to evaluate and improve the learning experiences in today's elementary schools.

**624 — Remediation in Reading K-12. 3 hours.** Appraisal of reading difficulties, with emphasis on administration and interpretation of various diagnostic reading tests; treatment of reading problems.

**626 — Seminar on Elementary Curriculum. 3 hours.** Basic principles relative to patterns of elementary school curricula and criteria for their evaluation; a study of approaches for initiating and implementing curricular change.

**628 — Clinical Reading Practicum. 1-4 hours.** Activities will include critical analy-

sis of reading research reports: surveying tests in Buros-Reading Tests in Print; proficiency in the knowledge and selection of tests and their use; administer tests to students; collect, analyze and interpret data; prescribe reading instruction; and evaluate results. Prerequisite: Educ. 624.

**640 — Current Innovative Practices and Thoughts in Secondary Education.** Study of basic concepts, modern developments and research which might serve to improve learning experiences in today's secondary schools.

**672 — Instructional Media. 3 hours.** Selection, evaluation, and use of various audio-visual and other sensory materials and techniques; a broad overview of the instructional media field, including materials and equipment.

**680 — Workshops and Institutes with Graduate Credit Option. Hours Arranged.**

**690 — Independent Study. 1 hour.** Special topics, not ordinarily covered in or listed courses, proposed by the graduate student and approved by the Graduate Council and the Academic Dean.

**693 — Three Course Papers. 0-1 hour.** See Scholarly Paper Option D. To earn 1 credit the 3 papers must be merged into chapters of one coherent scholarly paper. The student taking this course usually meets with Education 611 or 697.

**695 — Creative Project. 2-3 hours.** See Scholarly Paper Option C. The creative project represents a prepared report of a creative solution to some problem in Education. The report is basically a description of the solution preceded by a statement of the need and the rationale for the project and followed by an evaluation and/or procedure for evaluating the project. The student taking the course usually meets with Education 611 or 697.

**697 — Research Seminar. 2-3 hours.** A seminar course in which a student presents and defends by research a position. Scholarly Paper Option B.

**699 — Thesis. 3-5 hours.** Credit given upon completion and acceptance of a thesis. The student taking this course makes progress reports in the Education 611 or 697 class. Scholarly Paper Option A.

## Religion Core

**597 — Research Methods and Bibliography. 2 hours.** A survey of the principal

methods of research employed in the study of religion and the use of the library. Each student will be guided in the selection and compilation of a bibliography to be used in research projects. The Thesis or Research paper is usually begun in this course.

**601 — Old Testament Theology. 3 hours.** A core graduate course surveying the Old Testament from the standpoint of its theological teaching from both an Exegetical and a Theological perspective. Emphasis is laid upon God, man, sin, salvation, the messianic hope, and the idea of holiness and ethics as seen in the various epochs and types of literature, and its progress in the understanding of these doctrines.

**602 — New Testament Theology. 3 hours.** A core course surveying the basic doctrines of the New Testament from both an Exegetical and Theological perspective. Special emphasis is placed upon Pauline and Johannine Theology, the doctrines of God as Creator and Redeemer. The atonement of Christ, the new life in Christ, the nature of the church, and the Christian hope are explored.

**603 — World Missions. 3 hours.** A study of the history, administration, and problems of missionary activity in its world-wide aspect. Special thought will be given to the Department of Home and World Missions. Audio-visual aids of mission fields will be used.

**698 — Research Paper. 1 hour.** 1 hour of credit is given for the acceptance and completion of a research paper begun in 597.

**699 — Thesis. 4 hours.** 4 hours credit given upon completion and acceptance of a thesis.

## Biblical Literature

**571 — Pentateuch. 3 hours.** A study of the historical and theological content of the Pentateuch. Special attention is given to the Mosaic legislation and the establishment of the Jewish nation.

**574 — Johannine Literature. 3 hours.** An exegetical study of the 5 books written by the Apostle John. Emphasis is laid upon the Gospel, the First Epistle, and Revelation.

**651 — Biblical Introduction. 3 hours.** An introduction to advanced Bible Study. The critical problems of the canon and text are considered. This leads to a discussion of the composition, authorship, date, and purpose of each book.

**652 — Biblical Interpretation. 3 hours.** The historical development of hermeneutics is explored. The principles of sound Biblical Inter-

pretation are carefully studied and applied to the exegesis of selected portions from both the Old and New Testaments. The grammatical, historical, and theological methods are stressed.

**653 — Biblical Archaeology. 3 hours.** A study of the outstanding achievements of archaeology and their bearing on the historicity and integrity of the Bible. Particular emphasis will be laid on the recent discoveries in Palestine and the new techniques being employed. Several short papers will be required.

**655 — Seminar in Biblical Studies. 3 hours.** Some exegetical studies of particular subjects with a particular emphasis such as Biblical Ethics, Advanced Apostolic History, and teaching Holiness in the Pauline Epistles. A new emphasis will be given each time the course is offered.

## Theology — Doctrine

**651 — History of Christian Thought. 3 hours.** An analytical examination of philosophical backgrounds and developing theological concepts of the Patristic Period.

**652 — History of Christian Thought. 3 hours.** A critical examination of the thought of the major Protestant reformers, followed by a study of the development of the Pietistic and Wesleyan traditions.

**655 — Wesleyan Theology. 3 hours.** A study of the life and thought of John Wesley and his contemporaries with special emphasis upon those doctrines which are distinctively Wesleyan: the witness of the Spirit, and Christian perfection.

**660 — Doctrine of Man and Sin. 3 hours.** A study of the pre-fallen, fallen, and post-fallen man from the standpoint of the Christian religion, with special emphasis upon the nature of sin and evil in which man finds himself.

**661 — The Person and Work of Christ. 3 hours.** An examination of Christology from both the standpoint of Scripture and Theological interpretation. A thorough-going inquiry into the various doctrines of the atonement and an examination of the role of the Theanthropic Person in the redemption of a fallen world.

**669 — Doctrine of God. 3 hours.** Concepts of God surveyed in the works of some of the following: (a) Plato, Aristotle, Augustine, Aquinas, Descartes, Leibniz and Spinoza; (b) Locke, Berkeley, and Hume; (c) Whitehead, Dewey, Ames and Farley; (d) Niebuhr, Tillich, Heim,

Hartshorne and Wieman; (e) Brightman, Knudson, Wiley and Curtis.

**551 — History and Philosophy of Religious Education. 3 hours.** The history of religious education as seen in the Old and New Testaments, church history, and modern time. An interpretation of the philosophy and significance of religious education in the growth and development of the Christian religion. Current major theories of religious and secular education compared with Scriptural principles, formulation of a personal philosophy of religious education.

## Theology — Ministry

**571 — History and Polity of the Church of the Nazarene. 3 hours.** A survey of the major types of evangelical church polity in their historical development, will lead to an exhaustive study of the *Manual* of the Church of the Nazarene. The history of the denomination will be carefully surveyed.

**671 — Advanced Expository Preaching. 3 hours.** A study of great expository sermons, and the building and preaching of expository sermons in class. Efforts will be made to utilize video-tape for self-improvement.

**673 — Religious Leadership. 3 hours.** A study of the definition, principles, and qualities of leadership. Biographies of great leaders of the Bible and great religious leaders of church history, churchmen, evangelists, and missionaries, will be studied. Group dynamics, enlistment, and development of leaders will be considered.

**675 — Seminar in Practical Theology. 3 hours.** A study of the minister and his ministry. This course will include practical pastoral theology, ethics, and general problems as they relate to Christian ministry as now defined in its largest concept to include all forms of ministry.

**677 — Seminar in Christian Education. 3 hours.** A seminar designed to cover the needs and interests of the advanced student in Christian education. Curriculum, methods, media, administration on an advanced level will be considered. The problems of church, school and society may be included.

A study of the rise of romanticism in Europe, stressing the works of Rousseau, Hugo, Goethe, Schiller, Kant, Schopenhauer, and Wagner, followed by an investigation of the nature and rise of realism and Russian literature, emphasizing the work of comparable men.

**Math 624 — Modern Mathematics for Elementary Teachers. 3 hours.**

The arithmetic of sets; cardinal and ordinal numbers; operations on sets and cardinal numbers; numeral and systems of numeration; development of number systems; topics from number theory; topics from geometry; structural aspects of mathematics.

**Philosophy 673 — Philosophic Systems of the World. 3 hours.**

A survey of the philosophical systems of India, China, and the Western civilizations. Comparisons will be made pointing out similarities and differences in an attempt to understand the principles underlying these philosophies. Basic assumptions and pre-suppositions will be analyzed and evaluated. The Christian philosophy will be stressed.

**Political Science 665 — Problems in International Relations. 3 hours.**

Selected subjects such as theories of international relations, nationalism, the nuclear revolution, underdeveloped nations, international morality, and the United Nations examined. On occasion, certain regional problems will also be included.

**Psychology 667 — Personality Fulfillment and Ills. 3 hours.**

The study of personality: its nature and development and its dynamics. It will focus primarily on the dynamics of normal behavior — integration, adjustment mechanisms, motivation, and mental health. Psychological pathology will be treated briefly, along with some contemporary diagnostic and treatment methods. Depth studies will be conducted by the students in specific areas, affording opportunity for research and writing.

**Science (Interdisciplinary) 520 — Oceanography. 3 hours.**

The oceans: their physical, chemical, biological, and geological characteristics, with a discussion of their history.

**Science (Interdisciplinary) 540 — Paleontology. 4 hours.**

A study of ancient life as revealed in the fossil record: invertebrates, vertebrates, plant and man. Taxonomy, paleoecology, and environmental interpretation will all receive emphasis. Field trips. Prerequisite: a course in Biology or Geology.

**Science (Interdisciplinary) 560 — Topics in Environmental Science. 3-4 hours.**

An interdisciplinary approach to man's environment, emphasizing chemical, physical, biological and geological solutions for problems such as

air, water, and solid waste pollution, urban development, natural resource depletion, recycling. Field trips.

**Science (Physics) 587 — Atomic Physics. 3 hours.****Science (Physics) 588 — Nuclear Physics. 3 hours.****Science (Interdisciplinary) 680 — Elementary Science Workshop: ESS.****Science (Interdisciplinary) 685 — Elementary Science Curriculum: ESS.****Science (Interdisciplinary) 686 — Elementary Science Supervision.****Science (Interdisciplinary or Departmental) 690 — Independent Study. 1 hour.****Science (Interdisciplinary) 698 — Research Paper. 1 hour.**

Oral presentation and defense of a research paper.

**Science (Interdisciplinary or Departmental) 693, 695, 697, 699 — Scholarly Paper Options. 0-5 hours.**

Same as Education 693, 695, 697, 699 except in Science departments.

**Science (Biology) 646 — Topics in Biology. 1-4 hours.**

2 general types of topics are included — subject matter areas needed to strengthen the teacher's background, and recent problems and developments in biology. The lectures, laboratories, papers, and projects are especially suited to the needs of teachers. May be repeated.

**Science (Chemistry) 646 — Topics in Chemistry. 1-4 hours.**

For description see Biology 646.

**Science (Earth and Space Science) 646 — Topics in Earth Science. 1-4 hours.**

For description see Biology 646.

**Science (Mathematics) 646 — Topics in Mathematics. 1-4 hours.**

For description see Biology 646.

**Science (Mathematics) 650 — Current Trends in Mathematics Education. 3 hours.**

For description see Biology 646.

**Science (Physics) 646 — Topics in Physics. 1-4 hours.**

For description see Biology 646.

**Sociology 671 — Approaches to Community Analysis. 3 hours.**

A survey and analysis of community organizations and function. The forces, resources, problems, institutions, and groups of significance are considered. Attention is directed to the overall social structure and function of the community as it is affected by the existing economic, political, religious, educational, and ethnic influences.

## Division of Continuing Education

The Division of Continuing Education was organized to serve those members of the college clientele who are not in the typical 18-22 age group or whose educational needs are different from those for which the traditional baccalaureate or graduate degree programs were designed.

The division works closely with the Dean of the College and the Director of Graduate Studies in matters related to credit courses and faculty assignments.

### The Institute for Church Management

This continuing education program is intended to provide training in church management for pastors with experience in the pastoral ministry. The Institute will create a fellowship of learning experiences for pastors in an academic setting in which they may analyze the interrelationship between normative theological training and practical managerial techniques.

Three seminars a year will be offered on campus in September, January and June in which the pastors will have concentrated studies with a variety of expert speakers. The week will include fifty hours of classes and discussion groups.

Work relating to these seminars will be assigned for home study between the seminar. In addition, cluster interaction groups will meet in convenient locations with one or more professors as group leaders. The cluster group is designed to review the interim work and discuss relevant topics.

The courses include: 501 — Preaching that Communicates; 502 — Group Dynamics; 503 — Church and the Family; 504 — Pastor and Church Finances; 505 — Renewing Revival; 506 — Self Development; 507 — Multiple Groups; 508 — Expository Studies.

Additional information is published by the Director of the Institute for Church Management at Olivet, Dr. Joseph Nielson, under the Division of Continuing Education.

Dr. Harold John Ockenga, president of Gordon-Conwell Seminary near Boston, was one of the speakers last year at the Institute for Church Management.
